Washington, D.C. 20220

Dear Mr. Mongoven:

The Albuquerque Tribune submits this formal request that the U.S. Treasury Department make available for examination by The Tribune any and all files on investigations or reports surrounding reported finds of gold bullion or other treasure trove on the White Sands Missile Range in New Mexico.

This would include:

Any investigations in the 1930's and 1940's of the activities of Milton E. (Doc) Noss, reputed gold bullion finder, in the San Andres and/or Caballo mountains in south central New Mexico.

Any investigation of the fatal shooting of M.E. (Doc) Noss at Hatch, N.M., on March 4, 1949, and disposition of any metal bars or other Noss personal property seized at that time.

Any investigations surrounding reported finding of gold bars on the White Sands Missile Range in November, 1957, by Capt. Leonard V. Fiege of Holloman Air Force Base.

Any reports on Treasury Department participation with the U.S. Army and other government agencies in mining or exploration activities at Victorio Peak in the White Sands Missile Range in September and October, 1961.

Any investigations of gold bullion finds on the White Sands Missile Range claimed by a group of about 50 persons who are represented by attorney F. Lee Bailey of Boston, MA.

Dear Sir,

I am a correspondent for PEOPLE MAGAZINE and under the Freedom of Information Act I request to be sent as quickly as possible certain records under your control.

Background:

1. On 11 April,1938, Hubert Heath, editor of the HOT SPRINGS (N.M.) HERALD wrote to the intelligence division of the U.S. Treasury reporting that gold had been seized from one Milton Ernest "Doc" Noss of Hatch, N.M., by the New Mexico State Police.

2. On July 17,1939, a letter was received by the U.S. Mint, Washington D.C. from Mrs. M.E. Noss inquiring as to the legality of owning gold.

3. On March 5,1949, M.E. Noss was shot to death at Hatch,N.M. and, according to Dona Ana County (N.M.) probate records "due to circumstances of cause of death of said Milton Ernest Noss. the U.S. government, Secret Service Department, seized all personal property for the purpose of investigation, James W. Hirst, Albuquerque, N.M., agent."

Since then various agencies of the Treasury Department have compiled information concerning an alleged discovery of gold treasure at a site near Hatch, New Mexico; said site being designated on maps as "Hembrillo Springs" and referred to currently in the media as "Victorio Peak". It is within the present boundaries of White Sands Missile Range.

Accordingly, I request to be sent all letters, memos, reports, records, receipts and any and all other documents pertaining to the subject of the Noss gold; and pertaining to the following related subjects and invidivuals:

1. Milton Ernest Noss, deceased.
2. Ova Noss, his ex-wife, now resident of Clovis, N.M.
3. Violet Noss Yancey, his widow, now resident of Fort Worth,Tex.

4. Harvey Snow, postal workers, Tularosa, N.M.
5. Willie Daught, formerly of Hot Springs (a/k/a Truth or Consequences) N.M.

6. Communications between John Ehrlichman, White House assistant, and Ron Brooks, U.S. Treasury Department, relative to White Sands gold; said communications are believed to have commenced in or about March,1973.

7. Communications between Ron Brooks, U.S. Treasury Department, and F.Lee Bailey, attorney for gold claimants; said communications are known to have commenced in March,1973.

8. Fred Drolte, formerly of Dallas, Texas, now of El Paso Texas.

9. Leonard Fiege, former Army officer ~~xxxxxxx~~ stationed at White Sands in 1961 where he claimed to have found gold.

10. Sigmund ~~Gxxxxxxx~~ Gasiewicz, former Army officer attached to adjutant general, White Sands,1961.

11. Records pertaining to Army personnel mining gold at White Sands in 1961 and 1962.

12. Victorio Peak gold.

13. White Sands Missile Range gold.

The above documents were and believed are possessed by the following Treasury Department agencies:

a. Office of the Treasurer.
b. Intelligence Division, U.S. Treasury.
c. U.S. Secret Service.
d. Bureau of Mint.
e. Office of Domestic Gold and Silver Operations (now defunct). OASIA

Much of the Noss file has already been requested by Howard Bryant, reporter, for the Albuquerque Tribune. The work in locating and clearing it, therefore, has begun and I anticipate and hope for a speedy reply and concurrence.

best regards,

STANDARD FORM NO. 64

# Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, United States Secret Service DATE: July 3, 1961

FROM : Acting Director of the Mint

SUBJECT: Alleged Gold Hoard,
Holloman Air Force Base, New Mexico

Co-1-10419

On June 28, 1961, the following individuals met with the Acting Director of the Mint: Col. Ralph S. GARMAN, Deputy Commander; Lt. Col. Sigmund I. GASCIWIEZ, Judge Advocate; Captain Leonard V. FEIGE, and Airman First Class Thomas F. BERCLETT, all reportedly stationed at Holloman Air Force Base, New Mexico. Also present and representing Feige and Berclett was Attorney Samuel C. BORZILLERI, 1025 Connecticut Avenue, Washington, D. C.

The hearing requested by the above participants revolved around the experiences of Captain Feige, who, in November, 1953, while hunting game on the White Sands Missile Range with A/1c Berclett, Kenneth Prather and Milleadge Wessel, claims to have discovered what appeared to be a vast amount of buried gold treasure. Copies of an affidavit executed by Captain Feige and the supporting statements prepared by his hunting companions, relating in detail the circumstances surrounding the alleged discovery, were furnished the Bureau of the Mint, together with a copy of correspondence between the Commanding General, White Sands Missile Range, and the Commander, Air Force Missile Development Center, Holloman Air Force Base.

Wishing to avoid any undue publicity which could be the end result of an unfounded discovery, the participants are following orderly processes through official Air Force channels. Should permission be granted by the proper authorities to allow the search for the alleged treasure to continue, the above individuals were requested to contact the Secret Service office in El Paso, Texas. Also, should a gold cache be actually uncovered, it was requested that the treasure be immediately transported to the United States Mint at Denver for final disposition. Too, the Mint is prepared to receive and assay any samples of metals presumed to be gold which may be discovered.

Through the years there have been many reports of gold treasures hidden in this same general area of the San Andres Mountains. One which closely parallels this case is the claim of Dr. M. E. Noss (6/3/38--CO-705), reported deceased, and Charles E. Ussher (12/15/39--CO-2236), in which a supposed one-pound bar of gold was delivered to the Mint at San Francisco in 1940. This purported gold bar, which was claimed to have come from a hidden treasure trove in this area, assayed a base metal content of 991 and contained only 97¢ worth of gold.

A copy of a lengthy field examination report, dated February 12, 1946, and presumably prepared by an agent for the Commissioner of Public Lands on the Noss Mining Claims in the Hembrillo District, New Mexico, was filed with the Bureau of the Mint by the above Airmen and their attorney.

As stated above, the individuals involved at the Air Force Base wish to move as discreetly and cautiously as possible. Also, the Bureau of the Mint desires to cooperate with other proper authorities to substantiate or to disprove the persistent rumors of a hidden gold cache in this area.

The foregoing is forwarded for your information and such action as may be appropriate.

Investigation Report

Noss Mining Claims

Application for Lease

In compliance with directive of February 2nd I made an investigation in connection with the application of Dr. M. E. Noss of Hot Springs, New Mexico for a State lease on Three mining claims on State property and two claims on public domain in the Hembrillo Mining District, approximately 45 miles east of Hot Springs, in the San Andres mountains.

I left Santa Fe Sunday noon February 3, staying in Socorro that night. Monday morning I checked records in the Court house to ascertain the names of locators of the claims. It was found that five mining claims, named the Big Fault Nos., 1 through 5 were recorded 5-4-41 in book 120 pages 416-417 for a location made 3-30-41. The locators were Lester D. Robinson, Elso D. Smith and Frank R. Wicks. No addresses were shown.

Dr. M. E. Noss was met in Hot Springs at 2:00 P.M. and the balance of the day was used in gaining the history of the claims. This account of that history is as it was related to me by Dr. Noss.

The Big Fault Mining Claims have been located for the purpose of securing the property on which there is supposed to be a rich treasure of gold and the rich workings of the lost mine of Padre LaRue.

The only official reference to the lost mine that I could find is contained in the State Bureau of Mines and Mineral Resources publication Bulletin No. 11, page 188 "Ore Deposits of The Organ Mountains". I quote from this reference.

"It is said that in the late years of the Spanish occupation of New Mexico, a priest named LaRue, stationed at a hacienda in Chihuahua, was told by a dying friend of placers and a fabulously rich gold bearing lode in the mountains two days journey north of Paso del Norte. When drought brought a famine to the community of peons in his charge at the hacienda, Father LaRue persuaded them to migrate northward with him, the Organ Mountains being his goal. Arrived here, the priest recognized landmarks which had been described to him, and, sending his men out to search, succeeded in finding the rich deposits. The colony settled at Spirit Springs and here the gold was concentrated in arrastras, and some of the gold was smelted in vassor or abode furnaces. The mine is supposed to have been located in a deep canyon west or southwest of the springs. The long silence of the priest led the authorities of the Church in the City of Mexico to send an expedition to his former place of labor; finding this deserted, they traced him to the Organ Mountains. Learning from his guards that the expedition was approaching, LaRue gave orders that the mine was to be covered up and the gold hidden. When the expedition arrived he refused to divulge the secret of the whereabouts of the mine and gold, asserting that they belonged to his people and not to the church. By night he was murdered by a soldier attached to the expedition and afterwards some of the colonists were tortured, but the secret was never told. The mine is supposed to have been covered up with debris from the mountains. Several people have claimed to have found it. Col. A. J. Fountain is said to have discovered it shortly before his mysterious disappearance. A goat hearder named Tirso Aguire, well known in the mountains about tweny years ago, was supposed to be a descendent of one of the original miners. But none of the claims has been substanciated and the search for the lost mine continues. It should be added that, although several of the supposed localities were investigated during mapping of the Organ range, neither mine nor rich gold mineralization was found".

Dr. Noss claims to have found the mine in 1941 stating that he had entered the mine through a cave, had seen the gold and other treasures contained therein, and when he was ready to remove the gold, a cavein some 186' down the entrance shaft sealed the entrance and before it could be reopened he was inducted into the armed forces and nothing further has been done to gain entrance to the mine.

A field inspection was made of the workings and I found that no work had been done on any except the Big Fault No. 1 claim. This claim has on it a shaft which is supposed to be the opening for getting into the treasure cave. This working consists of a shaft approximately 6' x 6' square timbered to a depth of approximately 60'. The shaft is reported to be 186' deep, with no timber beyond the 60' mark. I could not gain entrance to the shaft for lack of proper equipment to go beyond the timbered section.

Dr. Noss claims that beyond the 186' depth, there is an incline downward at 45° for 72', which is now plugged by the cavein. Beyond that there is supposed to be another incline upward at about 30° for some short distance (40' as I remember it) where entrance is gained to a cave some 2700' long, which contains many evidences that the cave was occupied as living quarters by a large group of humans for many years.

The cave is supposed to contain gold bars, Spanish treasure chests, Church treasures, jeweled crowns, prescious stones and the workings from which the gold was extracted and cast into bars. The value of the treasure is claimed to exceed $22,000,000.00.

The field inspection shows that no work has been done on any of the claims in recent months, and I could find no evidence of any work having been done on any except the Big Fault No. 1. It required a difficult trip of over 100 miles on very rough roads to inspect the workings.

After making the field inspection I went to Las Cruces to check the recordings in the Dona Ana Court House as part of the claims are in that county. I found the same claims of record in Book 20 Pages 312-315, recorded on 4-16-41 by Lester L. Robinson, Elso D. Smith and Frank R. Wicks. There were no recordings for "proof of Labor" or "intent to hold". The claims therefore appear to be open for location. I did not find any recording by Dr. M. E. Noss.

On my return through Hot Springs I again saw Dr. Noss. He asked if he could expect a state lease on the claims. I told him the present locations appeared to me to be invalid and further that all recordings that I found were in names of

other persons. He was advised that before the state could consider the matter of granting a lease he would have to make new locations, have them properly recorded and submit certified copies or originals of the locations to the state office. His compliance in this respect may be expected.

Your directive advised that I obtain the names of persons interested in the claims with Dr. Noss. Request was made that if the lease is granted that it be made to Dr. Noss, his wife Ova M. Noss and Willard E. Holt of Lordsburg. In the course of conversation I learned that there have been many interested in the claims. The following are some of the persons he mentioned:

Willard Holt, Chamber of Commerce, Lordsburg
Lester Robinson, Metropolitan Building Los Angeles
Elso D. Smith, Engineer for Robinson
Frank R. Wicks, Associate of Robinson
Mr. Mullins, New Mexico Educational Assoc.
Mr. Barber, Albuquerque
Mr. Ponder, of Ponder Motor Co., Albuquerque
James Weddon, Sonora, Texas
Joe Weddon, brother of James
Mr. Johnson, Hatch banker
Claron Wagoner, D.A. from Socorro

There was also mentioned the name of an Indian, a Greek, a movie star, Ethel Dupont, officials of Metro Goldwyn Mayer, and many others whom Dr. Noss claims have forfeited any rights or interest in the claims. He mentioned that if necessary he would institute suit to quiet title.

I will be glad to advise with you further if you desire additional information.

Dear Mr. Farris:

Your letter of July 23, 1952, addressed to the United States Mint at Denver, Colorado, has been referred to me for attention.

In reply to your inquiry regarding buried treasure, you are advised that any gold which is found in this country by any person should be reported promptly to the Treasury Department, stating the circumstances under which found, in order that specific instructions may be given as to the disposition of the gold and the tax aspects relating thereto.

Regarding your request for information concerning possible deposits of gold by one Doc Moss, pursuant to a rule published in the Federal Register on December 24, 1948, Code of Federal Regulations, Title 31, Chapter 1, Section 92.29 (b), information as to deposits of gold and silver made by specific depositors may be furnished to persons properly and directly concerned, upon the furnishing of a court order therefor entered in pending litigation, or in lieu thereof with the written consent of the depositor.

If the wife of Doc Moss, whomyou state is deceased, wishes to address an inquiry to the Director of the Mint, setting forth the information which she desires, the Bureau would be prepared to consider such request.

Dear Sirs:

I am Derrell K. Cook,a builder in Boulder,Colorado. I have lived here off and on since 1936.

I have been asked by my father, Mr. L. A. Cook, who is a prospector all his life and a gold hunter, to come in on a Spanish Gold Mine, in New Mexico.

He claims a Dr. Noss located this Spanish mine about the begining of World War #2. He entered it and took out two gold bars, which is supposed to have been sent to the Denver Mint, and is there in his widows name, Mrs Dr. Noss. There is supposed to be 5000 gold bars in this mine.

They are trying to raise $25,000.00 to open this mine and get to this gold, and wants $2,500.00 from me to go in on it.

If you could check the records and let me know if a Dr. Noss had two gold bars on record in the Mint, it might save me some money. Thanks.

Yours truly,

Dear Sir:

I am a researcher into local legendry and fact, and am trying to compile a history of this part of New Mexico. Among other local stories is one involving a Milton E. Noss, and some metal bars, presumably gold and / or copper, which he is supposed to have found in a cave near here.

According to the list of his possessios at the time of his death in 1949, probared at the Dona Ana County, New Mex., probate court, your establishment is supposed to receipted to M. E. Noss for three metal bars, totalling in value approximately $90,000. "since 1940 04 1941" the record states.

Could you determine from your records of this period what the date was of his depositing the bars with you, what their exact total and collective value was, and a description of the bars, if available. I would particularly like to have photostats of the assays and of the deposit slips. if such is possible, and I would be glad to pay, either in advance or C.O.D. any expenses entailed in the obtaining of such documents.

Gentlemen:

Recently we purchased some gold mine stock in an alleged gold mine in New Mexico from Mrs. Ova M. Noss, who is the widow of Doc. Noss of New Mexico.

She reported to us that her deceased husband delivered 5 bars of gold to the Denver Mint and, upon refusal to disclose the mine's location, was denied payment of the gold bars and was issued a receipt for the gold bars. This incident was supposed to have happened in the 1930's and according to her statement the gold bars are still in the Denver mint.

I realize that the information contained in this letter is meager and I do not even know if this is a proper inquiry, but, if it is possible, I would appreciate your making a search of your records to see if the above statements are true.

If you need any other information, please advise me and I will obtain it for you. In any event I would very much appreciate hearing from you.

Dear Mrs. Miller:

We have your letter of February 10 inquiring concerning a deposit of gold bars allegedly made at the Mint by Doc Noss some years ago.

In view of the fact that inquiries concerning this matter have come to this office from time to time, we are forwarding your letter to the Director of the Mint, Washington 25, D. C. for attention.

You should hear from that office in the near future.

Dear Sir:

Attached is a letter from Mrs. John Miller, R.F.D. #2, Caldwell, Kansas, dated February 10, 1955, which is in connection with the Doc Noss matter, concerning which we have had correspondence from time to time.

We understand from Mr. Schoel, Agent in Charge of the local Secret Service office, that they had a confidence investigation on this case some years ago. Doc Noss is deceased. This party, Mrs. Ova Noss, seems to be the first wife of Doc Noss, the second wife having passed away, and apparently the former is pursuing the original claim of a gold deposit having been made at this institution. It was the suggestion of Mr. Schoel that Mrs. Miller be referred to the Secret Service Bureau in Washington, since he states they have a file on the case.

We have written Mrs. Miller, informing her that her letter is being forwarded to your office for reply.

Dear Sir:

I am, besides being an Engineer in the Veterans Administration, interested in writing stories of Lost Mines and Buried Treasures.

For sometime now I have been doing research on M.E.(Doc) Moss, now deceased, formerly a resident of Hatch, New Mexico. Doc Moss supposedly discovered an old Spanish Mine, and removed therefrom some purported Gold Bars. It is correctly reported, in my opinion, that he tried to cash some of those bars at your mint and as a result ran afoul of the law. He recieved a suspended sentence I am told. This happened sometime in 1938 to 1940. No date of a concrete nature being mentioned. Actually the date of attempted sale could have been at anytime during the years from 1938 to 1948.

Is it possible that these bars still exist and are there at the mint? If so could I get photographs of them and an assay report of their contents? I am of course prepared to stand any expense connected with getting the photos and assay report.

Will be ever grateful to you for any information that you can supply me with.

Gentlemen:

I am attempting to run down various tails concerning the Geronomo treasurers which at one time or another were discovered or reported to have been discovered by a Mr. Noss in the vicinity of Las Cruces, New Mexico.

One of the several stories we are interested in is one that Mr. Noss turned over several bars of gold bullion to your Mint and that he was given a receipt for the same after it was tested by your lab technician.

Is there anything to such a story or rumor, and, if so, when did this take place and where do your files indicate this bullion was uncovered?

Your prompt answer to the above question will be greatly appreciated.

Dear Sir:

Two years ago an article appeared in the local paper about the widow of a Milton (Doc) Nass trying to get permission to search for a treasure supposedly hid by the late Nass on the White Sands Proving Ground.

Mrs. Nass, her son and an attorney claim to have a document listing 16,112 gold bars each weighing 35 to 75 pounds.

I met a man here who claims to have known Doc Nass and he said Nass took two gold bars to the mint at Denver to convert into cash. He continued that Nass was given a receipt for the gold bars and was told payment would be made when he could prove ownership. He was never able to prove ownership and so the gold was of no value to him.

Would you tell me if this is correct or what the law is regarding buried treasure.

Mr. Ernie I. Barnett of Tulsa, Okla. (presently in Denver) called Philippus regarding selling gold to the Mint from gold property in New Mexico. Understood his attorney, Lloyd Larkins, had contacted me previously. Says is well acquainted with FBI (Agent Joe Pearson)
Also regarding large quantity of placer gold presently in "bonded warehouse" which he can obtain for resale to the Mint.

Will be in to see me Tuesday, April 6 around 9:00 A.M.

~~Sxexsx April 6~~ I contacted Mr. Osborne of Secret Service and he said would like to have me contact him when he arrives to look him over.

Tues. April 6 - Mr. Barnett arrived around 10:00 with a Mr. McKay who operates property in New Mexico. Located at Tres P_____ (meaning 3 rocks) near Taos. Says his attorney there is Mr. Rodriguez. Their geologist is Mr. Gray of Albuquerque.

Re other contacts:
Sahs Mr. Jim Farmer of Phoenix (whom he has known since 1942) contacted him regarding some other people, whose identity is secret, who want Mr. Barnett to enter into contract with them to purchase 5 tons per week of placer gold of a fineness of 85% for one year. 52 weeks @ 5 tons equals 260 tons ~~@ $35~~ equals 221 tons of fine gold. At 29,000 ounces per ton, this amounts to 6,409,000 ounces which @ $35 per ton amounts to $224,315,000.

Says this is in "bonded warehouse", with assayer's reports fastened to each drum; they can assay it themselves; says they gave him small quantity of gold which he can have assayed.

Asked him how he was to dispose of the gold so bought (which he says he can buy at $32.50 per ounce). Replied sell to Mint. Told him Mint would not buy this as he not able to complete form TG-21 with Supplement.

He sort of jokingly, but half seriously, asked if they could buy the gold and mix it with their newly mined gold to sell to the Mint. I gave him a copy of TG-19, pointed out and read the criminal clause at bottom and told him that should not take long until Secret Service would be there if he did that.

He is applying for a license as they expect to treat some of their ore chemically, altho top can he washed. Is trying to interest Canadian interests to build a mill there.

Mr. Osborne, having been called by Connie, came into office and walked thru to get a look at these 2 gentlemen.

Available to me in a foreign country (at the site of the mine) is 2½ million of gold 999 pure in bars @ 34.00 per ounce. I can fly this in to Denver in $102,000 lot (187.5lb). If it is possible to get a special permit so as to clear customs without paying any import duty as there is only 1.00 per ounce profit to me.

It was suggested you may require a scout swim agent to enter the plane at the South & accompany us to Denver - which could be fine with me.

If I can do this thru' legal channels & strictly above board I'd appreciat the arrangmt being made as soon as possible.

The reason my client wants to sell this way instead of thru this government is, I presume, income tax problems.

# Judge Orders a Trial On 'Jesse James' Gold

1-3-63

**ALBUQUERQUE, N.M., Jan. 2—(AP)—U.S. Dist. Court Judge Waldo H. Rogers ordered Wednesday that a case of alleged missing gold bars be tried on its own merits at a non-jury trial Jan. 28.**

The case involves a 57-year-old Colorado man who claims to be a grandson of the famed Jesse James and a Santa Clara, N.M., Indian.

Judge Rogers set the trial date after hearing conflicting testimony as to whether or not a Jesse James treasure trove had been discovered on the Santa Clara Indian Reservation.

"I don't know anything about any gold bars . . . I made that up myself," testified Joe Suazo of Santa Clara Pueblo.

"Suazo showed me 14 gold ingots stacked up in a hole," countered Jesse L. James of Manitou Springs, Colo. "He later admitted to me that he removed the gold bars and reburied it in scattered locations."

Judge Rogers set aside his earlier default judgment which had awarded the alleged gold to James after Suazo failed to appear in court to contest a civil suit.

James testified Suazo located the buried gold early in 1960.

A heavy snow began to fall, James said, and the two left the spot. He said the ingots weighed about 90 pounds each and they could not remove the gold because he was sick with the flu.

James said he estimated the value of the gold at about a half million dollars.

Dear Sirs:

I am in receipt of your instant November 22, 1960.

Would like to clarify if possible a fact, I persume you do not comprehend.

I found a formula by pure accident, that when applied to already smelted and refined slag piles, where they took out all values they could extract. I could by using my formula, further recover values therefrom, far in excess of what they recovered to begin with. And I did re smelt this discarded and worthless slag, from this smelter slag pile and extracted values of gold and platinum. I didnot know I had to acquire a license in order to do this and am thanking you for your courteousy for reminding me of that fact.

I am wondering how I should go about it and acquire such license if possible and how much it will cost and would appreciate it if you could be so kind as to inform me with the details. I have acquired this slag from the owner where it is on now. And had full intention to begin recovery therefrom. There is an estimated 225,000 tons of material that are stated worthless by chemists that have tested it under their method of testing. Mr. Charles Sneider at Richland, Oregon a United States Chemist when he analyzed the slag found it worthless. When he analyzed my material after I treated it he found it to contain platinum as well as gold and in large quanities. Mr. Sneider's report exceeded $12,000 a ton on platinum alone. Plus $400 a

Those two buttons I mailed you. I extracted through my formula method from that worthless discarded slag pile.

So again, I hope I can acquire a legal license so I can refine and sell those two items. One, gold and the other, platinum. I am thanking you in advance for your kindness in reminding me of those facts and for your help in telling me how I can acquire those licenses.

Dear Sir:

An important investigation will be undertaken in the near future in connection with a purported cache of gold, said to have been brought into the United States by a national of Mexico and also consisting of gold acquired in the United States some years past.

We have been approached by several sources who have attempted, without success, to negotiate a deal with the Treasury Department whereby the gold would be received at $20.67 and the penalties waived. There has been some indication that there may be an attempt to deliver the gold, through subterfuge, to a Mint institution, for payment at $35.

Further details will follow. In the meantime, however, please examine carefully documents which you receive on gold deposits and report to us such as appear to be suspicious. You should withhold payment if the facts appear to warrant such action.

Dear Sir:

Reference is made to our letters of January 16 and February 26, 1951, in which you were requested to furnish this office with a consolidated report on Form TSA-30 covering transactions in newly-mined domestic silver.

Such report has not been received in this office.

Inasmuch as you have failed to comply with Section 80.11 of the Newly-mined Domestic Silver Regulations of July 31, 1946 it will be necessary to instruct the United States Mints to decline to accept all deposits of newly-mined domestic silver made by you, either directly or through a smelting or refining company.

Upon receipt of a consolidated report on Form TSA-30 for the period June 1, 1947 through February 28, 1951, together with a statement from you evidencing your desire to fully comply with the Newly-Mined Domestic Silver Regulations, consideration will be given to resuming acceptance of deposits of silver from you.

Very truly yours,

Gentlemen:

We are in receipt of your shipment June 14, consisting of 1 retort and amalgam grains of gold, weighing 383.47 troy ounces, in lieu of 386 troy ounces as listed on your accompanying statement form TG-19.

Even though you have expressed your willingness to accept Mint weight, we hesitate to enter your consignment for treatment since the discrepancy is so material. Upon receipt of advice from you that Mint weight is acceptable, we shall proceed with the treatment of your gold.

Your shipment was received in good condition and bore no evidence of having been tampered with in any way.

In a letter of February 3, 1950 mailed to you by the Director of the Mint at Washington, D. C. you were requested to furnish that office with a consolidated report on Form TSA-30 covering transactions in newly mined domestic silver, under Act of July 31, 1946.

Until instruct by the Director we are not permitted to accept your silver at 90.5 cents per troy ounce for the fine silver content, but we may accept and pay for your silver at the New York daily market price, which at the present is 72 cents per troy ounce for the fine silver content.

Kindly return statement form TG-19 corrected to this office, before we may accept your consignment for treatment and purchase.

Very truly yours,

Gentelman;

I am returning form T. G. I9 Which I have corrected as requested in your letter of June I4th,

We have no gold scales and it is rather hard to get a correct weight without them, so we have beeN getting our weights at the Post Office, this shipment was weighed on three diferent scales at the Post Office and each one was different from the other.

Under these conditions therefore we expect a little difference in your weights and we agree to except your weight as correct.

We would appreciate it very much if you will use this letter as your athority to procede with your corrected weight on all future shipments as it will enable us to get our returns much sooner.

UNITED STATES MINT

TO ALL HOLDERS OF TREASURY DEPARTMENT GOLD LICENSES

Your present Treasury Department gold license expires on March 31, 1951. Such license should be forwarded to us, prior to that date, for cancellation.

It is now the policy of the Mint to require each licensee to file a new application for renewal of an existing gold license. However, inasmuch as the application form is now being revised and is not yet available for use, the Director of the Mint has authorized the issuance of the enclosed license, with the understanding that you will file a new application to support this license as soon as the forms are supplied to you.

Your new license is effective as of April 1, 1951, and will expire on December 31, 1951. You will be held strictly accountable for compliance with all the limitations and conditions of your license.

If, under the Gold Regulations, a Treasury Department gold license is no longer needed for the conduct of your business, you should notify this office immediately, stating the circumstances.

Very truly yours,

Moses Edwards

Superintendent

THE SECRETARY OF THE TREASURY

WASHINGTON

April 3, 1945

TO ALL EMPLOYEES OF THE TREASURY DEPARTMENT:

As the beginning of the Seventh War Loan approaches, I am not unmindful of the splendid showing our department has made in previous drives, and I want you to know how greatly I appreciate your support.

The Seventh War Loan campaign will run from April 9 to July 7. The quota for individuals has been set at $7 billions as compared with $5 billions for the Sixth War Loan. The quota for Series E bonds has been increased from $2½ billions in the Sixth to $4 billions for the Seventh.

The share of our own department of this quota for Series E bonds is $10,254,700. This is equivalent to 18 per cent of our gross pay, including overtime, for each of three months -- April, May, and June. While this is a slight increase over our quota for the Sixth War Loan, there are two factors to be considered, (1) present indications are that there will be only two war loans in 1945 instead of three as in 1944, and (2) against our quota, we will be given three months' credit for pay-roll deductions instead of two.

Won't you please see your minute man today? Tell him that you want to buy your extra Seventh War Loan Bond through six equal pay-roll deductions, beginning with the pay day of April 25. You will have six pay days in which to pay for this extra bond -- from April 25 (covering the pay period April 1 to 15) through July 10 (covering the pay period June 16 to 30).

The Treasury reached 143 per cent of its quota for the Sixth War Loan, and I hope we will maintain or, better still, improve that record in the Seventh. Through self-denial in buying War Savings Bonds, you will have the satisfaction of knowing that you have helped to give our fighting men courage -- the courage they are so magnificently showing throughout the European and Pacific battle areas.

This is no time to lessen our efforts -- but, rather, the time to put our shoulders to the wheel and all work together. Let your bonds be fighting dollars. Let them do their part in the bringing of victory and the ultimate return of our fighting men.

Dear Sir:

Supplementing the reference of my letter of September 28, 1955, addressed to Mr. Kenneth Davis, Attorney, 812 Joshua Green Building, Seattle 1, Washington, with which I enclosed a copy of his letter of August 25, 1955, to me, I attach a copy of a letter of October 27, 1955 from Mr. Davis.

While the matter of thievery of gold in its natural state is one within the jurisdiction of state and local authorities, if deposits of gold are made by the persons named in Mr. Davis's letter there is a possibility that a portion at least of the gold may consist of stolen gold and that false affidavits supporting the deposits will be executed. Please, therefore, if any deposits are received in the names of A. D. Lightfoot, Francis Slaughtner or Les Anderson, advise this office immediately by wire and withhold payment for such deposits until we have had an opportunity to institute an investigation.

You realize, of course, that no information concerning such deposits can be given to Mr. Davis or any other person inquiring, unless the requirements of Sections 92.28, 92.29 and 92.30 of Title 31, Code of Federal Regulations are complied with.

TO : All Concerned

DATE: May 19, 1961

FROM : Philippus,

SUBJECT: Deposit from Opie and Partner.

It is expected that a deposit may shortly be offered by one "Opie", consisting of a large quantity of material supposed to be gold.

If this deposit is presented, form TG-19 should be obtained and the deposit should NOT be accepted UNLESS every question is answered on both sides of the form, including full information as to source, etc.

Also not only Mr. Opie, but also his Partner, must sign such form TG-19.

Unless all information is furnished as required on the form, and unless both partners sign, the deposit should not be accepted. Name of the other partner is not known to the Denver Mint.

If the above conditions are met and the deposit is accepted, it must be held intact, as is, until instructions are received from the Bureau of the Mint.

Gentlemen:

We are informed that one, W. A. Kirk is shipping to you 17 pounds, 11½ ounces of cynide precipitates containing gold and silver.

We represent the person who owns the Top Notch mining claim from which this gold and silver was taken from the tailings pile on said claim. The claim is owned by Jimmie Johnston, Jr., and he has a 1/10 royalty in this metal.

We also represent Leo A. Knoll, who performed labor for Mr. Kirk in getting out this metal and he has a claim of $35.00.

Upon receipt of these precipitates by you we hereby demand that you hold the same until the above claims can be proven and that upon proof of the claims payment be made direct to Mr. Johnston and Mr. Knoll.

Can a person get face value for gold coins, gold certificates and the old bills that were used about 80 to 100 years ago? What condition do they have to be in? Can a person claim stolen money such as the loot from the James gang?

How about Spanish gold? The weight varies from 50 to 90 lb a brick. Is it still worth $35.00 an ounce?

In case you are wondering I do not have any of what I am inquiring about. I just might be able to find some.

P. O. Box 1124
Helena, Montana

Gentlemen:

Reference is made to our letter of April 5, 1951, in which you were requested to furnish this office with a consolidated report on Form TSA-30 covering transactions in newly-mined domestic silver.

Such report has not been received in this office.

Inasmuch as you have failed to comply with Section 80.11 of the Newly-Mined Domestic Silver Regulations of July 31, 1946 it will be necessary to instruct the United States mints to decline to accept all deposits of newly-mined domestic silver made by you, either directly or through a smelting or refining company.

Upon receipt of a consolidated report on Form TSA-30 for the period July 2, 1946 through March 31, 1951, together with a statement from you evidencing your desire to fully comply with the Newly-Mined Domestic Silver Regulations, consideration will be given to resuming acceptance of deposits of silver from you.

Very truly yours,

(Signed) Leland Howard

Acting Director of the Mint

Attention: Mr. Irving B. Everett, Secretary

Dear Sir:

We have your letter of February 21 and enclose two copies of form TG-12, application for gold license. Both of these should be filled out and sent to the Director of the Mint, Washington 25, D. C. with a letter explaining your proposed operations.

A copy of the gold regulations is also enclosed. You will note the type of material which is purchased by the Mint as indicated under section 54.42. The Mint does not buy concentrates.

Very truly yours,

# APPLICATION FOR A GOLD LICENSE

## INSTRUCTIONS

A. This form is to be used in applying for an initial license, or for a modification or renewal of an existing license to acquire and hold, transport, melt and treat, and/or import gold for use in industry, profession or art, or for sale to the United States, in accordance with the Gold Regulations issued under the Gold Reserve Act of 1934 and section 5(b) of the Act of October 6, 1917, as amended.

B. This application should be filed in duplicate with the Director of the Mint, Treasury Department, Washington 25, D. C. Be sure all information is furnished and all questions which are applicable are fully answered. Defective or incomplete applications may be returned without consideration.

C. If space provided in the form is not sufficient for a full and complete answer to any question, separate exhibits may be attached. To avoid confusion the exhibits should be numbered or lettered in sequence.

D. The name of the applicant stated in Question 1 hereof shall include the name under which the applicant does business. If the applicant is a corporation, give the exact corporate name; if a partnership, the names of all partners and the name under which the partnership does business; if an unincorporated association, the name of an executive officer, his position and the name of the association; if an individual, his name and the name under which he does business.

E. If applicant is an individual this application must be signed by the individual himself and not an employee; if a partnership, by one of the partners, if a corporation, by the President, Vice President, Secretary, Assistant Secretary, Treasurer, or Assistant Treasurer of such corporation; if an unincorporated association, by an executive officer.

F. As used in this application, the term beneficial owner of a gold business means any person, other than the owner of record of such business or of 20% or more of the outstanding capital stock or other certificates of ownership of such business, who receives, or is entitled to receive, 20% or more of the net profits accruing from such gold business.

G. All licensees must comply with the Gold Regulations, copies of which are supplied with application forms. Accordingly, before executing this form, applicants should familiarize themselves with the provisions of the Regulations, giving particular attention to the distinction between fabricated and semi-processed gold, as set forth in section 54.4 (a)(9).

H. Gold licenses are issued for the maximum amount of gold (including scrap but not including fabricated gold) which the applicant needs to hold at any one time in order to meet the legitimate and customary requirements of the gold activities in which he is engaged. The amount of gold for which Treasury Department gold licenses (not including export licenses) are issued does not limit the licensee as to the quantity of gold which he may acquire or process during any particular period; it does limit him, however, to holding at all times not more than the amount specified in his license.

I. Information called for by this application which has been furnished in a previous application filed on Form TG-12 after February 1, 1953, by or on behalf of the applicant with the Director of the Mint need not be supplied in this application unless there have been changes in such information.

J. Any material changes in the facts as stated in this application are required to be reported in a letter to the Director of the Mint within fifteen days after such changes. Failure to do so may result in nonrenewal or revocation of a license.

INSTRUCTIONS (cont'd)

K. Description of Gold Licenses:[1]

1. LICENSE TGL-12. This license is primarily for dealers acquiring unmelted scrap gold, filings, sweepings, clippings, polishings and the like, and retort sponge. The holder of such license, unless it is modified, may not melt or treat gold or have gold melted or treated for his account. Gold which is acquired pursuant to this license may only be disposed of by sale to a United States Mint or Assay Office or to persons authorized under the Gold Regulations to acquire such gold. Under certain circumstances this license may be modified to permit the melting of scrap gold and its disposition to a United States Mint or Assay Office or to holders of licenses on Form TGL-13.

2. LICENSE TGL-13. This license is primarily for miners, refiners, and manufacturers who dispose of semi-processed gold. It enables the holder to acquire gold in any form, to melt and treat gold, and to dispose of fabricated gold and semi-processed gold (which includes fine and alloyed gold). Upon request, this type of license may be modified for the following purposes:

(a) To make sales of gold for legitimate industrial use in the form of rolled gold plate and gold filled sheet, wire and tubing, provided such material has a gold fineness of .100 or less, without the necessity of obtaining an End-Use Certificate.

(b) To make sales of gold for legitimate dental use, in the form of plate and sheet, discs, shells, carat gold, ingots and nuggets, and solders to persons holding a Treasury Department gold license on form TGL-13, TGL-13A or TGL-14, without the necessity of obtaining an End-Use Certificate.

3. LICENSE TGL-13A. This license is primarily for persons regularly engaged in the business of dealing in semi-processed gold in various forms, such as jewelry and dental supplies and other gold items. It enables the holder to acquire gold in any form and to dispose of it in the form in which acquired. It does not permit the holder to melt or treat gold or have gold melted or treated for his account. Upon request, this type of license may be modified as described in item 2(b) above.

4. LICENSE TGL-14. This license is primarily for manufacturers who acquire semi-processed gold, but dispose of gold in fabricated form. It enables the holder to acquire gold in any form, and to melt and treat gold; it prohibits the disposition of gold in any form, except as fabricated gold or scrap gold.

---

[1] In the absence of specific authorization, a Treasury Department gold license does not permit the acquisition, holding, melting, treating, etc., of gold coins or gold derived therefrom or of any gold held at any time in noncompliance with any laws or regulations relating thereto.

1. Name and post office address of applicant.

2. Name and post office address of person to whom notices and communications should be sent.

3. Purpose of application (check one).

New license ☐

Renewal of existing license ☐

Modification of existing license ☐

4. If application is for modification of an existing license, describe the modification which is desired and give the reasons therefor.

5. Nature of business in which applicant is engaged or in which he proposes to engage:

6. Applicant has been engaged in such business since the following date:

7. Check type of license desired by applicant (See para. K of instructions.)

TGL-12 ☐ TGL-13 ☐

TGL-13A ☐ TGL-14 ☐

8. Maximum amount in fine troy ounces of gold which you desire to hold at any one time, for which a license is requested. (See para. H of instructions.)

Form TG-12
(Revised Jan. 1953)

9. List below three business references (at least one should be an officer of the bank or trust company with which applicant does business in its official capacity).

| Name | Address | Occupation or business |
|---|---|---|
| | | |
| | | |

10. Attach as a separate exhibit a listing of the Federal income tax returns filed in each of the last five years by the applicant; by all partners, officers and directors of the applicant; and by all beneficial owners (if any) of such business, except that if applicant is a corporation give such information as to beneficial owner (if any) of 50% or more of the outstanding capital stock. Indicate with respect to each return, the year, the collection district where filed and the name and address under which such return was filed. If no return was filed, so indicate. (If during the last five years you have been the holder of a Treasury Department gold license, you need not reply to this question.)

11. If applicant is not an individual, give the state, district or territory under the laws of which it is organized.

12. Has the applicant or any officer, director, or partner thereof been previously known by any other name than that appearing on this application?

Yes ☐ No ☐

If answer is "Yes," give particulars.

13. Has the applicant or any partner, officer, director, or beneficial owner of the applicant ever been convicted of a violation of any municipal, state, or federal law (other than traffic violation) or been the subject of any adverse action, including refusal or revocation of a license, by any administrative agency of the Federal Government or of any state or municipal government?

Yes ☐ No ☐

If answer is "Yes," give details.

(If during the last five years you have been the holder of a Treasury Department gold license you need not reply to this question.)

14. Has the applicant, any officer, or director, partner or holder of 10% or more of the outstanding capital stock of the applicant; any beneficial owner of the applicant's gold business, or any relative of the applicant, or of an officer, director, partner, stockholder or beneficial owner thereof, or of a person exercising control over such business, ever had any financial interest in or financial connection with the following:

(a) Any application for a gold license pending before the Bureau of the Mint? Yes ☐ No ☐

(b) Any application for a gold license which has been denied by the Bureau of the Mint? Yes ☐ No ☐

(c) Any gold business the license of which has been suspended or revoked by the Bureau of the Mint? Yes ☐ No ☐

(d) Any previous gold license issued by the Bureau of the Mint? Yes ☐ No ☐

(e) Any person or firm operating pursuant to Section 54.18, 54.19, or 54.21 of the Gold Regulations? Yes ☐ No ☐

(f) Any person or firm excluded from operating pursuant to Section 54.18, 54.19 or 54.21 of the Gold Regulations? Yes ☐ No ☐

If the answer to any of these questions is "Yes," give particulars.

TABLE I

Form TG-12
(Revised Jan. 1953)

Instructions:

If application is an individual, complete columns (a) and (b) as to the applicant and the owner or the gold business if other than the applicant. If a partnership, complete columns (a), (b), (c) and (d) as to each partner. If a corporation or an unincorporated association, complete all columns as to officers, directors or members of the governing board and stockholders or holders of other certificates of ownership or membership, unless the applicant has more than 10 stockholders or holders of other certificates of ownership or membership, in which case such information shall be furnished only as to all persons holding 10% or more of the capital stock or other certificates of ownership. If any stockholder of the applicant is a corporation or other legal entity, state below the name of such corporation or legal entity and fill out item 20.

| (a) Name and home address | (b) Date and place of birth | (c) Nature of partnership interest (general or limited) or office held | (d) Percentage of ownership interest | (e) Director or member of governing board (yes or no) | (f) No. of shares of each class of stock or other membership or ownership interest |
|---|---|---|---|---|---|
| | | | | | |

16. State the occupations and businesses in which each person named in Table I is engaged at the present time or has been engaged at any time during the past five years, giving the business names and addresses. Note: Do not include herein any data which is already reported in Table I of this application.

| Name | Address | Occupation or business | Dates |
|---|---|---|---|
| | | | |

17. List the names and addresses of all branches and subsidiaries of applicant and explain applicant's relationship to each.

18. Does the beneficial ownership of the gold business differ in any way from the legal ownership as stated herein? (See para. F of instructions.)

Yes ☐ No ☐

If the answer is "Yes," give particulars and complete Table I as to such beneficial owners.

19. Give the full name and address of each person (whether or not connected with the applicant, but not including shareholders) who has assisted or will assist in any manner in financing the applicant's gold business, by furnishing funds, equipment or any other thing of value in an amount equal to 10% or more of the total assets of such gold business. Show the type of assistance which has been or will be furnished by each person and the amount or value thereof.

20. If 20% or more of the stock of the applicant corporation is owned or held by or on behalf of another corporation or legal entity listed in Table I, complete the following with respect to the latter corporation or legal entity:

(a) State the name and address of such corporation or legal entity and describe briefly the extent and nature of its ownership or control of the applicant corporation.

(b) Give the names and addresses of the officers, directors and shareholders (if there are less than ten) of such other corporation or legal entity. If such other corporation or legal entity has ten or more shareholders, supply such information as to each person owning 20% or more of the outstanding capital stock.

(c) Does the beneficial ownership of such corporation or legal entity differ from the legal ownership as described in answer to (b)?

Yes ☐ No ☐

(d) If the answer to (c) is "Yes," give particulars.

21. Will the applicant have and maintain absolute control of the gold business, its equipment and operations, including complete supervision of the business?

Yes ☐ No ☐

If the answer is "No," explain.

TG-12
(Revised Jan. 1953)

22. List the permanent books and other accounting records maintained by the applicant; state the address where such records are located and, if such records are kept or audited by an outside accountant, give the name and address of such accountant.

23. List the major items of gold mining, processing, or manufacturing equipment now owned or leased by and in the possession of the applicant, giving the type of each article. If the applicant proposes to melt, smelt or refine gold, include a description of the kind and number of furnaces or other equipment used for such purposes.

24. (a) If the applicant is engaged or proposes to engage in the processing (including manufacturing) of gold, supply the address at which such operations will be conducted, and the square feet occupied.

(b) Are such premises owned by the applicant? Yes ☐ No ☐

(c) Are such premises leased by the applicant? Yes ☐ No ☐

If such premises are leased, give the name and address of the person from whom they are leased.

25. How many persons are now employed by the applicant in connection with his gold business?

(a) Does this number include officers? Yes ☐ No ☐

(b) If less than 10 persons are employed, applicant should supply the names and home addresses of all employees.

26. Does the applicant propose to resell semi-processed gold, in the same form as acquired, without further processing? Yes ☐ No ☐

27. Is the applicant a jewelry supply dealer or dental dealer? Yes ☐ No ☐

28. Describe any processing (including manufacturing) which applicant presently contemplates that he will perform on the gold acquired by him, including, in so far as is possible, the following information:

(a) If applicant is a miner, indicate the method of metallurgical treatment in which applicant proposes to engage, such as amalgamation, cyanidation, concentration, dredging, or the like.

(b) If applicant is a mill, smelter, or refiner, indicate the metallurgical process which applicant proposes to utilize for treating gold-bearing material.

(c) If applicant is a manufacturer (including caster) indicate the manufacturing operations which applicant presently contemplates performing on the gold.

(d) If the applicant is an assayer, he should indicate what type of gold bullion or ore assays he proposes to make during the course of a year and an estimate of the amount of melted gold that he will accumulate.

(e) If applicant does not smelt or refine gold, but is required to melt gold, he should state the purpose for which he is required to melt gold.

TG-12
(Revised Jan. 1953)

29. Will any of applicant's operations, incident to the processing, manufacturing, or finishing of the applicant's gold be performed by others? Yes ☐ No ☐

If answer is "Yes," give details.

30. Does the applicant propose to dispose of semi-processed gold? Yes ☐ No ☐

If the answer to the foregoing is "Yes," applicant should specify to the fullest extent possible the type of semi-processed gold which is involved, such as findings, dental gold, plate (mechanical), plate (electrical), ring castings, fine gold, alloyed gold, solutions, anodes, amalgam, retort sponge.

31. Does the applicant propose to dispose only of fabricated gold and scrap? Yes ☐ No ☐

If the answer to the foregoing is "Yes," applicant should list to such extent as is possible the types of fabricated gold articles that applicant presently contemplates will be produced.

32. Applicant should indicate to which of the following he contemplates selling gold:

Wholesalers ☐ Retailers ☐ Manufacturers ☐ Platers ☐

Concentrators, Smelters or Refiners ☐ United States Mint or Assay Office ☐

Other (describe)

The applicant will use gold acquired under the authority of the license herein applied for only in accordance with the provisions of the license granted, and in full compliance with the Gold Reserve Act of 1934, section 5(b) of the Act of October 6, 1917, as amended, and the Gold Regulations issued thereunder. The applicant will keep full and accurate records of all his operations and transactions with respect to gold in accordance with the provisions of Section 54.26 of the Gold Regulations and the terms of his license.

# APPLICATION FOR A GOLD LICENSE

## INSTRUCTIONS

A. This form is to be used in applying for an initial license, or for a modification or renewal of an existing license to acquire and hold, transport, melt and treat, and/or import gold for use in industry, profession or art, or for sale to the United States, in accordance with the Gold Regulations issued under the Gold Reserve Act of 1934 and section 5(b) of the Act of October 6, 1917, as amended.

B. This application should be filed in duplicate with the Director of the Mint, Treasury Department, Washington 25, D. C. Be sure all information is furnished and all questions which are applicable are fully answered. Defective or incomplete applications may be returned without consideration.

C. If space provided in the form is not sufficient for a full and complete answer to any question, separate exhibits may be attached. To avoid confusion the exhibits should be numbered or lettered in sequence.

D. The name of the applicant stated in Question 1 hereof shall include the name under which the applicant does business. If the applicant is a corporation, give the exact corporate name; if a partnership, the names of all partners and the name under which the partnership does business; if an unincorporated association, the name of an executive officer, his position and the name of the association; if an individual, his name and the name under which he does business.

E. If applicant is an individual this application must be signed by the individual himself and not an employee; if a partnership, by one of the partners, if a corporation, by the President, Vice President, Secretary, Assistant Secretary, Treasurer, or Assistant Treasurer of such corporation; if an unincorporated association, by an executive officer.

F. As used in this application, the term beneficial owner of a gold business means any person, other than the owner of record of such business or of 20% or more of the outstanding capital stock or other certificates of ownership of such business, who receives, or is entitled to receive, 20% or more of the net profits accruing from such gold business.

G. All licensees must comply with the Gold Regulations, copies of which are supplied with application forms. Accordingly, before executing this form, applicants should familiarize themselves with the provisions of the Regulations, giving particular attention to the distinction between fabricated and semi-processed gold, as set forth in section 54.4 (a)(9).

H. Gold licenses are issued for the maximum amount of gold (including scrap but not including fabricated gold) which the applicant needs to hold <u>at any one time</u> in order to meet the legitimate and customary requirements of the gold activities in which he is engaged. The amount of gold for which Treasury Department gold licenses (not including export licenses) are issued does not limit the licensee as to the quantity of gold which he may acquire or process during any particular period; it <u>does</u> limit him, however, to holding at all times not more than the amount specified in his license.

I. Information called for by this application which has been furnished in a previous application filed on Form TG-12 after February 1, 1953, by or on behalf of the applicant with the Director of the Mint need not be supplied in this application unless there have been changes in such information.

J. Any material changes in the facts as stated in this application are required to be reported in a letter to the Director of the Mint within fifteen days after such changes. Failure to do so may result in nonrenewal or revocation of a license.

INSTRUCTIONS (cont'd)

K. Description of Gold Licenses:[1]

1. LICENSE TGL-12. This license is primarily for dealers acquiring unmelted scrap gold, filings, sweepings, clippings, polishings and the like, and retort sponge. The holder of such license, unless it is modified, may not melt or treat gold or have gold melted or treated for his account. Gold which is acquired pursuant to this license may only be disposed of by sale to a United States Mint or Assay Office or to persons authorized under the Gold Regulations to acquire such gold. Under certain circumstances this license may be modified to permit the melting of scrap gold and its disposition to a United States Mint or Assay Office or to holders of licenses on Form TGL-13.

2. LICENSE TGL-13. This license is primarily for miners, refiners, and manufacturers who dispose of semi-processed gold. It enables the holder to acquire gold in any form, to melt and treat gold, and to dispose of fabricated gold and semi-processed gold (which includes fine and alloyed gold). Upon request, this type of license may be modified for the following purposes:

(a) To make sales of gold for legitimate industrial use in the form of rolled gold plate and gold filled sheet, wire and tubing, provided such material has a gold fineness of .100 or less, without the necessity of obtaining an End-Use Certificate.

(b) To make sales of gold for legitimate dental use, in the form of plate and sheet, discs, shells, carat gold, ingots and nuggets, and solders to persons holding a Treasury Department gold license on form TGL-13, TGL-13A or TGL-14, without the necessity of obtaining an End-Use Certificate.

3. LICENSE TGL-13A. This license is primarily for persons regularly engaged in the business of dealing in semi-processed gold in various forms, such as jewelry and dental supplies and other gold items. It enables the holder to acquire gold in any form and to dispose of it in the form in which acquired. It does not permit the holder to melt or treat gold or have gold melted or treated for his account. Upon request, this type of license may be modified as described in item 2(b) above.

4. LICENSE TGL-14. This license is primarily for manufacturers who acquire semi-processed gold, but dispose of gold in fabricated form. It enables the holder to acquire gold in any form, and to melt and treat gold; it prohibits the disposition of gold in any form, except as fabricated gold or scrap gold.

[1] In the absence of specific authorization, a Treasury Department gold license does not permit the acquisition, holding, melting, treating, etc., of gold coins or gold derived therefrom or of any gold held at any time in noncompliance with any laws or regulations relating thereto.

1. Name and post office address of applicant.

2. Name and post office address of person to whom notices and communications should be sent.

3. Purpose of application (check one).

New license ☐

Renewal of existing license ☐

Modification of existing license ☐

4. If application is for modification of an existing license, describe the modification which is desired and give the reasons therefor.

(a) If applicant is a miner, indicate the method of metallurgical treatment in which applicant proposes to engage, such as amalgamation, cyanidation, concentration, dredging, or the like.

(b) If applicant is a mill, smelter, or refiner, indicate the metallurgical process which applicant proposes to utilize for treating gold-bearing material.

(c) If applicant is a manufacturer (including caster) indicate the manufacturing operations which applicant presently contemplates performing on the gold.

(d) If the applicant is an assayer, he should indicate what type of gold bullion or ore assays he proposes to make during the course of a year and an estimate of the amount of melted gold that he will accumulate.

(e) If applicant does not smelt or refine gold, but is required to melt gold, he should state the purpose for which he is required to melt gold.

TG-12
(Revised Jan. 1953)

29. Will any of applicant's operations, incident to the processing, manufacturing, or finishing of the applicant's gold be performed by others? Yes ☐ No ☐

If answer is "Yes," give details.

30. Does the applicant propose to dispose of semi-processed gold? Yes ☐ No ☐

If the answer to the foregoing is "Yes," applicant should specify to the fullest extent possible the type of semi-processed gold which is involved, such as findings, dental gold, plate (mechanical), plate (electrical), ring castings, fine gold, alloyed gold, solutions, anodes, amalgam, retort sponge.

31. Does the applicant propose to dispose only of fabricated gold and scrap? Yes ☐ No ☐

If the answer to the foregoing is "Yes," applicant should list to such extent as is possible the types of fabricated gold articles that applicant presently contemplates will be produced.

32. Applicant should indicate to which of the following he contemplates selling gold:

Wholesalers ☐ Retailers ☐ Manufacturers ☐ Platers ☐

Concentrators, Smelters or Refiners ☐ United States Mint or Assay Office ☐

Other (describe)

The applicant will use gold acquired under the authority of the license herein applied for only in accordance with the provisions of the license granted, and in full compliance with the Gold Reserve Act of 1934, section 5(b) of the Act of October 6, 1917, as amended, and the Gold Regulations issued thereunder. The applicant will keep full and accurate records of all his operations and transactions with respect to gold in accordance with the provisions of Section 54.26 of the Gold Regulations and the terms of his license.

O. 6260, Aug. 28, 1933; E. O. 6359, Oct. 25, 1933; E. O. 9193, as amended, 7 F. R. 5205; 3 CFR 1943 Cum. Supp.; E. O. 10289, 16 F. R. 9499; 3 CFR 1951 Supp.

SUBPART A—GENERAL PROVISIONS

§ 54.1 *Authority for regulations.* By virtue of and pursuant to:

(a) The authority vested in the Secretary of the Treasury by the Gold Reserve Act of 1934, approved January 30, 1934 (48 Stat. 337; 31 U. S. C. 440), and the authority with respect to the approval of regulations issued thereunder which the President of the United States has delegated to the Secretary of the Treasury in paragraph 2 (d) of Executive Order No. 10289 of September 17, 1951 (16 F. R. 9501) and

(b) The authority which the President of the United States has delegated to the Secretary of the Treasury by Executive Orders Nos. 6260 of August 28, 1933 (31 CFR 1938 ed. Part 50), 6359 of October 25, 1933 and 9193 of July 6, 1942, as amended (7 F. R. 5205, 3 CFR 1943 Cum. Supp.), which delegations were made by the President of the United States by virtue of and pursuant to the authority vested in him by section 5 (b) of the act of October 6, 1917 (40 Stat. 415), as amended by

section 2 of the act of March 9, 1933 (48 Stat. 1), and title III, section 301 of the "First War Powers Act, 1941" (55 Stat. 839; 12 U. S. C. 95a), and all other authority vested in him, the following regulations, entitled "Gold Regulations," deemed in the public interest and necessary and proper to carry out the purposes of said acts and Executive orders, are issued by the Secretary of the Treasury.

§ 54.2 *General provisions*—(a) *Scope.* Sections 54.12 to 54.34 refer particularly to section 3 of the Gold Reserve Act of 1934, as amended, and to Executive Order No. 6260 of August 28, 1933, sections 4, 5, and 6 of the Executive Order No. 6359 of October 25, 1933, and Executive Order No. 9193 of July 6, 1942, as amended; and §§ 54.35 to 54.52 refer particularly to sections 8 and 9 of the Gold Reserve Act of 1934, as amended.

(b) *Delivery requirements of 1933 gold orders.* Executive Order 6102 of April 5, 1933, Executive Order 6260 of August 28, 1933 (31 CFR 1938 ed. Part 50), and the order of the Secretary of the Treasury of December 28, 1933, as amended and supplemented, required that, with certain exceptions, all persons subject to the jurisdiction of the United States deliver to the United States gold coins, gold bullion and gold certificates situated in the United States and held or owned by such persons on the dates of such orders. Gold coins having a recognized special value to collectors of rare and unusual coin, including all gold coins made prior to April 5, 1933, have been exempted from such delivery requirement. The regulations in this part do not alter or affect in any way the requirements under said orders to deliver gold bullion and gold certificates and gold bullion and gold certificates required to be delivered pursuant to such orders are still required to be delivered and may be received in accordance with the Instructions of the Secretary of the Treasury of January 17, 1934 (§ 53.1 of this chapter), subject to the rights reserved in such instructions.

(c) *Effect of authorizations and licenses.* (1) A general authorization contained in, or a license issued pursuant to the regulations in this part, permitting the acquisition, holding, transporting, melting or treating, importing, exporting or earmarking of gold, constitutes within the limits and subject to the terms and conditions thereof a license issued under and pursuant to Executive Order No. 6260 of August 28, 1933, for such acquisition, holding, transporting, etc.

(2) Any authorization in the regulations in this part, or in any license issued hereunder to acquire, hold, transport, melt or treat, import or export gold in any form shall not be deemed to authorize, unless it specifically so provides, the acquisition, holding, transporting, melting or treating, importing, or exporting of the following:

(i) Any gold coin (except rare gold coin as defined in § 54.20) or any gold melted by any person from gold coin subsequent to April 5, 1933.

(ii) Any gold which has been held at any time in noncompliance with the acts, the orders, or any regulations, rulings, instructions or licenses issued thereunder, including the regulations in this part, or in noncompliance with section 3 of the act of March 9, 1933, or any orders, regulations, rulings, or instructions issued thereunder.

(d) *Revocation or modification.* The provisions of this part may be revoked or modified at any time and any license outstanding at the time of such revocation or modification shall be modified thereby to the extent provided in such revocation or modification.

§ 54.3 *Titles and subtitles.* The titles in this part are inserted for purposes of ready reference and are not to be construed as constituting a part of the regulations in this part.

§ 54.4 *Definitions.* (a) As used in this part, the terms:

(1) "The acts" means the Gold Reserve Act of 1934, as amended, and section 5 (b) of the act of October 6, 1917, as amended by section 2 of the act of March 9, 1933 and Title III, section 301 of the "First War Powers Act, 1941" approved December 18, 1941.

(2) "The orders" means Executive Orders Nos. 6260 of August 28, 1933; 6359 of October 25, 1933; and 9193 of July 6, 1942, as amended.

(3) "United States" means the Government of the United States, or where used to denote a geographical area, means the continental United States and all other places subject to the jurisdiction of the United States.

(4) "Continental United States" means the States of the United States, the District of Columbia, and the Territory of Alaska.

(5) "Person" means any individual, partnership, association, or corporation, including the Board of Governors of the Federal Reserve System, Federal Reserve banks, and Federal Reserve agents.

(6) "Mint" means a United States mint or assay office, and wherever authority is conferred upon a "mint" such authority is conferred upon the person locally in charge of the respective United States mint or assay office acting in accordance with the instructions of the Director of the Mint or the Secretary of the Treasury.

(7) "Gold coin" means any coin containing gold as a major element, including gold coin of a foreign country.

(8) "Gold bullion" means any gold which has been put through a process of smelting or refining, and which is in such state or condition that its value depends primarily upon the gold content and not upon its form; the term "gold bullion" includes, but not by way of limitation, semi-processed gold and scrap gold, but it does not include fabricated gold as defined in this section, metals containing less than 5 troy ounces of fine gold per short ton, or unmelted gold coin.

(9) Fabricated and semi-processed gold:

(i) "Fabricated gold" means processed or manufactured gold in any form (other than gold coin or scrap gold) which:

(*a*) Has a gold content the value of which does not exceed 90 percent of the total domestic value of such processed or manufactured gold; and

(*b*) Has, in good faith, and not for the purpose of evading or enabling others to evade the provisions of the acts, the orders, or the regulations in this part, been processed or manufactured for some one or more specific and customary industrial, professional or artistic uses.

(ii) "Semi-processed gold" means processed or manufactured gold in any form (other than gold coin or scrap gold) which:

(*a*) Has a gold content the value of which exceeds 90 percent of the total domestic value of such processed or manufactured gold; and

(*b*) Has, in good faith, and not for the purpose of evading or enabling others to evade the provisions of the acts, the orders, or the regulations in this part, been processed or manufactured for some one or more specific and customary industrial, professional or artistic uses.

(iii) The value of the gold content of an article shall be computed for the purposes of this subparagraph at $35 per troy ounce of fine gold content.

(iv) For the purpose of this subparagraph, the total domestic value of processed or manufactured gold shall be based on the cost to the owner and not the selling price. The allowable elements of such value are:

(*a*) In the case of a manufacturer or processor, only the cost of material in the article, labor performed on the article, and processing losses and overhead applicable to the manufacture or processing of such article; and

(*b*) In the case of a dealer or other person who holds or disposes of gold without further processing, only the net purchase price paid by such person, including transportation costs, if any, incurred in obtaining delivery of such article to his usual place of business.

(10) "Scrap gold" means gold filings, clippings, polishings, sweepings and the like and any other melted or unmelted scrap gold, semiprocessed gold or fabricated gold, the value of which depends primarily upon its gold content and not upon its form, which is no longer held for the use for which it was processed or manufactured.

(11) "Gold in its natural state" means gold recovered from natural sources which has not been melted, smelted, or refined, or otherwise treated by heating or by a chemical or electrical process.

(12) "Hold", when used with reference to gold includes actual or constructive possession of or the retention of any interest, legal or equitable, in such gold, and includes, but not by way of limitation, acts of agency with respect thereto although the principal be unknown.

(b) Wherever reference is made in this part to equivalents as between dollars or currency of the United States and gold, $1 or $1 face amount of any currency of the United States equals fifteen and five twenty-firsts ($15\frac{5}{21}$) grains of gold, nine-tenths fine.

(c) Wherever reference is made in this part to "sections", the reference is, unless otherwise indicated, to the designated sections of this part.

§ 54.5 *General provisions affecting applications, statements, and reports.* Every application, statement, and report required to be made under this part shall be made upon the appropriate form prescribed by the Secretary of the Treasury. Action upon any application or statement may be withheld pending the furnishing of any or all of the information required in such forms or of such additional information as may be deemed necessary by the Secretary of the Treasury, or the agency authorized or directed to act under this part. There shall be attached to the applications, statements, or reports such instruments as may be

required by the terms thereof and such further instruments as may be required by the Secretary of the Treasury, or by such agency.

§ 54.6 *General provisions affecting licenses and authorizations.* (a) Licenses issued pursuant to the regulations in this part shall be upon the appropriate form prescribed by the Secretary of the Treasury. Licenses shall be nontransferable and shall entitle the licensee to acquire, hold, transport, melt or treat, import, export, or earmark gold only in such form and to the extent permitted by, and subject to the conditions prescribed in, the regulations in this part and such licenses.

(b) Revocation or modification of licenses: [1] Licenses may be modified or revoked at any time in the discretion of the Director of the Mint. In the event that a license is modified or revoked (other than by a modification or revocation of the regulations in this part), the Director of the Mint shall advise the licensee by letter, mailed to the last address of the licensee on file in the Bureau of the Mint. The licensee, upon receipt of such advice, shall forthwith surrender his license as directed. If the license has been modified but not revoked, the Director of the Mint shall thereupon issue or cause to be issued a modified license.

(c) Exclusions: The Director of the Mint may exclude particular persons or classes thereof from the operation of any section of the regulations in this part (except §§ 54.28 to 54.30, inclusive) or licenses issued thereunder or from the privileges therein conferred. Such action shall be binding upon all persons receiving actual notice or constructive notice thereof. Any violation of the provisions of the regulations in this part or any license issued hereunder, shall constitute, but not by way of limitation, grounds for such exclusion.

(d) Requests for reconsideration: A written request for reconsideration of a denial of an application for a license, of a revocation, suspension, or modification of an existing license, or of an exclusion from the authorizations or privileges conferred in any section of the regulations in this part setting forth in detail the reasons for such request, may be addressed to the Director of the Mint, Treasury Department, Washington 25, D. C. In addition, upon written request, the Director will schedule a hearing in the matter at which time there may be brought to the attention of the Bureau of the Mint any information bearing thereon.

(e) No license issued hereunder shall exempt the licensee from the duty of complying with the legal requirements of any State or Territory or local authority.

(f) No license shall be issued to any person doing business under a name which in the opinion of the Secretary of the Treasury or the designated agency issuing the license, is designed or is likely to induce the belief that gold is purchased, treated, or sold on behalf of the United States or for the purpose of carrying out any policy of the United States.

§ 54.7 *General provisions affecting export licenses.*[2] At the time any license to export gold is issued, the Bureau of the Mint, or Federal Reserve bank issuing the same, shall transmit a copy thereof to the collector of customs at the port of export designated in the license. No collector of customs shall permit the export or transportation from the continental United States of gold in any form except upon surrender of a license to export, a copy of which has been received by him from the agency issuing the same (except that licenses on Form TGL–15 (general) covering multiple shipments during a quarterly period are retained by the licensees until the expiration of such period, when they are returned to the Director of the Mint): *Provided, however,* That the export or transportation from the continental United States of fabricated gold may be permitted pursuant to § 54.25 (b) (2) and the export or transportation from the continental United States of gold imported for re-export may be permitted pursuant to §§ 54.32 and 54.33: *And provided further,* That gold held by the Federal Reserve banks under §§ 54.28

[1] Regulations governing procedures for denying an application for a license, for revoking, suspending or modifying a license, and for excluding any person from the privileges conferred in the regulations in this part are set forth in § 92.31 of this chapter.

[2] The regulations in this part shall not be construed as relieving any person from the obligation of compliance with the regulations of the Bureau of Foreign Commerce (formerly the Office of International Trade), (15 CFR Parts 360 to 399), the Bureau of Customs (19 CFR Chapter I), or other laws or regulations relating to the importation or exportation of merchandise, where applicable to imports or exports of gold, or articles containing gold.

to 54.30, inclusive, may be exported for the purposes of such sections without a license. The collector of customs to whom a license to export is surrendered shall cancel such license and return it to the Director of the Mint or to the Mint or the Federal Reserve bank which issued the same. In the event that the shipment is to be made by mail, a copy of the export license shall be sent by the agency issuing the same to the postmaster of the post office designated in the application, who will act under the instructions of the Postmaster General in regard thereto.

§ 54.8 *General provisions affecting import licenses.* No gold in any form imported into the United States shall be permitted to enter until the person importing such gold shall have satisfied the collector of customs at the port of entry that he holds a license authorizing him to import such gold or that such gold may be imported without a license under the provisions of §§ 54.12 to 54.21, inclusive, or §§ 54.28 to 54.30, inclusive. Postmasters receiving packages containing gold will deliver such gold subject to the instructions of the Postmaster General.

§ 54.9 *Forms available.* Any form, the use of which is prescribed in this part, may be obtained at, or on written request to, any United States mint or assay office, or the Director of the Mint, Treasury Department, Washington 25, D. C.

§ 54.10 *Representations by licensees.* Licensees may include in public and private representations or statements the clause "licensed on form TGL____ (here inserting the number of the form of license held by the licensee) pursuant to the regulations issued by the Secretary of the Treasury," but any representation or statement which might induce the belief that the licensee is acting or is especially privileged to act on behalf of or for the United States, or is purchasing, treating, or selling gold for the United States, or in any way dealing in gold for the purpose of carrying out any policy of the United States, shall be a violation of the conditions of the license.

(a) *Business names and representations generally.* No person doing business under a name which is designed or is likely to induce the belief that gold is being purchased, treated, or sold on behalf of the United States, or any agency thereof, or for the purpose of carrying out any policy of the United States, or making representations or statements which might induce the belief that such person is acting or is especially privileged to act on behalf of or for the United States, or is purchasing, treating, or selling gold for the United States, or in any way dealing in gold for the purpose of carrying out any policy of the United States, may acquire, hold, transport, melt, or treat, import, export or earmark any gold under authority of §§ 54.12 to 54.20, inclusive, or §§ 54.21 to 54.27, inclusive.

§ 54.11 *Civil and criminal penalties—* (a) *Civil penalties.* Attention is directed to section 4 of the Gold Reserve Act of 1934, which provides:

> Any gold withheld, acquired, transported, melted or treated, imported, exported, or earmarked or held in custody, in violation of this Act or of any regulations issued hereunder, or licenses issued pursuant thereto, shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for the forfeiture, seizure, and condemnation of property imported into the United States contrary to law; and in addition any person failing to comply with the provisions of this Act or of any such regulations or licenses, shall be subject to a penalty equal to twice the value of the gold in respect of which such failure occurred (31 U. S. C. 443).

(b) *Criminal punishment.* Attention is also directed to (1) section 5 (b) of the act of October 6, 1917, as amended, which provides in part:

> Whoever wilfully violates any of the provisions of this subdivision or of any license, order, rule or regulation issued thereunder, shall, upon conviction, be fined not more than $10,000 or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in such violation may be punished by a like fine, imprisonment, or both. As used in this subdivision the term "person" means an individual, partnership, association, or corporation (12 U. S. C. 95a (3)).

This section of the act of October 6, 1917, as amended, is applicable to violations of any provisions of this part and to violations of the provisions of any license, ruling, regulation, order, direction, or instructions issued by or pursuant to the direction or authorization of the Secretary of the Treasury pursuant to the regulations in this part or otherwise under section 5 (b) of the act of October 6, 1917, as amended.

(2) Section 1001 of the United States Criminal Code, which provides:

Whoever, in any matter within the jurisdiction of any department or agency of the United States knowingly and wilfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry, shall be fined not more than $10,000 or imprisoned not more than five years, or both (18 U. S. C. 1001).

SUBPART B—CONDITIONS UNDER WHICH GOLD MAY BE ACQUIRED AND HELD, TRANSPORTED, MELTED OR TREATED, IMPORTED, EXPORTED OR EARMARKED

§ 54.12 *Conditions under which gold may be acquired, held, melted, etc.* Gold in any form may be acquired, held, transported, melted or treated, imported, exported, or earmarked only to the extent permitted by and subject to the conditions prescribed in the regulations in this part or licenses issued thereunder.

§ 54.13 *Transportation of gold.* Gold may be transported by carriers for persons who are licensed to hold and transport such gold or who are permitted by the regulations in this part to hold and transport gold without a license.

§ 54.14 *Gold situated outside of the United States.* Gold in any form situated outside of the United States may be acquired, transported, melted or treated, or earmarked or held in custody for foreign or domestic account without the necessity of holding a license.

§ 54.15 *Gold situated in the possessions of the United States.* Gold in any form (other than United States gold coin) situated in places subject to the jurisdiction of the United States beyond the limits of the continental United States may be acquired, transported, melted or treated, imported, exported, or earmarked or held in custody for the account of persons other than residents of the continental United States, by persons not domiciled in the continental United States: *Provided, however,* That gold may be transported from the continental United States to the possessions of the United States only as authorized by §§ 54.25, 54.32, 54.33, or 54.34, or licenses issued pursuant thereto.

§ 54.16 *Fabricated gold.* Fabricated gold as defined in § 54.4 may be acquired, held, transported within the United States or imported without the necessity of holding a license therefor. Fabricated gold may be exported only as authorized in § 54.25 or in a license issued pursuant to that section.

§ 54.17 *Metals containing gold.* Metals containing not more than 5 troy ounces of fine gold per short ton may be acquired, held, transported within the United States, or imported without the necessity of holding a license therefor. Such metals may be melted or treated, and exported only to the extent permitted by and subject to the conditions prescribed in or pursuant to §§ 54.21 to 54.27, inclusive.

§ 54.18 *Unmelted scrap gold.* Unmelted scrap gold may be acquired, held, transported within the United States, or imported, in amounts not exceeding at any one time 50 fine troy ounces of gold content without the necessity of holding a license therefor. Persons holding licenses issued pursuant to paragraph (a) of § 54.25, or acquiring, transporting, importing or holding gold pursuant to § 54.21, may not acquire, transport, import or hold any gold under authority of this section.

§ 54.19 *Gold in its natural state.* (a) Gold in its natural state, as defined in § 54.4, may be acquired, transported within the United States, imported, or held in custody for domestic account only, without the necessity of holding a license therefor.

(b) Gold amalgam which results from the addition of mercury to gold in its natural state, recovered from natural deposits in the United States or a place subject to the jurisdiction thereof, may be heated to a temperature sufficient to separate the mercury from the gold (but not to the melting temperature of gold) without a license by the person who recovered the gold from such deposits, or his duly authorized agent or employee. The retort sponge so resulting may be held and transported by such person without a license: *Provided, however,* That no such person may hold at any one time an amount of such retort sponge which exceeds in fine gold content 200 troy ounces. Such retort sponge may be acquired from such persons:

(1) By the United States;

(2) By persons holding licenses issued pursuant to paragraph (a) of § 54.25;

(3) By other persons provided that the aggregate amount of such retort sponge acquired and held by such other

persons does not exceed at any one time 200 fine troy ounces of gold content.

(c) Persons acquiring retort sponge under paragraph (b) (3) of this section are authorized to dispose of such retort sponge only to the United States and to persons holding licenses issued pursuant to paragraph (a) of § 54.25.

(d) Except as provided in §§ 54.12 to 54.20, inclusive, and in §§ 54.32 and 54.33, gold in its natural state may be melted or treated or exported only to the extent permitted by, and subject to the conditions prescribed in, or pursuant to, §§ 54.21 to 54.27, inclusive.

§ 54.20 *Rare coin.* (a) Gold coin of recognized special value to collectors of rare and unusual coin may be acquired and held, transported within the United States, or imported without the necessity of holding a license therefor. Such coin may be exported, however, only in accordance with the provisions of § 54.25.

(b) Gold coin made prior to April 5, 1933, is considered to be of recognized special value to collectors of rare and unusual coin.

(c) Gold coin made subsequent to April 5, 1933, is presumed not to be of recognized special value to collectors of rare and unusual coin.

SUBPART C—GOLD FOR INDUSTRIAL, PROFESSIONAL, AND ARTISTIC USE

§ 54.21 *Fifty ounce exemption for processors.* (a) Subject to the conditions in paragraph (b) of this section, any person regularly engaged in an industry, profession, or art, who requires gold for legitimate, customary, and ordinary use therein, may, without the necessity of obtaining a Treasury gold license:

(1) Import unmelted scrap gold or acquire gold in any form from any person authorized to hold and dispose of gold in such form and amount under the regulations in this part or a license issued pursuant hereto;

(2) Hold, transport, melt, and treat such gold;

(3) Furnish unmelted scrap gold to the United States, to persons operating pursuant to §§ 54.18 or 54.21, or to the holder of a license issued pursuant to paragraph (a) of § 54.25; and

(4) Furnish melted scrap gold to the United States or to the holder of a license issued pursuant to paragraph (a) of § 54.25 which authorizes the acquisition of such melted scrap gold.

(b) The privileges of paragraph (a) of this section are granted subject to the following conditions:

(1) That the aggregate amount of such gold acquired, held, transported, melted and treated, and imported, does not exceed, at any one time, 50 fine troy ounces of gold content (not including gold which may be acquired, held, etc., without a license under any other section of this part, except § 54.18);

(2) That the aggregate amount of such gold acquired, held, transported, melted and treated, and imported, does not exceed, in any calendar month 350 fine troy ounces of gold content (not including gold which may be acquired, held, etc., without a license under any other section of this part, except § 54.18);

(3) That such gold is acquired and held only for processing into fabricated gold, as defined in § 54.4, by such person in the industry, profession, or art in which he is engaged; and

(4) That full and exact records are kept and furnished in compliance with § 54.26.

(c) Persons acquiring, holding, transporting, melting and treating, and importing gold under authority of this section are not authorized:

(1) To consign gold bullion, including semi-processed gold, to other persons for processing except that scrap gold may, for processing and return in semi-processed form, be consigned to the holder of a license issued pursuant to paragraph (a) of § 54.25, which authorizes the acquisition and melting and treating of such gold;

(2) To furnish melted scrap gold to persons operating pursuant to the provisions of this section or § 54.18;

(3) To dispose of gold held under authority of this section otherwise than in the form of fabricated gold or scrap gold.

(d) Persons holding licenses issued pursuant to paragraph (a) of § 54.25 or acquiring, holding, transporting, or importing, gold pursuant to § 54.18 may not acquire, hold, transport, melt or treat, or import, any gold under authority of this section.

§ 54.22 *Licenses required.* Except as permitted in §§ 54.12 to 54.20, inclusive, and § 54.21, gold may be acquired and held, transported, melted or treated, imported, exported or earmarked for industrial, professional or artistic use only to the extent permitted by licenses issued under § 54.25.

§ 54.23 *Issuance of licenses or general authorizations.* The Director of the

Mint may issue or cause to be issued licenses or other authorizations permitting the acquisition and holding, transportation, melting and treating, importing and exporting of gold which the Director is satisfied is required for legitimate and customary use in industry, profession, or art, by persons regularly engaged in the business of furnishing or processing gold for industry, profession, or art, or for sale to the United States.

§ 54.24 *Applications.* Every application for a license under paragraph (a) of § 54.25 shall be made on Form TG–12 (except that applications for export licenses shall be made on Form TG–15) and shall be filed in duplicate with the Director of the Mint, Treasury Department, Washington, D. C. Every applicant for a license under paragraph (a) of § 54.25 shall state in his application whether or not any applications have been filed by or licenses issued to any partnership, association, or corporation in which the applicant has a substantial interest or, if the applicant is a partnership, association, or corporation, by or to a person having a substantial interest in such partnership, association or corporation. The Director of the Mint shall not issue any license to any person if in the judgment of the Director more than one license for the same purpose will be held for the principal use or benefit of the same persons or interests. Any person licensed under this subpart acquiring a principal interest in any partnership, association, or corporation, holding a license under this subpart for this purpose shall immediately so inform the Director of the Mint.

§ 54.25 *Licenses*—(a) *Licenses for the acquisition and holding, transportation, melting and treating, importing and disposition of gold.* (1) Upon receipt of the application and after obtaining such additional information as may be deemed advisable, the Director of the Mint, shall, if satisfied that gold is necessary for the legitimate and customary requirements of the applicant's industry, profession, art, or business, and that the applicant is qualified in all respects to conduct gold operations in full compliance with the provisions of this part and the provisions of a Treasury gold license, issue or cause to be issued to the applicant a Treasury gold license on the approved form for the kind of industry, profession, art, or business, in which the applicant is engaged.

(2) Licenses issued under this section may authorize the licensee to acquire and hold not to exceed a maximum amount specified therein; to transport such gold, melt or treat it to the extent necessary to meet the requirements of the industry, profession, art or business for which it was acquired and held or otherwise to carry out the purposes for which it is held under license; and to import gold so long as the aggregate amount of all gold held after such importation does not exceed the maximum amount authorized by the license to be held.

(3) Licenses issued under this paragraph do not permit the exportation or transportation from the continental United States of gold in any form. Such exportation or transportation is permitted only to the extent authorized in paragraph (b) of this section or in a separate license issued pursuant to such paragraph.

(b) *Licenses and authorizations for the exporting of gold*—(1) *Semi-processed gold.* Semi-processed gold as defined in § 54.4 may be exported or transported from the continental United States only pursuant to a separate export license. Such licenses shall be issued by the Director of the Mint upon application made on Form TG–15 establishing to the satisfaction of the Director that the gold to be exported is semi-processed gold and that the export or transport from the continental United States is for a specific and customary industrial, professional, or artistic use and not for the purpose of using or holding or disposing of such semi-processed gold beyond the limits of the continental United States as, or in lieu of money, or for the value of its gold content.

(2) *Fabricated gold.* Fabricated gold as defined in § 54.4 may be exported or transported from the continental United States without the necessity of obtaining a Treasury gold license: *Provided, however,* That the Bureau of the Census Schedule B statistical classification number of each specific commodity to be exported shall be plainly marked on the outside of the package or container, the shipper's export declaration shall contain a statement that such gold is fabricated gold as defined in § 54.4 and is being exported pursuant to the authorization contained in this subparagraph, and such additional documentation shall be furnished as may be required by the Bureau of Customs or any other government agency charged with the enforce-

ment of laws relating to the exportation of merchandise from the United States.

(3) *Rare coin.* (i) Rare gold coin, as defined in § 54.20, made prior to April 5, 1933, may be exported or transported from the continental United States without the necessity of obtaining a Treasury gold license: *Provided, however,* That the shipper's export declaration shall contain a statement that such coin is rare gold coin and is being exported pursuant to the authorization contained in this subparagraph and such additional documentation shall be furnished as may be requested by the Bureau of Customs or any other government agency charged with the enforcement of laws relating to the exportation of merchandise from the United States.

(ii) Gold coin made subsequent to April 5, 1933, may be exported or transported from the continental United States only under license on Form TGL–11 issued by the Director of the Mint. Application for such a license shall be executed on Form TG–11 and filed with the Director of the Mint, Treasury Department, Washington 25, D. C.

(4) *Other exports of gold.* Export licenses may also be issued upon application made on Form TG–15B in the same manner as prescribed in subparagraph (1) of this paragraph, authorizing the exportation of gold in any form for refining or processing subject to the condition that the refined or processed gold (or the equivalent in refined or processed gold) be returned to the United States, or subject to such other conditions as the Director may prescribe.

§ 54.26 *Investigations; records; subpoenas.* (a) The Director of the Mint is authorized to make or cause to be made such studies and investigations, to conduct such hearings, and to obtain such information as the Director deems necessary or proper to assist in the consideration of any applications for licenses, or in the administration and enforcement of the acts, the orders, and the regulations in this part.

(b) Every person holding a license issued under paragraph (a) of § 54.25, or acquiring, holding or disposing of gold pursuant to the authorizations in §§ 54.18 and 54.21, shall keep full and accurate records of all his operations and transactions with respect to gold, and such records shall be available for examination by a representative of the Treasury Department until the end of the fifth calendar year (or if such person's accounts are kept on a fiscal year basis, until the end of the fifth fiscal year) following such operations or transactions. The records required to be kept by this section shall include the name, address, and Treasury gold license number of each person from whom gold is acquired or to whom gold is delivered, and the amount, date, description and purchase or sales price of each such acquisition and delivery, and any other records or papers required to be kept by the terms of a Treasury Department gold license. If the person from whom gold is acquired, or to whom gold is delivered, does not have a Treasury gold license such records shall show, in lieu of the license number of such person, the section of the regulations in this part pursuant to which such gold was held or acquired by such person. Such records shall also show all costs and expenses entering into the computation of the total domestic value of articles of fabricated or semi-processed gold as defined in § 54.4.

(c) The Director of the Mint (or the officers and employees of the Bureau of the Mint specifically designated by the Director) or any department or agency charged with the enforcement of the acts, the orders, or the regulations in this part, may require any person to permit the inspection and copying of records and other documents and the inspection of inventories of gold and to furnish, under oath or affirmation or otherwise, complete information relative to any transaction referred to in the acts, the orders, or the regulations in this part involving gold or articles manufactured from gold. The records which may be required to be furnished shall include any records required to be kept by this section and, to the extent that the production of such information is necessary and appropriate to the enforcement of the provisions of the acts, the orders, and the regulations in this part, or licenses issued thereunder, any other records, documents, reports, books, accounts, invoices, sales lists, sales slips, orders, vouchers, contracts, receipts, bills of lading, correspondence, memoranda, papers and drafts, and copies thereof, either before or after the completion of the transaction to which such records refer.

(d) The Director of the Mint may administer oaths and affirmations and may, whenever necessary, require any person holding a license under § 54.25 or acquiring, holding or disposing of gold pur-

suant to the authorizations of §§ 54.18 or 54.21, or any officer, director, or employee of such person, to appear and testify or to appear and produce any of the records specified in paragraph (c) of this section or both, at any designated place.

§ 54.27 *Reports.* Every person holding a license issued pursuant to paragraph (a) of § 54.25 shall make reports on the appropriate report form specified in such license for the six months' periods ending on the last days of June and December, respectively, and shall file such reports with the Director of the Mint, Treasury Department, Washington 25, D. C. Reports shall be filed within twenty-five days after the termination of the period for which such reports are made.

SUBPART D—GOLD FOR THE PURPOSE OF SETTLING INTERNATIONAL BALANCES AND FOR OTHER PURPOSES

§ 54.28 *Acquisitions by Federal Reserve banks for purposes of settling international balances, etc.* The Federal Reserve banks may from time to time acquire from the United States by redemption of gold certificates in accordance with section 6 of the Gold Reserve Act of 1934 such amounts of gold bullion as, in the judgment of the Secretary of the Treasury, are necessary to settle international balances or to maintain the equal purchasing power of every kind of currency of the United States. Such banks may also acquire gold (other than United States gold coin) abroad or from private sources within the United States.

§ 54.29 *Dispositions by Federal Reserve banks.* The gold acquired under § 54.28 may be held, transported, imported, exported, or earmarked for the purposes of settling international balances or maintaining the equal purchasing power of every kind of currency of the United States: *Provided,* That if the gold is not used for such purposes within 6 months from the date of acquisition, it shall (unless the Secretary of the Treasury shall have extended the period within which such gold may be so held) be paid and delivered to the Treasurer of the United States against payment therefor by credits in equivalent amounts in dollars in the accounts authorized under the sixteenth paragraph of section 16 of the Federal Reserve Act, as amended (48 Stat. 339; 12 U. S. C. 467).

§ 54.30 *Provisions limited to Federal Reserve banks.* The provisions of this subpart shall not be construed to permit any person subject to the jurisdiction of the United States, other than a Federal Reserve bank, to acquire gold for the purposes specified in this subpart or to permit any person to acquire gold from a Federal Reserve bank except to the extent that his license issued under this part specifically so provides.

SUBPART E—GOLD FOR OTHER PURPOSES NOT INCONSISTENT WITH THE PURPOSES OF THE GOLD RESERVE ACT OF 1934 AND THE ACT OF OCTOBER 6, 1917, AS AMENDED

§ 54.31 *Licenses required.* Gold may be acquired and held, transported, melted or treated, imported, exported, or earmarked for purposes other than those specified in §§ 54.21 to 54.30, inclusive, not inconsistent with the purposes of the acts only to the extent permitted in §§ 54.12 to 54.20 inclusive, and § 54.32, or under a license issued under §§ 54.33 or 54.34.

§ 54.32 *Gold imported in gold-bearing materials for re-export.* (a) Gold refined (or the equivalent to gold refined) from gold-bearing materials imported into the United States for refining and re-export may be re-exported to the foreign exporter or pursuant to his order, without the necessity of obtaining a Treasury gold export license, subject to the following conditions:

(1) The imported gold-bearing material either (i) was imported into the United States from a foreign resident or a foreign organization, or (ii) was mined by a branch or other office of a United States organization and imported into the United States from such branch or office;

(2) The importer has no right, title, or interest in the gold refined from the imported gold-bearing material other than through its branch or office which is the foreign exporter as provided in subparagraph (1) (i) and (ii) of this paragraph, and the importer will not participate in the sale of such refined gold or receive any commission in connection with the sale of such refined gold;

(3) The refined gold is to be re-exported to the foreign exporter or, pursuant to his order, to a foreign resident or foreign organization; and

(4) Such gold is imported, acquired, and held, transported, melted and treated, as permitted in §§ 54.12 to 54.20, inclusive, or in accordance with a license issued under § 54.25, and in full

compliance with the provisions of paragraph (b) of this section.

(b) *Procedural requirements.* Persons exporting gold pursuant to paragraph (a) of this section shall comply with the following requirements:

(1) *Notation upon entry.* Upon the formal entry into the United States of any gold-bearing materials, the importer shall declare to the collector of customs at the port where the material is formally entered that the importation is made with the intention of exporting the gold refined therefrom to the foreign exporter, or pursuant to his order. The collector shall make on the entry a notation to this effect and forward a copy of the entry to the United States assay office at New York or to the United States mint at San Francisco, whichever is designated by the importer.

(2) *Sampling and assaying.* Promptly upon the receipt of each importation of gold-bearing material at the plant where it is first to be treated, it shall be weighed, sampled, and assayed for the gold content. A reserve commercial sample shall be retained by such plant for at least 1 year from the date of importation, unless the assay is sooner verified by the Bureau of the Mint.

(3) *Plant records.* The importer shall cause an exact record, covering each importation, to be kept at the plant of first treatment. The records shall show the gross wet weight of the importation, the weight of containers, if any, the net wet weight, the percentage and weight of moisture, the net dry weight, and the gold content shown by the settlement assay. A true copy of such record shall be filed promptly with the assay office in New York or the mint at San Francisco, whichever has been designated to receive a copy of the entry. The plant records herein required to be kept shall be available for examination by a representative of the Treasury Department for at least 1 year after the date of the disposition of such gold.

(4) *Limitations on exports.* The gold refined (or the equivalent to gold refined) from imported gold-bearing materials shall be exported not later than seven months from the date of entry of such gold-bearing materials and shall not exceed the amount of gold shown on the refiner's settlement sheet as having been recovered from the imported gold-bearing material: *Provided,* That, such gold may be exported prior to the procurement of the refiner's settlement sheet in an amount not in excess of 90 percent of a written estimate of the gold content of the gold-bearing material based upon the actual test assay of such material.

(5) *Export declaration and certificate.* The exporter shall state on his export declaration that the shipment is gold refined (or the equivalent to gold refined) from imported gold-bearing materials which is being exported pursuant to the authorization contained in this section, and shall attach to his export declaration a certificate properly executed in duplicate on Form TG–16 and two true copies of the refiner's settlement sheet. In the event that exportation is made prior to procurement of the settlement sheet, duplicate certified copies of the report of the actual test assay of the gold-bearing material, together with a statement showing that an exportation with respect to such material is necessary prior to the time the settlement sheet can be procured, shall be submitted by the exporter with his export declaration and certificate on Form TG–16. The collector of customs shall forward a copy of the certificate on Form TG–16 and a copy of the settlement sheet, or the report of the test assay, to the United States assay office at New York or the United States mint at San Francisco, whichever has been designated to receive a copy of the entry.

§ 54.33 *Gold imported for re-export*[3]—(a) *Exportation promptly without license.* Gold may be imported and transported for prompt export, and exported without the necessity of holding a license, provided the gold is, in fact, exported promptly and remains under customs custody throughout the period during which it is within the customs limits of the United States. Upon the arrival in the United States of gold imported for re-export pursuant to the provisions of this section, the importer shall declare to the collector of customs at the port of entry that it will be re-exported promptly. The collector of customs shall make a notation of this declaration upon the entry and forward a copy of the entry to the Director of the Mint.

(b) *Exportation pursuant to license.* In the event that the export of any gold imported pursuant to this section is delayed due to the unavailability of facili-

[3] Attention is directed to Order No. 29 of the Foreign-Trade Zones Board (17 F. R. 5316; 15 CFR 400.803) which is applicable to gold.

ties for the onward transportation of such gold, the Director of the Mint may, subject to the following provisions, issue licenses on Form TGL–17 authorizing the importation, holding, transportation, and exportation of gold which the Director is satisfied is, in fact, imported for re-export promptly upon the completion of necessary arrangements for the transportation of such gold.

(1) Every application for a license under this section shall be made on form TG–17 and shall be filed with the Director of the Mint.

(2) Upon receipt of the application and after making such investigation of the case as may be deemed advisable, the Director of the Mint, if satisfied that the gold was, in fact, imported for re-export promptly upon the completion of necessary arrangements for the transportation of such gold, shall issue to the applicant a license on form TGL–17.

§ 54.34 *Licenses for other purposes.* The Secretary of the Treasury, with the approval of the President, shall issue licenses authorizing the acquisition, transportation, melting or treating, importing, exporting, or earmarking of gold, for purposes other than those specified in §§ 54.21 to 54.30, inclusive, 54.32 and 54.33, which, in the judgment of the Secretary of the Treasury, are not inconsistent with the purposes of the acts, subject to the following provisions:

(a) *Applications.* Every application for a license under this section shall be made on form TG–18 and shall be filed in duplicate with the Federal Reserve bank for the district in which the applicant resides or has his principal place of business. Upon receipt of the application and after making such investigation of the case as it may deem advisable, the Federal Reserve bank shall transmit to the Secretary of the Treasury the original of the application, together with any supplemental information it may deem appropriate. The Federal Reserve bank shall retain the duplicate of the application for its records.

(b) *Licenses.* If the issuance of a license is approved, the Federal Reserve bank which received and transmitted the application will be advised by the Secretary of the Treasury and directed to issue a license on form TGL–18. If a license is denied, the Federal Reserve bank will be so advised and shall immediately notify the applicant. The decision of the Secretary of the Treasury with respect to the granting or denying of a license shall be final. If a license is granted, the Federal Reserve bank shall thereupon note upon the duplicate of the application therefor, the date of approval and issuance and the amount of gold specified in such license.

(c) *Reports.* Within 7 business days of the date of disposition of the gold acquired or held under a license issued under this section, or within 7 business days of the date of export, if such exportation is authorized, the licensee shall file a report in duplicate on form TGR–18 with the Federal Reserve bank through which the license was issued. Upon receipt of such report, the Federal Reserve bank shall transmit the original thereof to the Secretary of the Treasury, and retain the duplicate for its records.

SUBPART F—PURCHASE OF GOLD BY MINTS

§ 54.35 *Purchase by mints.* The mints, subject to the conditions specified in the regulations in this part, particularly § 54.36 to § 54.44, and the general regulations governing the mints, are authorized to purchase:

(a) Gold recovered from natural deposits in the United States or any place subject to the jurisdiction thereof, which shall not have entered into monetary or industrial, professional, or artistic use, including gold contained in deposits of newly mined domestic silver:

(b) Gold contained in deposits of silver eligible for deposit at a mint for return in bar form;

(c) Scrap gold as defined in § 54.4;

(d) Gold refined from sweeps purchased from a United States mint;

(e) Gold (other than United States gold coin) imported into the United States after January 30, 1934;

(f) Gold refined (or the equivalent to gold refined) from imported gold-bearing material; and

(g) Such other gold (other than United States gold coin or gold derived therefrom) as may be authorized from time to time by rulings of the Secretary of the Treasury.

*Provided, however,* That no gold shall be purchased by any mint under the provisions of this subpart which, in the opinion of the mint, has been held at any time in noncompliance with the acts, the orders, or any regulations, rulings, instructions, or licenses issued thereunder, including the regulations in this part, or in noncompliance with section 3 of the act of March 9, 1933, or any orders,

regulations, rulings, or instructions issued thereunder.[4]

§ 54.36 *Gold recovered from natural deposits in the United States or any place subject to the jurisdiction thereof, including gold contained in deposits of newly mined domestic silver.* (a) The mints may purchase gold under § 54.35 (a) only if the deposit of such gold is accompanied by a properly executed statement as follows:

(1) A statement on form TG–19 shall be filed with each delivery of gold by persons who have recovered such gold by mining or panning in the United States or any place subject to the jurisdiction thereof.

(2) A statement on form TG–20 shall be filed with each delivery of gold by persons who have recovered such gold from gold-bearing materials in the regular course of their business of operating a custom mill, smelter, or refinery.

(3) A statement on form TG–21 together with a statement giving the names of the persons from whom gold was purchased, the amount and description of each lot of gold purchased, the location of the mine or placer deposit from which each lot was taken, and the period within which such gold was taken from the mine or placer deposit, shall be filed with each such delivery of gold by persons who have purchased such gold directly from the persons who have mined or panned such gold.

(b) In addition, the depositors shall show that the gold was acquired, held, melted and treated, and transported by them in accordance with a license issued pursuant to § 54.25 or that such acquisition, holding, melting and treating, and transportation is permitted under §§ 54.12 to 54.20, inclusive, without the necessity of holding a license.

§ 54.37 *Gold contained in deposits of silver.* Gold contained in deposits of silver, eligible at a mint for return in bar form, may be purchased by the mints: *Provided,* That the gold was not mixed with such silver for the purposes of selling gold to the United States which was not eligible for purchase by the United States under paragraphs (a), (c), (d), (e), or (f) of § 54.35.

§ 54.38 *Scrap gold.* Deposits of scrap gold must be accompanied by a statement executed on form TG–22. In addition the depositors of such gold shall establish to the satisfaction of the mint that the gold was acquired, held, and transported by them in accordance with the regulations in this part or a license issued pursuant thereto.

§ 54.39 *Gold refined from sweeps purchased from a United States mint.* Gold refined from sweeps purchased from a United States mint shall be purchased only if the deposit of such gold is accompanied by a statement executed on form TG–28.

§ 54.40 *Imported gold.* Except for gold which may be purchased in accordance with the provisions of § 54.41, the mints are authorized to purchase only such gold imported into the United States as has been in customs custody throughout the period in which it shall have been situated within the customs limits of the continental United States, and then only subject to the following provisions:

(a) *Notation upon entry.* Upon formal entry into the United States of any gold intended for sale to a mint under this subpart, the importer shall declare to the collector of customs at the port of entry where the gold is formally entered that the gold is entered for such sale. The collector shall make a notation of this declaration upon the entry and forward a copy to the mint designated by the importer.

(b) *Statement by importer.* Upon the deposit of the gold with the mint designated by the importer, the importer shall file a statement executed in duplicate on form TG–23.

§ 54.41 *Gold refined from imported gold-bearing material.* The mints are authorized to purchase gold refined (or the equivalent to gold refined) from gold-bearing material which has been either imported into the United States pursuant to a license issued under paragraph (a) of § 54.25 for sale of the gold derived therefrom to a designated mint, or imported into the United States under § 54.32 (notwithstanding the declaration made by the importer upon the entry into the United States of such gold-bearing material as required by § 54.32 (b)), whether or not such gold or gold-bearing material has been in customs custody throughout the period it has been in the

[4] Gold which has been so held in noncompliance with section 3 of the act of March 9, 1933, or the Order of the Secretary of the Treasury of December 28, 1933, may, however, be purchased in accordance with the Instructions of the Secretary of the Treasury of January 17, 1934 (§ 53.1 of this chapter), subject to the rights reserved in such Instructions and at the price stated therein.

customs limits of the continental United States, subject to the following provisions:

(a) In the case of gold-bearing material imported pursuant to license issued under paragraph (a) of § 54.25, the importer shall declare to the collector of customs at the port of entry that the gold-bearing material is being imported for sale of the gold refined therefrom to a designated mint; the collector shall make on the entry a notation to this effect and forward a copy thereof to the mint designated by the importer.

(b) In the case of gold-bearing material imported under § 54.32, if the gold refined therefrom is offered to a mint other than the mint at San Francisco or the assay office at New York, the importer shall have caused the copy of the entry described in § 54.32 (b) to be forwarded to the mint to which he is offering the gold for sale.

(c) Before any gold may be purchased under this section, the requirements of § 54.32 (b) (2) and (3) must be shown to have been complied with: *Provided, however,* That any person importing gold-bearing materials for sale of the gold refined therefrom to a mint other than the mint at San Francisco or the assay office at New York shall have caused the true copy of the record described in § 54.32 (b) (3) to be forwarded to the mint to which he is offering the gold for sale.

(d) Upon presentation of the gold to a mint or assay office for purchase, the importer shall file a statement executed in duplicate on form TG–26, together with two true copies of the settlement sheet covering the gold-bearing material imported.

(e) No gold shall be accepted for purchase under authority of this paragraph unless it is delivered to the mint and all of the terms hereof complied with within seven months from the date of the formal entry into the United States of the gold-bearing material from which it was extracted.

§ 54.42 *Deposits.* Deposits of gold described in § 54.35 and rulings issued thereunder will be received in amounts of not less than 1 troy ounce of fine gold when deposited in the following forms: Nuggets, grains, and dust which are in their native state free from earth and stone, or nearly so, retort sponge, lumps, coins, bars, kings, buttons, and scrap gold as defined in § 54..4. All deposits containing 800 thousandths or more of base metal shall be rejected. In the case of gold forwarded to a mint by mail or express, a letter of transmittal shall be sent with each package. When there is a material discrepancy between the actual and invoice weights of a deposit, further action in regard to it will be deferred pending communication with the depositor.

§ 54.43 *Rejection of gold by mint.* Deposits of gold which do not conform to the requirements of §§ 54.35 to 54.42, inclusive, or which otherwise are unsuitable for mint treatment shall be rejected and returned to the person delivering the same at his risk and expense. The mints shall not purchase gold under the provisions of this subpart from any person who has failed to comply with the regulations in this part or the terms of a Treasury gold license. Any deposit of gold which has been held in noncompliance with the acts, the orders, or any regulations, rulings, instructions or licenses issued thereunder, including the regulations in this part, or in noncompliance with section 3 of the act of March 9, 1933, or any orders, regulations, rulings, or instructions issued thereunder, may be held subject to the penalties provided in § 54.11 or section 3 of the act of March 9, 1933.

§ 54.44 *Purchase price.* The mints shall pay for all gold purchased by them in accordance with this subpart $35.00 (less one-fourth of 1 percent) per troy ounce of fine gold, but shall retain from such purchase price an amount equal to all mint charges. This price may be changed by the Secretary of the Treasury without notice other than by notice of such change mailed or telegraphed to the mints.

### SUBPART C—SALE OF GOLD BY MINTS

§ 54.51 *Authorization to sell gold.* Each mint is authorized to sell gold to persons holding licenses issued pursuant to § 54.25, or to persons authorized under § 54.21 to acquire such gold for use in industry, profession, or art: *Provided, however,* That except in justified cases, no mint may sell gold to any person in an amount which, in the opinion of such mint, exceeds the amount actually required by such person for a period of 3 months. Prior to the sale of any gold under this subpart, the mint shall require the purchaser to execute and file in duplicate a statement on form TG–24, or, if such purchaser is in the business of furnishing gold for use in industries, professions, and arts, on form TG–25.

The mints are authorized to refuse to sell gold in amounts less than 25 ounces, and shall not sell gold under the provisions of this subpart to any person who has failed to comply with the regulations in this part or the terms of his license.

§ 54.52 *Sale price.* The mints shall charge for all gold sold under this article $35.00 (plus one-fourth of 1 percent) per troy ounce of fine gold plus the regular mint charges. This price may be changed by the Secretary of the Treasury without notice other than by notice of such change mailed or telegraphed to the mints.

SUBPART H—TRANSITORY PROVISIONS

§ 54.70 *Legal effect of amendment of regulations.* This amendment of the Gold Regulations shall not affect any act done or any right accruing or accrued or any suit or proceeding had or commenced in any civil or criminal cause prior to the effective date of this amendment but all such liabilities shall continue and may be enforced as if said amendment had not been made.

NOTE: The record-keeping and reporting requirements of these regulations have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[SEAL] H. CHAPMAN ROSE,
*Acting Secretary of the Treasury.*

February 23, 1949

Acting Superintendent, United States Assay Office, New York, New York
Superintendent, United States Mint, Philadelphia, Pennsylvania
Superintendent, United States Mint, Denver, Colorado

Dear Sir:

Reference is made to my letter of December 21, 1948, and other correspondence pertaining to the cost of handling silver for the Reconstruction Finance Corporation.

Costs which were computed as of November 30 at each office indicate that there has been very little change in the over-all cost of processing this silver. It has therefore been decided to bill RFC at the costs which were used in the previous billing, i.e., $2.20 per M ounces for silver melted into 1,000 ounce bars, and $2.10 per M ounces for silver melted into coinage ingots.

The previous billing to RFC included all silver covered by Permanent Receipts numbered 1 through 46. The present billing will cover all silver processed, starting with Permanent Receipt No. 47, through the period ending February 28, 1949. There have been several Permanent Receipts issued for silver which was not operated on in the mint; these Permanent Receipts should be excluded from your report.

It is requested that each office forward a report of silver melted for RFC for the period described above, showing the following information:

(a) Chronological listing of each Permanent Receipt issued.

(b) Silver melted into ingots, and silver melted into bars, covered by each Permanent Receipt. (In some cases one Permanent Receipt may pertain to both ingots and bars.)

(c) Total fine troy ounces melted to ingots.

(d) Total fine troy ounces melted to bars.

(e) Total dollar amount due from RFC.

Bills will be prepared in this office and sent to the RFC for collection, and each office will be notified when payment has been received. Because of the unusual nature of this transaction, it is not necessary that the reimbursement be reflected in the Cost Accounts.

Present negotiations indicate that this will be the last billing to be sent to RFC, and that an amended procedure will be followed in the future. It is therefore extremely important that your report be received in this office as promptly as possible after February 28, 1949.

Very truly yours,

/S/ Nellie Tayloe Ross

Dear Sir:

Reference is made to my lettersof October 15, 1947 and February 5, 1948 pertaining to the costs of handling silver for the Reconstruction Finance Corporation.

Please recompute the costs of handling RFC silver as of the end of November 1948, and forward a cost summary to this office similar to the report requested in the letter of October 15, 1947. It is doubtful if there will be any change in the cost of receiving, cutting, and storing RFC silver, but it is expected that there will be increases in the cost of melting the silver into ingots, and melting into bars.

After the costs have been received in this office, and average costs determined, you will be advised as to the costs which will be used for billing RFC. You will then be requested to forward a summary similar to that requested in letter of February 5, 1948, showing the ounces melted into ingots, and into bars, by permanent receipt numbers, and the amount due your institution for work performed.

Very truly yours,

Director of the Mint

Superintendent, United States Mint, Philadelphia, Pa.
Superintendent, United States Mint, Denver, Colo.
Superintendent, United States Assay Office, New York, N. Y.

Dear Sirs:

Reference is made to my letter of October 15, 1947 and to other correspondence pertaining to the processing of RFC silver.

Upon reviewing the handling costs which were computed as of the end of September 1947 at each office, it has been tentatively decided to bill the RFC for processing silver at the rate of $2.20 per M ounces for silver melted into 1000 ounce bars, and $2.10 per M ounces for silver melted into coinage ingots.

It is not necessary for you to recompute the cost of handling RFC silver at this time, but you will be requested to do so at a later date.

It is requested that each Mint forward a recapitulation of RFC silver operations through December 31, 1947. All Permanent Receipts which have been issued pp to and including that date should be indicated. Receipts for silver melted into bars should be stated separately from Receipts for silver melted into ingots. In some instances it may be that one receipt may pertain to both bars and ingots; if so, the total ounces should be allocated to bars and ingots according to your records.

Bills will be prepared in this office, and sent to RFC for the total amount of silver processed at all offices through December 31, 1947, for which Permanent Receipts have been issued. Each office, however, is requested to set up Accounts Receivable for the silver processed into bars, and for that melted into ingots, at the rates indicated above and according to the Permanent Receipts which pertain to each category. For the purpose of avoiding any mis-interpretation, in this office, of your report, please itemize and total the amount due for bars, and the amount due for ingots, according to Permanent Receipts issued. You will be notified when payment has been received from RFC.

It is also requested that you submit a statement outlining the work which has been done on sweeps for RFC account. Please include a statement of any sweeps which have been sold, with payments which have been made to RFC, and also a general statement, or estimate, of sweeps material which is now on hand, or being processed for RFC account. We will undoubtedly be questioned by RFC representatives regarding the processing of sweeps, and would like to have the information available.

If any other work has been done in your institution for RFC which is not covered above, it should be brought to our attention at this time so that bills can be prepared and sent to RFC.

Please forward your reply promptly.

Very truly yours,

/S/ Nellie Tayloe Ross

RE: Transfer of Refined Silver from
St. Louis, Mo. to the U. S. Mint,
Denver, Colorado JMcG

Shipping Release No. 5545

The Federal Reserve Bank of St. Louis is holding for account of this Corporation, 375,408.89 troy ounces of silver in bars which we desire to transfer to the United States Mint at Denver, Colorado.

You are requested to make arrangements for prompt delivery of this material to the U. S. Mint at Denver, Colorado via Railway Express Agency.

Shipment is to be made in the name of the Reconstruction Finance Corporation consigned to the U. S. Mint at Denver, Colorado, express prepaid, "Tax exempt pursuant to Section 8 of the RFC Act, as amended". The value of this silver, which was produced from lead concentrates of foreign origin, is $290,941.89, computed at the rate of 77½ cents per ounce. Please offer this material to the Railway Express Agency as one shipment, however, if the Railway Express desires to make more than one shipment, they should agree in writing to protect the rate of $4.35 per th thousand dollars valuation which includes pick up and delivery service on each end.

The Mint at Denver has requested that the silver be delivered as early as possible on any day of their working week which is Monday through Friday. The reason being that personnel necessary for handling the bars work an early shift. Please notify the U. S. Mint, Denver as this material moves forward, sending two copies of such notification to this office and one copy to Mr. Hudson, Manager, RFC, Denver.

This material will move under the protection of the "Government Loss in Shipment Act" and it will be necessary to prepare eight copies of the attached form for each shipment. This "Act" requires that the following procedure be followed.

ALEXANDER - MANAGER -
RFC - ST. LOUIS, Mo.

November 4, 1948

Each shipment must be inspected and verified by two responsible employees of the Federal Reserve Bank before final preparation for delivery to carrier and must be finally prepared for such delivery in their presence and before leaving their immediate control

The attached form is to be filled out for each shipment showing:

1. Name and address of consignee.
2. Complete description of contents including valuation.
3. Registry, lock or rotary numbers, if any, under which shipped.
4. Number of registry or carrier receipt.
5. Method of transportation employed.
6. Date and hour of delivery to carrier.
7. Record of signatures of employees who had custody until delivery to carrier.
8. Record of signatures of employees making inspection and verification.
9. Name of carrier.

The original and six copies of this report are to be mailed SPECIAL DELIVERY on the day of shipment to the consignee with one copy to this office. Upon receipt and verification of shipment, one copy will be acknowledged by the Denver Mint and returned to the Federal Reserve Bank of St. Louis.

Kindly instruct the express company to furnish this office with two copies of tax free express receipts accompanied by our Form 100 in duplicate. Express receipts are to carry the notation: "Tax exempt pursuant to Section 10 of RFC Act, as amended".

We attach hereto a small supply of Form 100 together with instructions sheet covering preparation of the form.

Dear Sir:

Copies of your letter of May 6, 1948 and Mr. Miller's memorandum of the same date have been given to the Reconstruction Finance Corporation.

The lists of the various lots which we have sent you are to be followed in determining the sequence of melting the various lots, only when it is convenient for you to do so. The RFC does not desire to incur any extra expense in selecting specific lots for treatment.

Very truly yours,

Dear Sir:

Reference is made to my letter of February 5, 1948, in which each office was requested to forward a recapitulation of amounts due from the Reconstruction Finance Corporation for silver processed into coinage ingots, and into commercial bars, as of December 31, 1947. Each office was requested to set up an Account Receivable for the amount due.

A check has been received from the RFC, dated April 16, 1948, in the amount of $223,172.42, in payment of the charges submitted. The amount due each office is as follows:

| | |
|---|---|
| Philadelphia | $ 25,408.72 |
| Denver | 96,763.83 |
| New York | 100,999.87 |
| Total | $ 223,172.42 |

The check will be deposited by this office as a reimbursement to the 1948 appropriation, Salaries and Expenses, Mints and Assay Offices, 2081600, and each office is requested to make appropriate notations in their records to properly account for the transaction.

Dear Sir:

Reference is made to the procedure which should be followed in connection with the handling of sweeps in order to allow the Reconstruction Finance Corporation credit for an equitable share of silver included in sweeps as a result of Mint operations on silver returned by that Corporation.

These instructions are based upon the presumption that it will be practicable to physically segregate sweeps belonging to the RFC, and those belonging to the Mint, before the sweeps are offered for sale.

After the sweeps have been processed in form for sale they should be physically segregated according to the following classifications:

(a) M&R sweeps
(b) Deposit Division sweeps
(c) RFC sweeps

Segregation of the sweeps according to the foregoing categories must be made upon a basis which is fair and equitable to both the Mint and the RFC. In some cases the operations may permit physical segregation of the sweeps as they are accumulated, i. e., it will be possible to separately identify certain lots of sweeps that result solely from operations on RFC silver. Under such circumstances there will, of course, be no necessity for working out a segregation on a percentage basis. In other cases, however, operations will be such that Mint sweeps and RFC sweeps will be mingled and in these instances it will be necessary to physically divide the sweeps between those belonging to the Mint and those belonging to the RFC.

In view of the varying conditions at each institution involving the physical handling of RFC silver no fixed formula is prescribed for physically segregating sweeps. This segregation should be made in the light of all the facts available with respect to operations on RFC silver, and silver for the Mint's own account, during the period in which the sweeps were accumulated. It is possible that the method of segregation may vary, from time to time, depending upon the character of your operations during a particular period, or the source from which sweeps are accumulated. As previously stated, the segregation, regardless of the method employed, should be equitable to both the Mint and the RFC.

It is not contemplated that an odd bag of sweeps shall be split in order to accomplish an exact division between RFC and Mint sweeps.

After the sweeps have been segregated, as above, the M&R sweeps and the Deposit Division sweeps should be disposed of in accordance with standard practice. There should be no problem involved in connection with the disposal of these categories of sweeps inasmuch as the procedure for advertising, sale, and accounting for proceeds are well established. In the case of the M&R sweeps, the account will be credited with ounces and value based upon the gold and silver content thereof. Any difference between the amount of the proceeds derived from sale, and the assayed value of the sweeps will be charged to the appropriation, as per usual practice. In the case of Deposit Division sweeps, the entire proceeds will be deposited into the Treasury as a miscellaneous receipt, inasmuch as values contained in such sweeps have never been taken into the Mint accounts. This is also in accordance with usual practice.

The disposal and accounting for proceeds derived from sale of the third category of sweeps - RFC sweeps - will present certain difficulties which have not existed heretofore. In the first place it is likely that these sweeps will contain some gold, the proceeds of which may not accrue to the RFC. Secondly, the gold contained in the RFC sweeps may belong to (a) the M&R or (b) to the Deposit Division.

In view of the foregoing, a separate bid and check should be obtained for RFC sweeps. When the purchaser's check is received it should be placed in the Special Deposit account with the Regional Disbursing Officer, pending distribution as described in the following paragraphs.

For purposes of illustration it may be assumed that a certain lot of RFC sweeps have a value, based on assay, as follows:

| | | | |
|---|---|---|---|
| Gold | 428,571 fine ounces at $35 | $15,000 | (15%) |
| Silver | 118.055.55 fine ounces at $.72 | 85,000 | (85%) |
| | Total Value | $100.000 | |

Assuming that $90,000 was paid by the purchaser for the sweeps the proceeds would be divided as follows:

| | | |
|---|---|---|
| Mint for gold - 15% of $90,000 | $ 13,500 | (15%) |
| RFC for silver - 85% of $90,000 | 76,500 | (85%) |
| Total proceeds | $ 90.000 | |

A voucher would then be drawn against the Special Deposit for $13,500, and that amount deposited in the Treasury as a Miscellaneous Receipt, if the gold belonged to the Deposit Division. If the gold belonged to the M&R the check for $13,500 would be taken to the Bullion Fund cash account, together with another check for $1,500 obtained by drawing a voucher on the appropriation to cover loss on the sale of sweeps.

The amount contained in the Special Deposit account; $76,500 in the above hypothetical case, would be paid to the RFC. This should be accomplished by preparation in your office, of a 1034 voucher form in favor of the RFC, supported by appropriate explanation and reference to the contract on which the sweeps were sold. The voucher should then be transmitted to this office, in triplicate, in order that we may obtain the signature of an RFC official and return it to you for payment in the usual manner. When the voucher has been paid this office should be advised of the date of payment.

If there are any procedures in these instructions which you consider impractical, or unduly burdensome from an administrative or accounting viewpoint, I shall appreciate your comments thereon.

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeated message and paid for as such, in consideration whereof it is agreed between the sender of the message and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeated-message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeated-message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines.

2. In any event the Company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the actual loss, not exceeding in any event the sum of five thousand dollars, at which amount the sender of each message represents that the message is valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeated-message rate is paid or agreed to be paid, and an additional charge equal to one-tenth of one per cent of the amount by which such valuation shall exceed five thousand dollars.

3. The Company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.

4. Except as otherwise indicated in connection with the listing of individual places in the filed tariffs of the Company, the amount paid for the transmission of a domestic telegram or an incoming cable or radio message covers its delivery within the following limits: In cities or towns of 5,000 or more inhabitants where the Company has an office which, as shown by the filed tariffs of the Company, is not operated through the agency of a railroad company, within two miles of any open main or branch office of the Company; in cities or towns of 5,000 or more inhabitants where, as shown by the filed tariffs of the Company, the telegraph service is performed through the agency of a railroad company, within one mile of the telegraph office; in cities or towns of less than 5,000 inhabitants in which an office of the Company is located, within one-half mile of the telegraph office. Beyond the limits above specified the Company does not undertake to make delivery, but will endeavor to arrange for delivery as the agent of the sender, with the understanding that the sender authorizes the collection of any additional charge from the addressee and agrees to pay such additional charge if it is not collected from the addressee. There will be no additional charge for deliveries made by telephone within the corporate limits of any city or town in which an office of the Company is located.

5. No responsibility attaches to this Company concerning messages until the same are accepted at one of its transmitting offices: and if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.

6. The Company will not be liable for damages or statutory penalties in the case of any message except an intrastate message in Texas where the claim is not presented in writing to the Company within sixty days after the message is filed with the Company for transmission, and in the case of an intrastate message in Texas the Company will not be liable for damages or statutory penalties where the claim is not presented in writing to the Company within ninety-five days after the cause of action, if any, shall have accrued; provided, however, that neither of these conditions shall apply to claims for damages or overcharges within the purview of Section 415 of the Communications Act of 1934.

7. It is agreed that in any action by the Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.

8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.

Dear Sir:

As of September 30, 1947, approximately one hundred million ounces of silver, which was returned to the Mint Offices by the RFC, had been processed into commercial bars or coinage ingots, and permanent receipts were issued for that quantity.

It is requested that each office prepare a recapitulation of RFC silver operations showing the following information: (a) total silver received, (b) silver melted into coinage ingots, (c) silver melted into one thousand ounce bars, (d) balance of silver on hand September 30, 1947. Include in (d) any unfinished lots as of September 30.

Please indicate if all permanent receipts, which have been initiated by your Institution, relate in total either to coinage ingots or to commercial bars, or if the silver covered by any one permanent receipt has been melted into both ingots and bars?

Instructions were issued for each office to accumulate the costs of processing RFC silver and a procedure was established at each office for that purpose. It is requested that these costs be reviewed and a cost summary forwarded to this office showing the following information:

1. Cost of receiving, cutting, storing, etc., of RFC silver.
2. Cost of melting RFC silver into coinage ingots.
3. Cost of melting RFC silver into one thousand ounce bars.

Incidental costs such as removal from storage, assaying, re-storage, etc., will be included in the above functions as provided in the cost procedures.

For each of the above operations, the number of ounces, direct labor charges, overhead charges, total cost and the cost per thousand ounces should be indicated. Administrative overhead, etc., may be shown as an additional cost.

In computing the cost of melting RFC silver into coinage ingots, the cost of alloy copper should be excluded.

Please forward reports promptly showing the information requested.

Very truly yours,

## COMMENTS ON RFC SILVER COST

Due to the excessive amount of annual leave granted in July and August, the cost of the manufacture of coinage ingots is far above the estimated cost of fifteen percent of the direct labor cost. This is evidenced by the following:

| | Direct Labor | Estimated Cost | Actual Leave Cost | Ammount of Variation |
|---|---|---|---|---|
| Fiscal Yr. 1947 | 7,187.08 | 1,078.06 | 669.16 | -408.90 |
| 1st Quarter 1948 | 9,893.60 | 1,484.04 | 8,356.40 | ⁄6,872.36 |
| Totals | $17,080.68 | 2,562.10 | 9,025.56 | ⁄6,463.46 |

If adjustments were made for the excessive amounts charged, the rate per thousand ounces processed would be as follows:

| | | | |
|---|---|---|---|
| Departmental Overhead cost | $31,818.78 | | |
| Deduct-excessive leave | 6,463.46 | | |
| Net Departmental Overhead | | 25,355.32 | |
| Direct Labor | | 17,080.68 | |
| Total operating cost on Coinage Ingots | | | 42,436.00 |
| Total weight ingots processed | | | 9,211,506.57 troy ozs. |
| Cost per thousand troy ozs. processed | | | 4.60684 |

The same is true (inversely) of the Receiving costs and the Thousand Ounce Bar cost. The cost of leave in the receiving of the RFC silver would be increased $986.46 making the cost per thousand ounces processed .17075 The Thousand Ounce Bar cost of leave would be increased $1,036.29 making the cost per thousand ounces processed $1.72757

Superintendent, United States Mint, Philadelphia, Pennsylvania
Superintendent, United States Mint, Denver, Colorado
Superintendent, United States Assay Office, New York, N. Y.

Dear Sir:

The agreement between the Reconstruction Finance Corporation and the Treasury, a copy of which was forwarded to you by letter dated September 27, 1946, contemplates that Permanent Receipts will be issued to replace Custody Receipts when the fine weight of a lot (or lots) of silver has been determined. These permanent receipts are to follow the form of the enclosed specimen receipt, rather than the form of the receipt attached to the agreement referred to above. The receipts should be prepared in quintuplicate, the original and three copies being forwarded to the Bureau by letter of transmittal.

The receipts will not be dated or numbered by you in the upper right-hand corner; this space being reserved for use by the Bureau and the Secretary's office. The Bureau will insert the number of each permanent receipt and maintain a control to prevent assignment of duplicate numbers. It is considered that permanent receipts issued by the Secretary of the Treasury covering return of Reconstruction Finance Corporation silver should be in chronological andnnumerical sequence, which could not be accomplished if the receipts were numbered and dated by each Mint.

As indicated above, the permanent receipts will be numbered by the Director's Office, and dated and signed in the Secretary's Office. Following signature by the Secretary a conformed copy (showing number, date and the signing officer) will be forwarded for your files to serve as a supporting document for the accounting transaction referred to in the following paragraphs. If a conformed copy of the receipt is not returned to you within fifteen days after forwarding to the Bureau the matter should be brought to our attention.

At Philadelphia the silver should be taken up in the Bullion Fund account: "Silver Purchase Act 6-19-34" at the rate of $0.4666666666 per fine ounce, until such time as 40,000,000 fine ounces have been received. At Denver the silver should be taken up in the same account, and at the same rate, until such time as 34,194,633.61 fine ounces have been received. Silver received by Philadelphia and Denver in excess of

the foregoing amounts should be taken up in the Bullion Fund Account "Silver Bullion Securing Certificates" at the rate of $1.2929292929 per fine ounce. All silver received by New York shall be taken up in the latter account, and at the same rate. These transactions are to be credited in the Treasurer's account as transfer of funds from the Reconstruction Finance Corporation, Office of Defense Plants. The following caption should be made in the Bullion Accounts Current for silver received in accordance with the foregoing procedure: "Silver Bullion transferred from the Reconstruction Finance Corporation, Office of Defense Plants".

A Form 12 document should be prepared to cover each quantity of silver represented by a permanent receipt. Copies of the Form 12 should be distributed as follows:

a. Blue copy (Debit Voucher), unsigned, should be forwarded with a letter of transmittal to the Treasurer of the United States, Division of General Accounts, Washington 25, D. C.

b. Yellow copy (Credit Voucher) should be attached to the transcript in support of the entry therein and forwarded to the Treasurer of the United States, Accounting Division, Washington 25, D. C.

c. White copy (Receipt for Forwarding Bank) should be sent to the Reconstruction Finance Corporation, Office of Defense Plants, Washington 25, D. C., Attention: Mr. H. P. Jenkins.

d. Salmon copy (Office Copy for Forwarding Bank) is not needed.

e. Pink copy (Receipt for Receiving Officer) should be retained by the receiving Mint or Assay Office.

All copies of the Form 12 documents should show the number of fine ounces of silver involved, a nd the rate at which it is valued. The blue copy of Form 12 (Debit Voucher) will not be signed, but the other copies shall bear authorized signatures.

Very truly yours,

/s/ Nellie Taylor Ross

Dear Sir:

Reference is made to the Bureau's telegram of October 15, 1946, which refers to the Custody Receipt prepared by Mr. Miller for certain silver received from the Reconstruction Finance Corporation.

The Reconstruction Finance Corporation and the Bureau are considering Mr. Miller's receipt as Custody Receipt No. 1-D. Other Custody Receipts prepared by you will, of course, be prepared in numerical sequence, with a letter "D" after each number.

Please advise the Bureau as to the disposition you propose to make the silver obtained by Mr. Miller. The Reconstruction Finance Corporation does not want it returned to them and would prefer to have the Mint recover the silver contained in the bars and electrodes, resulting in the issuance by the Treasury, eventually, of a permanent receipt.

Very truly yours,

/s/ Leland Howard
Acting Director of the Mint.

Dear Sir:

This will confirm previous advice furnished you that in order to speed up the return of silver from the Reconstruction Finance Corporation, and at the same time to keep costs at a minimum, it has been decided that upon receipt by your institution the silver will be weighed on avoirdupois scales. Until such time as an avoirdupos scale is installed in the New York Assay Office, that institution will use troy scales.

In issuing custody receipts please cross out the words "troy or" which now appears in the form, and enter in the appropriate space provided the gross avoirdupois ounces.

At the bottom of the receipt, below the Superintendent's signature, please indicate the calculated gross troy weight obtained by multiplying the gross avoirdupois ounces by the factor 14.58333333.

Very truly yours,

/s/ Leland Howard
Acting Director of the Mint.

Gentlemen:

Referring to the Bureau's letter of November 4, regarding silver receipts from the Reconstruction Finance Corporation.

As a result of further conference with the Reconstruction Finance Corporation and the Philadelphia Mint, it was decided to amend the Custody Receipt to include some additional data. A copy of a newCustody Receipt, now in use at the Philadelphia Mint, is appended. A similar type of document should be used by you in the future, making appropriate changes in the wording as to place of delivery.

Please forward promptly to the Bureau copies of all Custody Receipts already issued by you to date and, in the future, forward copies to the Bureau as soon asthey are issued.

Correcting the Bureau's letter of November 4, 1946, the last paragraph should provide that the calculated gross troy weight ozs. is obtained by multiplying the gross avoirdupois pounds by the factor 14.58333333.

Very truly yours,

# PROCEDURE FOR MELTING RFC SILVER INTO COINAGE INGOTS

(A)

RFC-1. Accurate records will be kept of the direct labor of receiving, cutting, weighing and storing of RFC Bus Bars. The actual hours spent on this work will be reported on the Individual Time Sheets, Form #1077, as Job No. RFC-1.

These direct labor charges, together with applicable overhead, will be shown on the Cost Report in the Deposits Division, captioned "RFC Bus Bars".

(B)

RFC-2. The labor costs of removing RFC Bus Bars from storage, cutting, and delivery to make-up room will be reported on Time Sheet as Job No. RFC-2.

These labor charges, with applicable overhead, will be apportioned in the Cost Report to the Deposits Division and to M&R Dept. make-up costs.

(C)

RFC-3, 4 and 5. The make-up costs of preparing RFC bus bars for melting into coinage ingots will be reported on the Time Sheets as Job No. RFC-3, or Job No. RFC-4, or Job No. RFC-5.

Job No. RFC-3 - Make-up costs of RFC 10 c ingots
" " RFC-4 - " " " " 25 c "
" " RFC-5 - " " " " 50 c "

(D)

RFC-6, 7, 8. The labor costs of melting RFC bus bars into coinage ingots, will be reported on the Time Sheets as Jobs No. RFC-6, or RFC-7, or RFC-8.

Job No. RFC-6 - Melting costs of RFC 10 c ingots
" " " 7 - " " " " 25 c "
" " " 8 - " " " " 50 c "

(E)

RFC-9. Assays of the RFC coinage ingots referred to in function (D) will be used to determine the silver content of RFC coinage ingots for giving a Permanent Receipt to RFC for the fine silver content. These assays will be reported by the Assayer as "Assays on RFC coinage ingots".

Assays of coinage ingots made from blanks, clips, etc. returned by the Coiner will not be included here.

(F)

RFC-10, 11, 12. The labor costs of transfer-weighing RFC coinage ingots will be reported on the Time Sheet as Job No. RFC-10, or RFC-11, or RFC-12.

Job No. RFC-10 - Transfer weigh costs of RFC 10 c ingots
" " " 11 - " " " " " 25 c ingots
" " " 12 - " " " " " 50 c ingots

After the ingots are transferred to the Coiner, labor costs will be reported under the regular Job Numbers. Clips and blanks returned to the M&R Dept. by the Coiner will be handled and melted under regular job numbers and not under RFC job numbers.

(G)

The direct labor costs of functions (C) through (F), together with applicable overhead costs will be reflected in the Cost Report as coinage costs. These coinage costs will not be credited out of the coinage functions when reimbursements are received from RFC.

PROCEDURE FOR MELTING RFC SILVER INTO 1000 OZ. BARS

Function (A) as explained above will remain unchanged and the same job no. will be used. (Much of the RFC silver may already have been received and placed in storage).

(H)

RFC-13. The labor costs of removing RFC bus bars from storage, cutting, and delivery for melting into 1000 oz. bars will be reported on the Time Sheet as Job No. RFC-13.

(I)

RFC-14. The labor costs of melting RFC bus bars into 1000 oz bars will be reported on the Time Sheet as Job No. RFC-14.

(J)

RFC-15. Assays of the 1000 oz. bars referred to in (I) will be used to determine the silver content of the bars for giving RFC a Permanent Receipt for the fine silver content. The Assayer will report these assays to the Cost Accountant as "Assays on RFC 1000 oz. bars".

(K)

RFC-16. The labor costs of weighing, stamping, and storing the 1000 oz. bars will be reported on the Time Sheets as Job No. RFC-16.

(L)

The direct labor costs of functions (H) through (K), together with applicable overhead costs will be reflected on the Cost Report in the Deposits Division, captioned "RFC bus bars".

MISCELLANEOUS

Separate Cost Account Buff cards will be used for recording the costs of receiving and processing RFC silver. These cars will constitute a permanent record of RFC costs.

Functional costs, per 1000 ozs. will be computed after a sufficient amount of silver has been processed to determine average costs. These functional costs will be used for preparing charges to be billed to RFC.

In computing functional costs, per 1000 ozs. consideration should be given

to the break-off of labor charges within a calendar month. For example: labor costs through October 19 were included in the October Cost Report. The amount of silver processed as of that same date would be used in determining the procwssing costs.

PROCEDURE FOR MELTING RFC BUS BARS INTO 1000 OZ BARS

(A)

RFC-1. Accurate records will be kept of the actual labor costs of receiving bus bars, weighing, (cutting), storing, etc. The total number of hours worked on this function will be reported on the Individual Time Sheets, Form #1077, as Job No. RFC-1.

(B)

RFC-2. RFC bus bars will be assayed upon receipt. The Assayer will keep a record of these assays and report them to the Cost Accountant as "Assays on RFC bus bars".

(C)

RFC-3. The labor costs of removing RFC bus bars from storage, cutting, (weighing) etc., and delivery to the melting rooms will be reported on the Time Sheets as Job No. RFC-3.
NOTE: If RFC bus bars are received at the rate of 60 tons per week, weighed and cut and sent direct to the melting pot rather than to storage, Function (C) will be eliminated, and all of the handling costs, prior to melting, reported under Function (A) to Job No. RFC-1.

(D)

RFC-4. The labor costs of melting RFC bux bars into 1000 oz. bars will be reported by the melting department, on the Time Sheet, to Job No. RFC-4.

(E)

RFC-5. Assays will be made of the 1000 oz. bars referred to in Function (D). These assays will be used to determine the silver content of the bars for crediting RFC with the fine silver content. The Assayer will report these assays to the Cost Accountant as "Assays on RFC 1000 oz. bars".

(F)

RFC-6. The labor costs of weighing, stamping, and storing the 1000 oz. bars will be reported on the Time Sheet as Job No. RFC-6.

Note - The cost of RFC 7 & 8 may be included with receiving and melting charges or they may be billed to RFC as "transportation charges". This will be determined later.

RFC-7 & 8. The labor costs of removing 1000 oz. bars from storage and getting them ready for shipment to West Point will be reported on the Time Sheet as Job No. RFC-7.

The labor costs of receiving the 1000 oz. bars at West Point and storing them will be reported on the Time Sheet as Job. No. RFC-8. Expenses which are paid from the appropriation "Transportation of Bullion and Coin" will not be included here.

Note - The direct labor costs of the above functions, together with all applicable overhead charges, will be shown on the Cost Report in the Deposits Division, captioned - "RFC Bus Bars". The RFC functions will be charged a proportionate share of the overhead expenses.

---

PROCEDURE FOR MELTING RFC BUS BARS INTO COINAGE INGOTS

Functions (A) (B) and (C) as explained above will remain unchanged and the same Job Numbers will be used. Much of the silver bus bars may already have been received, and placed in storage. If bus bars are later melted into ingots, the costs of receiving and storing, and removal from storage, etc., will be shown on the Cost Report in the Deposits Division.

RFC-9-10-11. The make-up costs of preparing RFC bus bars for melting into coinage ingots will be reported by the make-up department, on the Time Sheet, as Job No. RFC 9, or RFC 10, or RFC 11.

Job No. RFC 9-make-up costs of RFC 10¢ ingots
Job No. RFC 10- " " " " " 25¢ "
Job No. RFC 11- " " " " " 50¢ "

Make-up costs, with applicable overhead charges will be shown on the Cost Report opposite the caption - "Make-up Section-Coinage".

RFC-12-13-14. The labor costs of melting RFC bus bars into coinage ingots will be reported on the Time Sheet as Job No. RFC-12, or RFC-13, or RFC 14.

Job No. RFC 12- melting costs of RFC 10¢ ingots
Job No. RFC 13- " " " " 25¢ ingots
Job No. RFC 14- " " " " 50¢ ingots

The melting costs, plus overhead charges, will be shown on the Cost Report opposite the caption, "Ingot Melting-Silver".

(J)

RFC-15. Assays will be made of the RFC coinage ingots referred to in Function (I). These assays will be used to determine the fine silver content of the RFC coinage ingots to give RFC a permanent receipt for the silver.

These assays will be reported by the Assayer as "Assays on RFC Coinage Ingots", and will be charged to the Coinage Function in the Cost Report.

(K)

RFC-16-17-18. The labor costs of weighing, etc., RFC coinage ingots will be charged on the Time Sheet to the appropriate RFC Job No.

Job No. RFC 16-weighing (etc.) RFC 10¢ ingots
Job No. RFC 17- " " " 25¢ "
Job No. RFC 18- " " " 50¢ "

These weighing costs, with overhead charges, will be shown on the Cost Report as a coinage function.

---

Costs of packing ingots for shipment to Philadelphia will not be included in RFC costs.

MISCELLANEOUS

Separate Cost Account Buff Cards will be used for recording the costs of handling and processing RFC silver. These cards will constitute a permanent record of RFC costs, and the accumulated costs will be used to determine the handling costs, per 1000 ozs., of RFC silver.

The account numbers used above are for illustrative purposes. Other numbers may be assigned to the various functions, if desired, but they should be designated as RFC numbers.

Functional costs, per 1000 ozs., will be computed after a sufficient amount of silver has been processed to determine average costs. These functional costs will be used for preparing charges to RFC. Billing instructions will be issued later.

In computing functional costs, per 1000 ozs., consideration should be given to the break-off of labor charges within a calendar month. For example:- labor costs through October 19 are included in the October 1946 report, the amount of silver processed as of that date should be used to determine the processing costs.

Dear Sir:

Enclosed for your information is a copy of a Procedure for handling RFC Silver which has been sent to the Philadelphia Mint. A revised cost accounting procedure for the Transfer Weigh function at Philadelphia is also enclosed.

These procedures should be tentatively put into effect at your institution in so far as they are adaptable to your physical handling of RFC silver and the Transfer Weigh function.

These matters will be reviewed and discussed in detail by the Mint field examiner who will visit your Mint in the near future.

Dear Sir:

Enclosed is a copy of a Procedure for handling silver which will be delivered to the Philadelphia Mint by the Reconstruction Finance Corporation. The Procedure includes proposed job numbers to be used for the purpose of recording the costs of handling RFC silver. These costs will be used as the basis of charges to RFC.

The Procedure outlined has been discussed in detail by the Mint field examiner with the heads of the various departments of your institution who are concerned with RFC silver. If unforseen difficulties arise, they should be brought to the attention of this office.

The matter of weighing RFC silver upon receipt on troy scales or avoirdupois scales was also discussed. In view of the fact that your RFC cost estimate contemplated using an avoirdupois scale, it is believed that the silver should be weighed, upon receipt, in that manner. Weighing on troy scales would unnecessarily increase the receiving costs.

RFC silver may be used for foreign coinage, in which event, appropriate job numbers will be assigned by the Cost Department to record the RFC costs as well as the foreign coinage costs.

Very truly yours,

Acting Director of the Mint.

# PROCEDURE FOR HANDLING RFC SILVER

(A)

RFC - 1 The labor of receiving, weighing, drilling for assay, stencilling, storing, etc. of RFC bus bars will be performed by the transfer weigh crew. Accurate records will be kept of the hours worked and this labor will be charged on the Individual Time Sheets, Form #1077, to Job No. RFC-1.

These direct labor charges, together with applicable overhead charges, will be shown on the Cost Report in the Deposits Division, captioned "RFC Bus Bars".

(B)

RFC - 2. During function (A) the bus bars will be drilled or chipped for assay purposes. The assayer will keep a record of these assays and report them to the Cost Department as "Assays on RFC Bus Bars". These assay costs will also be included in the Cost Report in the Deposits Division.

(C)

RFC - 3. When the M&R Department is ready to melt RFC bus bars, the bars will be removed from storage by Transfer Weigh crew and delivered to the M&R Department. These labor charges will be reported on the Time Sheets as Job No. RFC-3.

These direct labor charges will be considered as receiving and storing costs and will be charged in the Cost Report to the Deposits Division.

?

Note

In the following functions it will be absolutely necessary that RFC silver bus bars are kept separate and apart from other silver such as clips and blanks returned from the coiner. If clips and blanks should become mixed with the RFC silver, the RFC would be given credit for silver belonging to the Mint - resulting in a loss or wastage to the Mint.

(D)

RFC 4, 5 & 6. The make-up costs of preparing RFC bus bars, including cutting, for melting into coinage ingots will be charged by the Make-Up Department on the Time Sheet to Job No. RFC-4, or RFC-5, or RFC-6.

Job No. RFC-4 - Make-up costs of RFC 10 c ingots
Job No. RFC-5 - " " " " " 25 c "
Job No. RFC-6 - " " " " " 50 c "
Foreign (numbers to be assigned)

Make-up costs will be charged in the Cost Report to the M&R Department opposite the caption "Make-up Section - Coining".

(E)

RFC - 7, 8 & 9. Direct labor charges incurred in melting RFC bus bars into coinage ingots will be charged by the melting room, on the Time Sheet, to Job No. RFC-7, or RFC-8, or RFC-9.

Job No. RFC-7 - Melting costs of RFC 10 c ingots
Job No. RFC-8 - " " " " 25 c "
Job No. RFC-9 - " " " " 50 c "
Foreign (numbers to be assigned)

The melting charges will be charged in the Cost Report to the M&R Department, opposite the caption "Ingot Melting - Silver".

(F)

RFC - 10. Assays will be made of the RFC coinage ingots referred to in function (e). These assays will be used to determine the silver content of the RFC coinage ingots to give credit to RFC for the fine silver content.

These assays will be reported by the Assayer as "Assays on RFC coinage ingots" and will be charged to the coinage function in the Cost Report. Assays on coinage ingots made from blanks, clips, etc. returned by the Coiner will not be included here.

(G)

RFC-11, 12 & 13. The labor costs of transfer-weighing RFC coinage ingots will be charged by the transfer-weigh crew on the Time Sheet to the appropriate RFC Job No.

Job. No. RFC-11 - Transfer-weigh costs of RFC 10 c ingots
Job No. RFC-12 - " " " " " 25 c "
Job. No. RFC-13 - " " " " " 50 c "
Foreign (numbers to be assigned)

Note

In this function as the RFC coinage ingots are weighed, the actual silver content is determined for the purpose of giving a Permanent Receipt to the RFC. The ingots are then transferred to the Coiner. From that time on, it is no longer necessary to refer to the ingots as RFC ingots. Clips and blanks which are later returned by the Coiner will not be processed under RFC Job numbers, but will be handled under the regular procedure which previously prevailed.

## Miscellaneous

Separate Cost Account Buff Cards will be used for recording the costs of handling and processing RFC silver. These cards will constitute a permanent record of the RFC costs, and the accumulated costs will be used to determine the handling costs, per 1000 ounces, of RFC silver.

The account numbers used above are for illustrative purposes. More appropriate numbers may be assigned to the various functions, if desired, but they should be designated as RFC numbers.

As reimbursements are received from RFC, adjustments will not be made to remove the costs applicable to RFC from the Coinage functions. If this were done, the actual costs of producing domestic coinage would be seriously distorted.

Dear Sir:

The accounting procedure which has been devised for recording the handling costs of RFC silver included job numbers to be assigned to functions performed by the Transfer Weigh Crew. For the purpose of allocating a proportionate share of overhead charges to the RFC costs, it is necessary that certain changes be made in your general cost accounting procedure.

The transfer weighing function will become an overhead center, and appropriate job numbers (in addition to RFC job numbers) will be assigned by the Cost Department to each function performed by the Transfer Weigh Crew. At the end of a month the Transfer Weighing overhead will be apportioned to the various functions performed during the month. The total costs including overhead will then be transferred from the Transfer Weighing account to the appropriate accounts or functions which should bear the Transfer Weigh costs.

Representative Transfer Weigh functions which should be given job numbers, and the account or function to which the total costs should be transferred, are shown below:

| Function | Disposition |

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton", shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order, you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser, at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

I am sending this gold dust to you for assay following my phone conversation yesterday with Reg McGee from The Detroit Free Press Action Line.

It was found among the contents of an old carpenter's tool chest and I assume it was used for gold-leaf work. It is my desire to sell it and to this end, I contacted Action Line for assistance and was referred to your office.

I enclose a money order for $11.00.

Thank you,

Jean Marie Weber

The other day I came across an old chest in the attic that belonged to my husband's grandfather. When I opened it, I found a small bottle containing what appears to be several ounces of gold dust. With gold going for around $240 an ounce, I figure I may have chanced upon a few hundred bucks here. I know that the gold rush days are over, but is there still anywhere to have this dust assayed?

— J.W., Plymouth

If it's really gold in that thar chest, U.S. Mint in Denver can tell you. The Denver Mint has been in operation since 1906 and is the only one of the three U.S. mints that will assay gold, silver or metallic ores. Before the dollar signs start to light up in your eyes, though, be forewarned that your attic discovery, even if it's real, isn't going to put you on easy street. A Mint spokesman said that the cost of refining gold dust into something sellable could take up most of its value. If you still want to check it out, package the precious dust, insure it and send it with an $11 money order to U.S. Mint, Assay Department, 320 W. Colfax St., Denver, Colo. 80204.

2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. SHOW ON PACKAGES:

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Shaffer/Eaton" shall be safely stored separately and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR U.S. CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Dear Mr. Reed,

I have received the assay slip which you sent me. I find myself in a position of being unemployed and cannot afford to spend any more money for assaying at the present time. Therefore I request that you return the 8oz. sample which I sent you. If at some further ~~#~~ time I find myself in a better financial position I will return the sample with the requested $200 to ~~assay~~ analyze for lead. Please note the change in address. Thank you for your help and consideration.

Sincerely yours,
Randy M. Shapiro

Dear Mr. Lawrence,

As per your letter of February 9, 1979 I am sending a half-pound sample as well the charge of $11 which is what you underlined on the price sheet. If you find additional tests are needed please retain the sample and notify me of any charges and I will immediately submit a check for further payment. Also upon determining the contents of the metal please give me the address of a company that I could contact to sell this metal, if you have this information available. Once again, I would appreciate any help you can offer me and again, as soon as possible. Thank you for all your help and consideration.

Very sincerely,

Dear Sir,

I have a large quantity of metal of which I had sent a sample to the U.S. Assay Office in New York. After testing this sample they telephoned me to inform me that it was neither gold nor silver. I was then referred to your office so I have enclosed the sample which the New York office returned to me. Please test this sample and inform me as to what it is. As I will be moving to Georgia from Massachusetts and I don't want to carry a large amount of metal if it has no value due to the cost of moving such heavy things I ask that you notify me as soon

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and wherever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order.) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order.) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. **SHOW ON PACKAGES:**

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense. Such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton", shall be safely stored, separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret, or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order.) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additions changes will be allowed unless authorized in writing by Purchaser. If such changes affec delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediatel and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment du or to become due thereunder, without the written consent of the Purchaser, shall be voic

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any tim from Seller to Purchaser or any of its affiliated companies against any amount payable at an time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order.) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and accordingly shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge of information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. **SHOW ON PACKAGES:**

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation Insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of this order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under this order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Dear Sir:

In reference to your request for gold and silver assay of September 26, 1978, attached you will find a charge sheet for special and ore assays, showing the metals for which we make determinations and the cost of each.

Payment for all assay must be made in advance by cashier's check or money order made payable to the Superintendent, U.S. Mint. Upon receipt of proper payment, your assays will be processed and results returned to you promptly. If you decide not to forward payment, please advise us and your material will be returned to you.

If residue or materials are to be returned, please indicate in your reply and enclose proper amount of large denomination U.S. postal stamps to cover mailing cost.

Sincerely,

Evelyn T. Davidson
Superintendent

C. SHOW ON PACKAGES:

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

RECEIVED SEP 11 1978

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at its own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order, you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY. – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacements thereof or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practicable each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Smucker. Extent shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at its own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by this order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical — each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order."

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order, you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser may require Seller to submit a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have, shall have the right to reject and return such goods to Seller's expense. Such goods may not be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" and shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purported to cover the goods or their normal intended use. Seller shall at its own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order,) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws shall be instituted by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by this order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorizes premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may cancel or approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Shaeffer Eaton", shall be safely stored separate and apart from Seller's property. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall, at his or its expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. ## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Smeaton Estate" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material priced in excess of $50.00 per box is to be sent shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at its own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws as brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as Property of Sheaffer Eaton, shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (a) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or expense, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (including in the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under this order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to persons or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws of or brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller knows that for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton", shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Mr. Gilbert Dela Cruz
P.O. Box 14
Chandler, Arizona 85224

Dear Mr. Dela Cruz:

On October 16, 1972 we wrote you regarding an unidentifiable piece of metal sent us which you claimed to be an old coin.

This piece of metal was returned to you October 17, 1972 by registered mail. However, the address given us at that time was Washington Boulevard, Gilbert, Arizona 85234. This was returned to us by the Post Office claiming no such address.

We are now in receipt of a rock sample from you which was received April 5, 1973. No instructions were received from you regarding your material, as to the procedure you wanted us to follow. April 6, 1973 we wrote you requesting instructions, an additional quarter (1/4) pound of sample; and cashier's check or money order in the proper amount to proceed with the assay; or $1.51 in large denomination postage stamps for return.

As yet we have received no reply regarding your wishes. Therefore, we are returning the unidentifiable piece of metal and rock sample, by registered mail, to the last address given us.

Sincerely,

(Mrs.) Betty Higby
Superintendent

Mrs. Betty Higby
Superintendent
The Department of the Treasury
United States Mint
Denver Colorado. 80204

Dear Mrs. Higby;

Inclosed you will find a cashier's check money order for eight dollars ($8) for the cost of assaying five pounds of samples for gold and silver. If the cost for assaying platinun and uranium is within the more-than-reasonable cost for gold and silver I'd like to have this assy made. The chips that are solid brown came from an extra heavy cubic rockand I believe they contain platinum. Let me know the charge and I'll send a money order.

Mrs. Higby, I know these samples have to contain gold and silver because my mineral rod goes wild over them. One small chip of rock or clay has many times more attraction than a good sized gold ring or a handful of silver coins. All my rocks are around three times heavier than regular sandrocks I've checked in other areas. Not one of these sandrocks have any attraction for my mineral rod.

Thanking you in advance for this wonderful service you are giving a retired teacher I am,

Sincerely yours,
Robert E. Higgins

P.S. Oh yes, Mrs. Higby, since I'm inclosing more pictures I'd better explain. It's more confusing that way. The frog rock is 4 foot long and faces west. The calf's head is 2 foot long and faces west. The camel rock is four foot long and faces east. The elephant's head rock is 2 foot long and over one foot wide at the top and faces south at the last bench in the south hollow 250 ft. from the camel rock. The frog, calf, and camel are soft(2) heavy s.g. rocks while the elephant is light sandstone colored.

Dear Mr. Van Winkler

In reference to your inquiry, attached you will find a charge sheet for special and ore assays, showing the metals for which we make determinations and the cost of each.

A minimum of one-half (½) pound of sample is required for an ore assay and at least 5 grams and preferably 10 grams are needed for each bullion assay. Payment for all assays must be made in advance by cashier's check or postal money order payable to the Superintendent, U.S. Mint. The payment must be the exact (see enclosed sheet) amount to cover the assay only. Your residue and/or sample will only be returned if you pay for postage by sending large denomination postage stamps to cover registered or insured mail fee and mailing cost.

In order to analyze your nugget, we must roll it through a mill into a flat strip. This strip is cut with scissors to obtain the required samples. The nugget will be weighed before the analysis and the gold used in the analysis will be replaced and returned to you in separate pieces or if the sample is small enough, we may be able to melt it into one piece. In any case, the nugget will not look the same when returned although all the original gold will be included.

Please call Michael Witt on 303 837-3585 in you have further questions.

Sincerely,

for Evelyn T. Davidson

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser, at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation Insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate this order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser, at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranty or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacements thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical, each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffler Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under this order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. ## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Shaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order.) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. 2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. **SHOW ON PACKAGES:**

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for delivenes previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be solely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Dear Ms. Poole:

We have received three different assays from you and/or your company within the last few weeks. Your payment for these assays have been one personal money order to cover the cost of the assay plus postage and fees for the return of the residue and/or sample to you.

While the assay fee is a fixed fee, the exact return postage cannot always be predetermined. It would be appreciated if you could send a money order for the fee only and large denomination of stamps for the return postage. In this way, we could return the stamps and thus avoid a more cumbersome procedure. Your cooperation would be greatly appreciated.

Sincerely,

Duane R. Sjaardema

## ONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no add changes will be allowed unless authorized in writing by Purchaser. If such changes delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immed and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment d or to become due thereunder, without the written consent of the Purchaser, shall be voi

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any tim from Seller to Purchaser or any of its affiliated companies against any amount payable at an time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. **SHOW ON PACKAGES:**

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES — No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION — Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE — Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY — Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS — If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES — Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT — Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF — Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS — During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS — Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES — Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order.) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES — If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION — If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS — By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Shearer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall deliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Dear Sir:

The electronic components your firm sent were very difficult to sample. The sample used in the assay consisted of the wands cut from the pieces sent. We had a great deal of difficulty analyzing for gold and had to run six separate assays for each sample. The samples appeared to be non-homogeneous and therefore the numbers did vary. The results shown represent our best estimate as to the average quantity found. If you have any specific questions, please contact the Assay Office (303) 837-3585 at the Denver Mint.

If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. SHOW ON PACKAGES:

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser, at its option, may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

February 7, 1980

Mr. Willard R. Warren
Box 447
Davis, Oklahoma 73030

Dear Mr. Warren

In reference to your letter of February 3, 1980, enclosed you will find a charge sheet for special and ore assays showing the metals for which we make determinations and the cost of each.

A minimum of at least 5 grams and preferably 10 grams are needed for each silver assay. Payment for all assays must be made in advance by cashier's check or money order payable to the Superintendent, U.S. Mint. The payment must be the exact (see enclosed sheet)amount to cover the assay only. All fees and postage for returned residue and/or sample must be paid in large denomination postage stamps.

We are returning your sample and personal check number 1784 in the amount of $12.50. If you would still like the assay and have the proper amount (5 to 10 grams) of sample please forward with proper payment, as stated above and your assay will be completed and returned to you as soon as possible.

Again, your residue will only be returned if you send the proper amount of stamps to cover insured or registered mail fee and mailing cost.

Sincerely,

Evelyn T. Davidson
Superintendent

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. **SHOW ON PACKAGES:**

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Dear Sir;

Request you perform an assay on the enclosed piece.

The contents were left to me by a gold mining uncle from Montana. I suspect that the piece was left over from a shipment of ore during the early 1940's.

I insured the piece for $2000.00 for mailing. If this amount is considerably low, please advise and I will send more stamps.

Thankyou for your service.

Sincerely,

## CONDITIONS OF PURCHASE

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser at its option may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical, each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

# SPECIAL INSTRUCTIONS AND CONDITIONS OF PURCHASE

**SPECIAL INSTRUCTIONS**

A. INVOICE IN TRIPLICATE AND SHOW ON YOUR INVOICE AND PACKING SLIPS THE FOLLOWING:

1. Our order no.
2. Quantity shipped.
3. Your case number.
4. Your packing slip number (place a packing slip with each order.)
5. Our and your part number.
6. Whether shipment is partial or complete on orders for split shipments, always show notation "Final Shipment" on all papers covering the final shipment which completes the order.
7. Include complete acceptance sampling results for material shipped, if it is available.

B. **SHOW ON INVOICES ONLY:**

1. Unit price, discount (if any) and extension.
2. Complete routing, collect or prepaid, and both gross and net weight of each shipment.

C. SHOW ON PACKAGES:

1. Our order number.
2. Your case number and packing slip number.
3. Plus any extra information we may request.

**CONDITIONS OF PURCHASE**

A. EXTRA CHARGES – No charges of any kind, including charges for boxing or cartage, will be allowed unless specifically agreed to by Purchaser in writing. Price is to cover net weight of material, unless otherwise agreed.

B. TRANSPORTATION – Transportation charges on goods sold delivered destination must be prepaid whenever possible. No charges for unauthorized premium transportation will be allowed and any excess charges resulting from the use of unauthorized premium transportation will be charged back to the Seller. No material valued in excess of $200 per box is to be shipped via Parcel Post.

C. DELIVERY SCHEDULE – Unless otherwise agreed in writing, Seller shall not make material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet Purchaser's delivery schedule. It is Seller's responsibility to comply with this schedule, but not to anticipate Purchaser's requirements. Goods shipped to Purchaser in advance of schedule may be returned to Seller at Seller's expense.

D. DELAYS IN DELIVERY – Seller will not be liable for damages for delays in delivery due to causes beyond its reasonable control. If Seller, however, for any reason does not substantially comply with Purchaser's delivery schedule, Purchaser, at its option, may either approve a revised delivery schedule or may terminate the order without liability to Seller on account thereof.

E. REJECTIONS – If any of the goods are found at any time to be defective in material or workmanship, or otherwise not in conformity with the requirements of the order, Purchaser, in addition to any other rights which it may have under warranties or otherwise, shall have the right to reject and return such goods at Seller's expense, such goods not to be replaced without suitable written authorization from Purchaser.

F. PURCHASER'S PROPERTY – Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be safely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patient infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

[illegible]

F. PURCHASER'S PROPERTY — Unless otherwise agreed in writing, all tools, equipment or material of every description furnished to Seller by Purchaser or specifically paid for by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Seller as "Property of Sheaffer Eaton" shall be solely stored separate and apart from Seller's property. Seller shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's orders. Such property while in Seller's custody or control shall be held at Seller's risk, shall be kept insured by Seller at Seller's expense in an amount equal to the replacement cost with loss payable to Purchaser and shall be subject to removal at Purchaser's written request, in which event Seller shall prepare such property for shipment and shall redeliver to Purchaser in the same condition as originally received by Seller. Unless otherwise agreed to in writing, Seller shall assign or cause to be assigned to Purchaser all right, title and interest in and to any patent, trade secret or other proprietary rights which may arise during or incident to any design, development or research activity performed by Seller for the account of and paid for by Purchaser in accordance with the provisions of this Purchase Order.

G. CHANGES – Purchaser shall have the right to make changes in the order, but no additional changes will be allowed unless authorized in writing by Purchaser. If such changes affect delivery or the amount to be paid by Purchaser, Seller shall notify Purchaser immediately and negotiate an adjustment.

H. NON-ASSIGNMENT – Assignment of this order or any interest therein or any payment due or to become due thereunder, without the written consent of the Purchaser, shall be void.

I. SET-OFF – Purchaser shall be entitled at all times to set-off any amount owing at any time from Seller to Purchaser or any of its affiliated companies against any amount payable at any time by Purchaser in connection with this order.

J. COMPLIANCE WITH LAWS – During the performance of this order:

(1) Seller will comply with all applicable state, federal and local laws, rules and regulations applicable to the production, sale and delivery of the goods or services.

(2) Seller certifies that the goods are produced or the services are furnished in compliance with the requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act of 1938, as amended, and of all proper regulations and orders of the United States Department of Labor issued under Section 14 thereof.

(3) Unless exempted, Seller certifies that the goods are produced or the services are supplied in compliance with the provisions of Subsections (1) through (7) of Section 202 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and as subsequently amended, relating to Equal Employment Opportunity, which provisions are incorporated herein by reference.

(4) Seller agrees to comply with the provisions of the Occupational Safety and Health Act of 1970 and the standards and regulations issued thereunder and warrants that all goods or services furnished hereunder will conform to and comply with said standards and regulations.

K. PATENTS – Seller shall indemnify and save the Purchaser harmless from any liability, loss, damage, judgment or award, including costs and expenses, arising out of any claims or suits for infringement of patents purporting to cover the goods or their normal intended use. Seller shall at his own expense defend Purchaser in such claims or suits provided Purchaser shall give Seller prompt notice in writing of such claims or suits and shall supply at Seller's expense all needed information.

L. PRODUCTS, METHODS AND MANUFACTURING PROCESSES – Any knowledge or information which the Seller shall have disclosed or may hereafter disclose to the Purchaser (incident to the placing and filling of this order) shall not, unless otherwise specifically agreed upon in writing by the Purchaser, be deemed to be confidential or proprietary information, and (accordingly) shall be acquired free from any restrictions other than (restrictions which may result from a claim for patent infringement.)

M. FOR WORK ON PURCHASER'S OR ITS CUSTOMER'S PREMISES – If Seller's work under the order involves operations by Seller on the premises of Purchaser, Seller shall take all necessary precautions to prevent the occurrence of any injury to person or property during the progress of such work and except to the extent that any such injury is due solely and directly to Purchaser's negligence, as the case may be, shall indemnify Purchaser against all loss which may result in any way from any act or omission of the Seller, its agents, employees, or subcontractors, and Seller shall maintain such Public Liability, Property Damage and Employee's Liability and Compensation insurance as will protect Purchaser from said risks and from any claims under any applicable Workmen's Compensation and Occupational Disease Acts.

N. TERMINATION – If Seller ceases to conduct its operations in the normal course of business (including inability to meet its obligations as they mature) or if any proceeding under the bankruptcy or insolvency laws is brought by or against Seller, or a receiver for Seller is appointed or applied for or an assignment for the benefit of creditors is made by Seller, Purchaser may terminate the order without liability except for deliveries previously made or for goods covered by the order then completed and subsequently delivered in accordance with the terms of the order. Except for deliveries previously made, Seller or Buyer may terminate or change this order without liability if required by a strike or other cause beyond its reasonable control.

O. SPECIFICATION REQUIREMENTS – By accepting this order you hereby warrant that the services and/or goods to be furnished as requested will be in full conformity with our specifications, acceptance sampling procedures, acceptable quality levels, drawing or sample, and agree that this warranty shall survive acceptance of the merchandise, and that you will bear the cost of inspecting merchandise rejected.

Director of the Mint
Washington, D. C.

My dear Madam Director:

Your letter of July 9, 1951, requests an estimate of reimbursements to be forthcoming this year from the processing of R.F.C. silver into coinage ingots.

On the basis of fiscal year 1951, it is estimated that we will put 10,000,000 fine ounces of R.F.C. silver into coinage ingots during the present fiscal year. At the established billing price of $2.10 per thousand ounce, the reimbursement would be $21,000.00.

Very truly yours,

Superintendent

To Mr. Reddish, Ass't. Superintendent

Mr. Miller estimates that we will melt 10,000,000 fine ozs. of R.F. C. Silver during the fiscal year of 1952. This estimate is based on production figures of year (fiscal) 1951.
This estimate is made with the date of March 31, 1952 as final melting date.

Reimbusement earned if billing price remains at $2.10 per thousand ounces would be.....~~$210,000.00~~

Dear Sir:

A reimbursable program is being developed for the fiscal year 1952. It will be appreciated if you will inform us with respect to estimated reimbursements to be earned at your institution through March 31, 1952, by processing RFC silver into coinage ingots.

Our 1952 appropriation is not yet approved, therefore no definite coinage production schedule has been developed. Hoever, ingots required for subsidiary silver coinage in the fiscal year 1951 should be used as a basis for the estimate of RFC silver to be processed into coinage ingots in 1952.

Very truly yours,

Dear Sir:

Reference is made to my letter of May 10, 1950, pertaining to RFC silver processed, and to bills which were submitted by each office as requested in that letter.

Separate checks have been received for the amount billed by each office. These checks are enclosed for each office, in the following amounts:

| | |
|---|---|
| Philadelphia Mint ..... | $31,127.72 |
| Denver Mint ..... | $96,535.56 |
| New York Assay Office ..... | $52,580.78 |

The above checks should be deposited into your Special Deposit Account, Suspense, 20F5875, as requested in letter of May 10, 1950.

The above funds are needed promptly in Washington. (The checks could have been deposited direct to our appropriation here, however, it is important to follow our present established procedure.) After the checks have been deposited into your Special Deposit Account, they should be transferred as a reimbursement to the 1950 appropriation into the Treasury. Upon completion of this transaction please forward immediately a copy of the Schedule of Transfers - Special Deposits, and a copy of the Certificate of Deposit to this office.

Gentlemen:

Reference is made to the credit voucher on Form 12 in the amount of $10,451,300.71 issued by your bank on February 21 representing 8,083,427.90 fine troy ounces of silver received from the Reconstruction Finance Corporation for credit in the Treasurer's general account.

In multiplying the ounces by the rate of $1.2929292929 per ounce, it appears that the above credit should have been in the amount of $10,451,300.72, a difference of $0.01. Although this discrepancy is small, there is at the present time a difference in the R.F.C. Silver Bullion account due to the dropping of fractions. It will be appreciated, therefore, if you will issue a credit voucher on Form 12 in the amount of $0.01, indicating thereon that it represents an adjustment of your entry of February 21, and credit such amount in your current transcript of the Treasurer's general account.

June 20, 1949

Office of the Director
of the Mint

Superintendent, United States Mint, Philadelphia, Pa.
Superintendent, United States Mint, Denver, Colorado
Acting Superintendent, United States Assay Office, New York, N. Y.

Dear Sir:

Enclosed is a copy of a letter dated April 6, 1949, from the Reconstruction Finance Corporation, outlining certain proposals with reference to the silver still due from that Corporation, the proposals being approved by the Secretary of the Treasury under date of April 11, 1949. There is also enclosed a copy of a memorandum approved by the Secretary of the Treasury on June 15, 1949, regarding the method of accounting for the balance of the RFC silver.

The memorandum approved by the Secretary of the Treasury on June 15, 1949, is largely self-explanatory with reference to the manner of accounting for the RFC silver in the future. However, the following paragraphs refer to some phases of the problem which were not covered in detail in the above mentioned memorandum.

The first GA 317 form which you file will cover a statement of the RFC account as of the close of business on March 31, 1949. The second form filed will cover a statement of the account as of April 30, 1949 and the third form filed will be for May 31, 1949. Thereafter, the GA 317 forms will be filed in accordance with the procedure as approved in the Secretary's memorandum, i.e., a statement will be rendered to the Treasurer of the United States on the days when there is a change in balance and on the last business day of each month. A supply of these forms will be forwarded to you by the Treasurer, U. S.

The bus bar silver which you have processed subsequent to March 31, 1949, and the silver which you process in the future, should be taken into your accounts in accordance with the following procedure:

Forms 12 will be issued, as in the past; however, the wording previously shown on this form should be changed to conform with that shown on the enclosed specimen Form 12. The blue copy of Form 12 (Debit Voucher) should be attached to the GA 317 form. The yellow copy of Form 12 (Credit Voucher) would be forwarded with the Daily Transcript, as in the past, Since, in these cases, your institution will serve as

both the receiving officer and forwarding bank, the pink and white copies should be retained by you.

The agreement between the Secretary of the Treasury and the Reconstruction Finance Corporation, as referred to in the first paragraph of this letter, provides that the Treasury Department shall purchase "such residual portion, if any, of the approximately 4,800,000 troy ounces of silver **** as may remain in the possession of the Treasury Department after the return to the Treasury Department of the 524,818,002.72 troy ounces of silver borrowed by this Corporation". By letter dated June 15, 1949, the Secretary of the Treasury directed the New York Assay Office to purchase such residual silver, if any. Consequently, Forms 12 should be issued by you, in accordance with the procedure described above, up to the exact number of fine ounces allocated to your institution, as referred to in the memorandum approved by the Secretary on June 15, 1949. Fine ounces of silver recovered in excess of these amounts should be taken up in a memorandum custody account entitled "Residual silver resulting from the processing of bus bars, etc., returned by the Reconstruction Finance Corporation." When all of the bus bar silver has been processed the New York Assay Office will purchase the residual portion of such silver, making appropriate book transfers to the Denver and Philadelphia Mints for any residual silver which they may have accumulated.

Permanent Receipts will not be issued, as in the past. However, an "Advice of RFC Silver Processed", in the form of the enclosed specimen copy, should be prepared by your office in triplicate. One copy will be retained for your files and the original and one copy will be forwarded to my office. An "Advice" number will be assigned here and a copy of the "Advice of RFC Silver Processed", showing the assigned number, will be returned for your files.

A dollar value will be assigned to the silver taken into your accounts, as described above, the same as in the past, subject to the quantities referred to in our letter of January 3, 1947. The statement of the silver in the Bullion Accounts Current will be the same, except that the caption will be changed to read "Transferred from U. S. Mint (or Assay Office) R.F.C. Silver Bullion Account".

A check covering proceeds from the sale of sweeps resulting from treatment of RFC silver, either prior to March 31, 1949, or subsequent to that date, should be forwarded to this office. The check should be drawn to the "Treasurer of the U. S." by issuance of a Standard Form 1047 "Public Voucher for Refunds", instead of a 1034 Voucher Form as previously used. A Copy of the voucher should be forwarded to this office with the check. The check, when received, here, will be transmitted to the Fiscal Service of the Treasury, where it will be held in a Special Deposit Account for the purpose of reimbursing the Treasury

Department for expenses incurred in connection with the RFC silver as referred to on page 2, paragraph 1, of the enclosed letter dated April 6, 1949, from the Reconstruction Finance Corporation.

As indicated in our letter dated February 23, 1949, it appeared that the billing for processing charges incurred through February 28, 1949 would be the last one to be made direct to the Reconstruction Finance Corporation. However, as will be noted from the enclosed copy of letter, the RFC will pay the processing charges through March 31, 1949. Accordingly, it is requested that you forward a report of the silver melted for the RFC during the month of March 1949, showing the same information as referred to in our letter of February 23, 1949. The billing and collection of charges accruing during March 1949 will be handled the same as in the past. Future charges will be billed in the same manner, except that this office will obtain reimbursement from the Special Deposit Account, referred to above, instead of from the RFC.

If there are any questions with reference to the new procedure, please forward them to this office as promptly as possible inasmuch as it is our desire to have all accounts adjusted by the close of this fiscal year.

Very truly yours,

s/ Nellie Tayloe Ross

RECONSTRUCTION FINANCE CORPORATION

Washington

Harley Hise
Chairman of the Board

April 6, 1949

Honorable John W. Snyder
Secretary of the Treasury
Washington, 25, D. C.

Dear Mr. Snyder:

Reference is made to the agreement of May 6, 1942, between this Corporation, as successor to the Defense Plant Corporation, and your Department under which there was borrowed 524,818,002.72 troy ounces of silver for use as a substitute for copper bus bars, etc. in the operation of certain aluminum and magnesium plants formerly owned by the Defense Plant Corporation, a former subsidiary of this Corporation.

According to our records, all of such borrowed silver, including the silver which was fabricated into shapes necessary for industrial use as bus bars, etc., has been placed in the custody of your Department. This fabricated silver is in process of being melted and reduced to the same form and fineness as originally received from your Department prior to its formal return. However, since this Corporation was obligated to return to your Department all of the silver borrowed under that agreement in the same form as it was received, a reserve of approximately 7,800,000 troy ounces of silver was established by this Corporation against any deficiency which might finally be found to exist when all of the borrowed silver had been returned and reduced to the same form and fineness as received. From the information developed with respect to the percentage of loss sustained in connection with the installations of silver in three plants, it has been estimated that the amount of such silver held in reserve against loss is in excess of the amount required. Recently arrangements were made with your Department to transfer to it for the account of this Corporation approximately 4,800,000 troy ounces of such reserve silver which brings the total amount of silver now in your custody, in a temporary receipt basis, together with that covered by permanent receipts, to an amount estimated to be in excess of that which was originally borrowed by this corporation from your Department. Under the program now in effect the amount of the excess residual reserve silver set up by this Corporation against the use and melting losses in connection with the silver originally borrowed from your Department will not be finally determined until all of the borrowed silver has been remelted and reduced to its original form and fineness.

This Corporation still holds approximately 3,000,000 troy ounces of reserve silver presently in the custody of the United States Assay Office at New York. Since it is the obligation of this Corporation, as a part of its liquidation operations, to dispose of this residual inventory, it disposition has been the subject of several conferences between representatives of this Corporation and your Department. As a result of those conferences, this Corporation now makes the following proposals:

1. Effective as of the close of business on March 31, 1949, this Corporation will sell to the Treasury Department at a price of 71¢ per fine troy ounce all of its right, title and interest in and to the residual inventory of approximately 3,000,000 troy ounces of silver located in the United States Assay Office, in New York, and in and to such residual portion, if any, of the approximately 4,800,000 troy ounces of silver mentioned above as may remain in the possession of the Treasury Department after the return to the Treasury Department of the 524,818,002.72 troy ounces of silver borrowed by this Corporation. On and after April 1, 1949, the Treasury Department will be accountable for all silver so sold to it hereunder and will account for it as is hereinafter provided, and this Corporation shall not thereafter be responsible or accountable for such silver. Payment for such silver will be made at such times and for such quantities as may be determined by the Secretary of the Treasury, and the proceeds thereof, together with proceeds from sales of sweeps resulting from treatment of silver returned by this Corporation, shall be held by the Secretary of the Treasury for the purpose of reimbursing the Treasury Department for all expenses incurred on and after April 1, 1949, in processing and converting the silver returned to the Treasury under and in accordance with the terms and conditions of the agreement of May 6, 1942, as amended, and in processing and converting the silver sold to the Treasury hereunder.

2. The agreement dated May 6, 1942, between the Treasury Department and this Corporation, as amended, covering the processing and conversion of silver returned to the Treasury Department by this Corporation, is hereby terminated, effective as of the close of business on March 31, 1949, except that this Corporation shall pay and bear all costs and expenses accruing thereunder on or before March 31, 1949, which are properly chargeable to this Corporation under said amended agreement. All costs and expenses accruing thereafter in connection with the processing and conversion of said silver will be charged against the proceeds of silver hereinbefore sold to the Treasury.

3. On and after April 1, 1949, the Treasury Department will convert all silver sold, assigned and transferred to it hereunder, as promptly as possible so as not to interfere with regular mint processes, into silver of such form and fineness as is acceptable to it. Promptly after such conversion has been completed, the Secretary of the Treasury shall determine the quantity and fineness of all excess residual silver which remains in the hands of the Treasury Department after the 524,818,002.72 troy ounces of silver borrowed by this Corporation shall have been restored to the Treasury Department, and all expenses incurred in connection therewith have been reimbursed to the Treasury.

4. Public Law 860, 80th Congress, authorizes and directs the Secretary of the Treasury, to cancel notes of this Corporation in the amount of $9,313,736,531, plus interest accrued as therein provided, which stated amount represents certain unrecovered costs of this Corporation in its national defense, war and reconversion activities, and directs this Corporation to deposit in the Treasury, as miscellaneous receipts, any amounts recovered by this Corporation with respect to said activities

subsequent to June 30, 1947, after deduction of related expenses. Accordingly, after the determinations mentioned in paragraph 3 above have been made by the Secretary of the Treasury, he shall cause the remainder of the proceeds of the sale of silver hereunder, as determined by the Secretary of the Treasury, to be deposited as a miscellaneous receipt in the Treasury the same as if such sum was an amount recovered by this Corporation with respect to its said national defense, war and reconversion activities and had been deposited by it in the Treasury as miscellaneous receipts.

5. The Secretary of the Treasury shall cause written notice of his determinations made hereunder to be promptly furnished the Controller of this Corporation, together with a statement of the proceeds realized from the silver sold to the Treasury and all charges against such proceeds as entered and shown on the accounts and records of the Treasury Department. Such notice and statement from the Secretary of the Treasury shall be final and conclusive upon this Corporation.

If the proposals set forth above meet with your approval, it would be appreciated if you would indicate your acceptance thereof by signing the attached copy of this letter and returning it to this office.

Very truly yours,

s/ Harley Hise

Fiscal Assistant Secretary

June 13, 1949

TO THE SECRETARY:

Under an agreement of May 6, 1942, silver in fine ounces was leased to the Defense Plant Corporation (later Reconstruction Finance Corporation) for use as a substitute for copper bus bars, etc., in the operation of certain aluminum and magnesium plants. The leased silver was transferred on the Treasurer's records from the accounts of the Treasury offices making delivery to an account of the Defense Plant Corporation (later Reconstruction Finance Corporation), and periodic reports of the silver in fine ounces were received by the Treasurer from the Corporation.

This silver was later returned to the Treasury by the Reconstruction Finance Corporation in the form of bus bars, etc., and is held by the Mints at Denver and Philadelphia and the Assay Office at New York. Some of the silver had been processed and taken into the Treasurer's general account prior to March 31, 1949, leaving a balance due on the RFC account of 274,294,395.13 fine ounces. In addition to the silver in the form of bus bars, etc., returned by the Reconstruction Finance Corporation, a reserve of silver has been delivered to the Assay Office at New York by the Reconstruction Finance Corporation for the purpose of making good any deficiency from the processing of the bus bars. The Bureau of the Mint is of the opinion from experience in processing the silver to date that the gross ounces of bus bars on hand March 31, 1949, together with the reserve silver, will produce more than the required number of fine ounces due on the RFC account. Therefore, the Reconstruction Finance Corporation was relieved, as of March 31, 1949, of any further accountability for the silver as evidenced by a letter dated April 6, 1949, from the Reconstruction Finance Corporation accepted by you on April 11, 1949.

Inasmuch as the Reconstruction Finance Corporation is relieved of further accountability for the silver and has rendered its final report for March 1949 to the Treasurer, a change in reporting procedure is necessary. It is recommended that the Superintendents of the Mints and Assay Office involved render reports on form CA-317 (sample attached) to the Treasurer of the United States on the days when there is a change in balance and on the last business day of each month. The balances in gross ounces and the transactions in both gross ounces and fine ounces would be based on actual determination made by the Mints and Assay Office, whereas the balances in fine troy ounces would be based upon an estimate furnished by the Bureau of the Mint. The estimated figure for opening balance in fine troy ounces would be arrived at on the basis of the ratio of gross ounces held by a particular Mint or Assay Office to the total gross ounces held by all the Mints and Assay Office. All the Mint institutions held a total of 278,884,182.04 gross troy ounces of bus bar silver as of March 31, 1949. Of this amount, the Denver Mint held 139,661,345.29 gross troy ounces; the Philadelphia Mint 77,664,970.83 gross troy ounces; and the New York

Assay Office, 61,557,865.92 gross troy ounces. Therefore, the estimated fine ounces to be assigned to the various Mint institutions for the purpose of the Treasurer's accounts would be as follows: Denver Mint - 139,661,345.29 / 278,884,182.04 of 274,294,395.13, or 137,362,843.44 fine ounces; Philadelphia Mint - 77,664,970.83 / 278,884,182.04 of 274,294,395.13, or 76,386,785.49 fine ounces; and New York Assay Office 61,557,865.92 / 278,884,182.04 of 274,294,395.13 or 60,544,766.20 fine ounces. There would be a footnote carried against the fine ounce estimate indicating that it had been calculated in accordance with instructions approved by the Secretary of the Treasury. There would be no dollar accountability by the Mints and Assay Office for the silver in this operation. The accounts of the Treasurer would be adjusted on the basis of these reports received from the Mints and the Assay Office.

(10TH REVISION)

# UNITED STATES OF AMERICA
# TREASURY DEPARTMENT
## OFFICE OF THE DIRECTOR OF THE MINT
WASHINGTON 25, D. C.

## GOLD LICENSE

GRANTED UNDER AUTHORITY OF THE GOLD RESERVE ACT OF 1934 AND THE GOLD REGULATIONS (TITLE 31, PART 54, CODE OF FEDERAL REGULATIONS) ISSUED THEREUNDER

| TO: | LICENSE NUMBER: |
|---|---|
| | AMOUNT AUTHORIZED: (IN FINE TROY OUNCES) |
| | THIS LICENSE EXPIRES MIDNIGHT |

Upon your statements and representations filed with or otherwise made to the Treasury Department, you are hereby licensed under the regulations issued pursuant to the Gold Reserve Act of 1934, as amended, to acquire and hold, transport within the continental United States, import and dispose of gold in any form, except gold coin or gold derived by any person from gold coin, subject to all of the following limitations and conditions:

A. Pursuant to this license you may acquire and hold, transport and import gold only for resale in the form in which acquired in accordance with the provisions of item F of this license.

B. Pursuant to this license you may acquire gold only from persons authorized by a Treasury Department gold license, or under the Gold Regulations without a license, to hold and dispose of gold in the form and amount which you acquire.

C. Pursuant to this license you may import gold, in compliance with sections 54.8 and 54.25(b) of the Gold Regulations, for furnishing in the form in which acquired to persons authorized under the Gold Regulations or licenses issued thereunder to acquire such gold.

D. The aggregate fine gold content of the gold acquired and held by you, held by others for your account, held by you for the account of others, and transported by you, within the continental United States, pursuant to this license, shall not exceed at any one time the amount necessary for the legitimate and customary requirements of the industry, profession or art in which you are regularly engaged, AND IN NO EVENT SHALL EXCEED AT ANY ONE TIME THE AMOUNT OF TROY OUNCES OF FINE GOLD AUTHORIZED IN THIS LICENSE.

E. You may not melt or treat gold, or have gold melted or treated for your account.

F. Pursuant to this license you will dispose of gold only as follows:

1. By sale to a United States Mint or Assay Office if the gold is eligible for purchase in the form and amount offered, and otherwise meets deposit requirements. (See Subparts F and H of the Gold Regulations).

2. By furnishing to persons authorized by a Treasury Department gold license or pursuant to section 54.18 or 54.21 of the Gold Regulations, to acquire and hold gold in such form and amount, PROVIDED:

   a. That in connection with each sale of semi-processed gold in an amount in excess of $200 (sales price) you obtain from the purchaser an "End-Use Certificate" (Treasury Department Form TG-29), and

   b. That no sale of semi-processed gold shall be made if you know or have reasonable cause to believe that any statement in the "End-Use Certificate" is incorrect.

G. In determining whether gold is fabricated gold or semi-processed gold within the meaning of section 54.4 of the Gold Regulations and for the purposes of this license the TOTAL DOMESTIC VALUE of the processed or manufactured gold shall be based on the cost of the article to the owner and not the selling price. The allowable elements of such value are:

1. In the case of a manufacturer or processor, only the cost of the material in the article, labor performed on the article, and processing losses and overhead applicable to the manufacturing or processing of such article; and

2. In the case of a dealer or other person who holds or disposes of gold without further processing, only the net purchase price paid by such person, including transportation costs, if any, incurred in obtaining delivery of such article to his usual place of business.

Profit and sales and administrative expenses or commissions may not be included under either of the above categories.

The percentage computation required by section 54.4 of the Gold Regulations is made by dividing the value of the fine gold in the article (at $35 per fine troy ounce) by the total domestic value of the article. If the resulting percentage is in excess of 80%, such gold is semi-processed. If the percentage is 80% or less, it is fabricated gold.

For the purpose of determining whether gold may be exported pursuant to section 54.16 of the Gold Regulations, the total domestic value of the article to the domestic manufacturer or processor, or to the domestic dealer, computed on the basis of "G-1" or "G-2" above, is applicable and in no case may such total domestic value be based on the value to the foreign consignee or purchaser.

H. You may not export or transport semi-processed gold from the continental United States without special authorization as provided in section 54.15, 54.25(c), or 54.33 of the Gold Regulations.

I. You may not, so long as you hold this license, acquire, hold, transport, or import any gold under authority of section 54.18; and you may not acquire, hold, transport, import, or melt or treat any gold under authority of section 54.21 of the Gold Regulations.

J. You may not acquire, hold, transport, melt or treat, or import any gold which has at any time been held in noncompliance with the Emergency Banking Act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such Acts.

K. You will keep all records prescribed under section 54.26 of the Gold Regulations and records which form the basis of computations required by item G of this license, make such reports as are required under section 54.27, and keep the work sheets, including inventories, supporting your quarterly gold reports.

L. You may not deal in gold under any name other than the name written in this license.

M. You will immediately inform the Mint or Assay Office which issued this license, at such time as you may acquire any interest in any other business, sole proprietorship, partnership, association, or corporation holding a Treasury Department gold license, or operating pursuant to section 54.18 or 54.21 of the Gold Regulations.

N. This license is not transferable and automatically expires if any change is made in your business structure (for example, a sole proprietorship to a partnership, or a partnership to another partnership or to a corporation, etc.). Unless and until an appropriate license is issued to the successor, such successor may only acquire, hold, or dispose of gold as permitted by the Gold Regulations without a license or pursuant to special authorization by the Bureau of the Mint.

**O.** This license shall be surrendered to the United States Mint or Assay Office which issued it immediately upon its expiration or the discontinuance of your gold business.

**P.** This license is subject to the provisions of section 54.6 of the Gold Regulations.

**Q.** You will comply in all respects with the Gold Reserve Act of 1934, any regulations issued thereunder, and the terms of this license.

| | AMOUNT AUTHORIZED: (IN FINE TROY OUNCES) |
| | THIS LICENSE EXPIRES MIDNIGHT |

Upon your statements and representations filed with or otherwise made to the Treasury Department, you are hereby licensed under the regulations issued pursuant to the Gold Reserve Act of 1934, as amended, to acquire and hold, melt and treat, transport within the continental United States, import and dispose of gold in any form, except gold coin or gold derived by any person from gold coin, subject to all of the following limitations and conditions:

A. Pursuant to this license you may acquire and hold, transport, melt and treat, and import gold only for processing or disposition in accordance with item E of this license.

B. Pursuant to this license you may acquire gold only from persons authorized by a Treasury Department gold license, or under the Gold Regulations without a license, to hold and dispose of gold in the form and amount which you acquire.

C. Pursuant to this license you may import gold, in compliance with sections 54.8 and 54.25(b) of the Gold Regulations, for processing or use in the industry, profession or art in which you are regularly engaged, or for furnishing to persons authorized under the Gold Regulations or licenses issued thereunder to acquire such gold.

D. The aggregate fine gold content of gold, including scrap, acquired and held by you, held by others for your account, held by you for the account of others, transported, and melted or treated by you, within the continental United States, pursuant to this license, shall not exceed at any one time the amount necessary for the legitimate and customary requirements of the industry, profession or art in which you are regularly engaged, AND IN NO EVENT SHALL EXCEED AT ANY ONE TIME THE AMOUNT OF TROY OUNCES OF FINE GOLD AUTHORIZED IN THIS LICENSE.

For the purposes of this license, in computing your gold holdings, you shall include the fine gold content of all scrap gold, but you are not required to include fabricated gold in the process of further manufacture.

E. Pursuant to this license you will dispose of gold only as follows:

1. By processing or use in the industry, profession or art in which you are regularly engaged.

2. By sale to a United States Mint or Assay Office if the gold is eligible for purchase in the form and amount offered, and otherwise meets deposit requirements. (See Subparts F and H of the Gold Regulations).

3. By furnishing to persons authorized by a Treasury Department gold license or pursuant to section 54.18 or 54.21 of the Gold Regulations, to acquire and hold gold in such form and amount, PROVIDED:

   a. That in connection with each sale of semi-processed gold in an amount in excess of $200 (sales price) you obtain from the purchaser an "End-Use Certificate" (Treasury Department Form TG-29), and

   b. That no sale of semi-processed gold shall be made if you know or have reasonable cause to believe that any statement in the "End-Use Certificate" is incorrect.

F. In determining whether gold is fabricated gold or semi-processed gold within the meaning of section 54.4 of the Gold Regulations and for the purposes of this license the TOTAL DOMESTIC VALUE of the processed or manufactured gold shall be based on the cost of the article to the owner and not the selling price. The allowable elements of such value are:

1. In the case of a manufacturer or processor, only the cost of the material in the article, labor performed on the article, and processing losses and overhead applicable to the manufacturing or processing of such article; and

2. In the case of a dealer or other person who holds or disposes of gold without further processing, only the net purchase price paid by such person, including transportation costs, if any, incurred in obtaining delivery of such article to his usual place of business.

Profit and sales and administrative expenses or commissions may not be included under either of the above categories.

The percentage computation required by section 54.4 of the Gold Regulations is made by dividing the value of the fine gold in the article (at $35 per fine troy ounce) by the total domestic value of the article. If the resulting percentage is in excess of 80%, such gold is semi-processed. If the percentage is 80% or less, it is fabricated gold.

For the purpose of determining whether gold may be exported pursuant to section 54.16 of the Gold Regulations, the total domestic value of the article to the domestic manufacturer or processor, or to the domestic dealer, computed on the basis of "F-1" or "F-2" above, is applicable and in no case may such total domestic value be based on the value to the foreign consignee or purchaser.

G. You may consign gold to a licensee on Form TGL—13 for processing and return to you in any form, and to a licensee on Form TGL—14 or to a person operating under section 54.21 of the Gold Regulations for processing and return to you only in the form of fabricated gold.

H. You may not export or transport semi-processed gold from the continental United States without special authorization as provided in section 54.15, 54.25(c), 54.32 or 54.33 of the Gold Regulations.

I. You may not, so long as you hold this license, acquire, hold, transport, or import any gold under authority of section 54.18; and you may not acquire, hold, transport, import, or melt or treat any gold under authority of section 54.21 of the Gold Regulations.

J. You may not acquire, hold, transport, melt or treat, or import any gold which has at any time been held in noncompliance with the Emergency Banking Act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such Acts.

K. You will keep all records prescribed under section 54.26 of the Gold Regulations and records which form the basis of computations required by item F of this license, make such reports as are required under section 54.27, and keep the work sheets, including inventories, supporting your quarterly gold reports.

L. You may not deal in gold under any name other than the name written in this license.

M. You will immediately inform the Mint or Assay Office which issued this license, at such time as you may acquire any interest in any other business, sole proprietorship, partnership, association, or corporation holding a Treasury Department gold license, or operating pursuant to section 54.18 or 54.21 of the Gold Regulations.

N. This license is not transferable and automatically expires if any change is made in your business structure (for example, a sole proprietorship to a partnership, or a partnership to another partnership or to a corporation, etc.). Unless and until an appropriate license is issued to the successor, such successor may only acquire, hold, or dispose of gold as permitted by the Gold Regulations without a license or pursuant to special authorization by the Bureau of the Mint.

O. This license shall be surrendered to the United States Mint or Assay Office which issued it immediately upon its expiration or the discontinuance of your gold business.

P. This license is subject to the provisions of section 54.6 of the Gold Regulations.

Q. You will comply in all respects with the Gold Reserve Act of 1934, any regulations issued thereunder, and the terms of this license.

**WARNING: This license does not make you in any sense whatsoever an agent, employee, or representative of the Government. This license will be revoked if you represent even by implication that you are acting for the Government. See section 54.10 of the Gold Regulations.**

Upon your statements and representations filed with or made to the Treasury Department, you are hereby licensed to acquire and hold, transport, melt and treat, and import gold in any form (other than gold coin or gold derived by any person from gold coin), the aggregate amount of which does not exceed at any time the amount necessary for the legitimate and customary requirements of your industry, profession, art, or business, and in no event more than _____ troy ounces of fine gold at any one time, for the following purposes only:

(1) for furnishing to, or processing for, persons authorized under the Gold Regulations to acquire and hold such gold;

(2) for use by you in the industry, profession, or art in which you are engaged;

(3) for reexporting subject to the conditions prescribed in section 54.32 of the Gold Regulations; or

(4) for offering for sale to the United States.

This license authorizes you, for the purposes specified above, to acquire only gold—

(1) held by a person authorized to hold and dispose of gold in such form and amount under a license on form TGL–12, TGL–13, or TGL–14; or under the Gold Regulations without a license; or

(2) offered for sale by a United States mint or assay office.

This license does **NOT** authorize you—

(1) to acquire and hold, transport, melt and treat, or import any gold which has at any time been held in noncompliance with the Act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such Acts or any gold coin or any gold derived by any person from gold coin;

(2) to sell or otherwise dispose of gold (except in the form of fabricated gold,* metals containing not more than 5 troy ounces of fine gold per short ton, or gold in its natural state) to any person unless the gold so sold or disposed of is in such form and amount that it may lawfully be acquired by such person in that form and amount; or

(3) **TO DEAL IN GOLD UNDER ANY NAME OTHER THAN THE NAME WRITTEN HEREINABOVE.**

Upon your statements and representations filed with or made to the Treasury Department, you are hereby licensed to acquire and hold, transport, melt and treat, and import gold in any form (other than gold coin or gold derived by any person from gold coin), the aggregate amount of which does not exceed at any time the amount necessary for the legitimate and customary requirements of your industry, profession, art, or business, and in no event more than _____ troy ounces of fine gold at any one time, for furnishing to, or processing for, persons authorized under the Regulations issued under the Gold Reserve Act of 1934 to acquire and hold such gold; or for use by you in the industry, profession, or art in which you are engaged; or for the purpose of reexporting it subject to the conditions prescribed in section 32 of the aforesaid Regulations; or for offering it for sale to the United States.

**THIS LICENSE DOES NOT MAKE YOU IN ANY SENSE WHATSOEVER AN AGENT, EMPLOYEE OR REPRESENTATIVE OF THE UNITED STATES GOVERNMENT.**

You may include in public and private representations or statements the following clause:

"Licensed on Treasury Department Form TGL–13 pursuant to the Gold Reserve Act of 1934."

***BUT***

**IT IS A VIOLATION OF THIS LICENSE AND THE REGULATIONS ISSUED UNDER THE GOLD RESERVE ACT OF 1934 TO SAY OR DO ANYTHING WHICH MIGHT LEAD ANY PERSON TO BELIEVE THAT YOU ARE AN AGENT, EMPLOYEE OR REPRESENTATIVE OF THE GOVERNMENT OR THAT YOU ARE PURCHASING OR SELLING GOLD FOR THE GOVERNMENT OR FOR THE PURPOSE OF CARRYING OUT ANY POLICY OF THE GOVERNMENT.**

This license authorizes you, for the purposes specified above, to acquire only gold which is—

(1) held by a person authorized to hold it in such form and amount under a license on form TGL–12 or TGL–13;
(2) held by a person authorized to hold and dispose of it in such form and amount under a license on form TGL–14;
(3) held by a person who, under the above-mentioned Act and Regulations, is authorized to hold and dispose of such gold in such form and amount without a license; and
(4) offered for sale by a United States mint or assay office.

This license also authorizes you, for the purposes specified above—

(1) to import into the United States gold which has not at any time been held in noncompliance with the act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such acts; and
(2) to hold, transport, melt and treat, in amounts authorized by this license, gold now lawfully held by you, or acquired or imported as provided above or as permitted in article II of the aforesaid Regulations.

This license does **NOT** authorize you—

(1) to acquire and hold, transport, melt and treat, or import any gold coin or any gold derived by any person from gold coin;

(2) to sell or otherwise dispose of gold to any person, except in the form of fabricated gold, metals containing not more than 5 troy ounces of fine gold per short ton, or gold in its natural state, unless the gold so sold or disposed of is in such form that it may lawfully be acquired by such person in that form;

(3) to hold at any one time an amount of gold (other than gold which may be held without a license under article II of the Regulations issued under the Gold Reserve Act of 1934*) which in the aggregate exceeds the amount specified in this license; or

*So long as you hold this license you may not acquire, transport, import, or hold any gold under authority of section 18 of the Regulations issued under the Gold Reserve Act of 1934, and you may not acquire, hold, transport, import, or melt or treat any gold under authority of section 21 of such Regulations.

**(4) TO DEAL IN GOLD UNDER ANY NAME OTHER THAN THE NAME WRITTEN HEREINABOVE.**

This license does not exempt you from the duty of complying with the legal requirements of any State or Territory or local authority.

This license is granted subject to the condition, among others, that you will comply in all respects with, and keep all records and make all reports required by, the Gold Reserve Act of 1934, any regulations issued thereunder, and the terms of this license.

The issuance of this license shall not be construed as excusing or condoning any act or thing heretofore committed or done by you in violation of the act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such acts; and shall not be construed as remitting any penalties or forfeitures which may have been incurred by you as a result of the commission or doing of any such acts or things. Any such act or thing may be a ground for the revocation of this license, regardless of when the United States first learned of such violation.

**IT IS A VIOLATION OF THIS LICENSE AND THE REGULATIONS ISSUED UNDER THE GOLD RESERVE ACT OF 1934 TO SAY OR DO ANYTHING WHICH MIGHT LEAD ANY PERSON TO BELIEVE THAT YOU ARE AN AGENT, EMPLOYEE OR REPRESENTATIVE OF THE GOVERNMENT OR THAT YOU ARE PURCHASING OR SELLING GOLD FOR THE GOVERNMENT OR FOR THE PURPOSE OF CARRYING OUT ANY POLICY OF THE GOVERNMENT.**

This license authorizes you, for the purposes specified above, to acquire only gold which is—

(1) held by a person authorized to hold it in such form and amount under a license on form TGL–12 or TGL–13;
(2) held by a person authorized to hold and dispose of it in such form and amount under a license on form TGL–14;
(3) held by a person who, under the above-mentioned Act and Regulations, is authorized to hold and dispose of such gold in such form and amount without a license; and
(4) offered for sale by a United States mint or assay office.

This license also authorizes you, for the purposes specified above—

(1) to import into the United States gold which has not at any time been held in noncompliance with the act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such acts; and
(2) to hold, transport, melt and treat, in amounts authorized by this license, gold now lawfully held by you, or acquired or imported as provided above or as permitted in article II of the aforesaid Regulations.

This license does **NOT** authorize you—

(1) to acquire and hold, transport, melt and treat, or import any gold coin or any gold derived by any person from gold coin;

(2) to sell or otherwise dispose of gold to any person, except in the form of fabricated gold, metals containing not more than 5 troy ounces of fine gold per short ton, or gold in its natural state, unless the gold so sold or disposed of is in such form that it may lawfully be acquired by such person in that form;

(3) to hold at any one time an amount of gold (other than gold which may be held without a license under article II of the Regulations issued under the Gold Reserve Act of 1934*) which in the aggregate exceeds the amount specified in this license; or

* So long as you hold this license you may not acquire, transport, import, or hold any gold under authority of section 18 of the Regulations issued under the Gold Reserve Act of 1934, and you may not acquire, hold, transport, import, or melt or treat any gold under authority of section 21 of such Regulations.

**(4) TO DEAL IN GOLD UNDER ANY NAME OTHER THAN THE NAME WRITTEN HEREINABOVE.**

This license does not exempt you from the duty of complying with the legal requirements of any State or Territory or local authority.

This license is granted subject to the condition, among others, that you will comply in all respects with, and keep all records and make all reports required by, the Gold Reserve Act of 1934, any regulations issued thereunder, and the terms of this license.

The issuance of this license shall not be construed as excusing or condoning any act or thing heretofore committed or done by you in violation of the act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such acts; and shall not be construed as remitting any penalties or forfeitures which may have been incurred by you as a result of the commission or doing of any such acts or things. Any such act or thing may be a ground for the revocation of this license, regardless of when the United States first learned of such violation.

Issued by direction and on behalf of the Secretary of the Treasury.

**WARNING: This license will be revoked if you represent even by implication that you are acting for the Government.**

## GOLD LICENSE

GRANTED UNDER AUTHORITY OF THE GOLD RESERVE ACT OF 1934 AND THE GOLD REGULATIONS (TITLE 31, PART 54, CODE OF FEDERAL REGULATIONS) ISSUED THEREUNDER

| TO: | LICENSE NUMBER: |
|---|---|
| | AMOUNT AUTHORIZED: (IN FINE TROY OUNCES) |
| | THIS LICENSE EXPIRES MIDNIGHT |

Upon your statements and representations filed with or otherwise made to the Treasury Department, you are hereby licensed under the regulations issued pursuant to the Gold Reserve Act of 1934, as amended, to acquire and hold gold in any form, except gold coin or gold derived by any person from gold coin, melt and treat, transport within the continental United States, import and dispose of gold, subject to all of the following limitations and conditions:

A. Pursuant to this license you may acquire and hold, transport, melt and treat, and import gold only for processing or disposition in accordance with item E of this license.

B. Pursuant to this license you may acquire gold only from persons authorized by a Treasury Department gold license, or under the Gold Regulations without a license, to hold and dispose of gold in the form and amount which you acquire.

C. Pursuant to this license you may import gold in any form, in compliance with sections 54.8 and 54.25(b) of the Gold Regulations, for processing or use in the industry, profession or art in which you are regularly engaged; and unmelted scrap gold, for furnishing in such form to persons authorized under the Gold Regulations to acquire such gold.

D. The aggregate fine gold content of gold, including scrap, acquired and held by you, held by others for your account, held by you for the account of others, transported, and melted or treated by you, within the continental United States, pursuant to this license, shall not exceed at any one time the amount necessary for the legitimate and customary requirements of the industry, profession or art in which you are regularly engaged, AND IN NO EVENT SHALL EXCEED AT ANY ONE TIME THE AMOUNT OF TROY OUNCES OF FINE GOLD AUTHORIZED IN THIS LICENSE.

For the purposes of this license, in computing your gold holdings, you shall include the fine gold content of all scrap gold, but you are not required to include fabricated gold in the process of further manufacture.

E. Pursuant to this license you will dispose of gold only as follows:

1. By fabrication or use in the industry, profession or art in which you are regularly engaged, and by sale only in the form of fabricated gold as defined in section 54.4 of the Gold Regulations, or

2. By furnishing unmelted scrap gold and sweeps, filings, clippings, polishings and the like, to persons authorized by a Treasury Department gold license, or pursuant to section 54.18 or 54.21 of the Gold Regulations, to acquire and hold gold in such form and amount, or to a United States Mint or Assay Office if the gold is eligible for purchase in the form and amount offered, and otherwise meets deposit requirements. (See Subparts F and H of the Gold Regulations).

F. You may not sell any semi-processed gold as defined in section 54.4 of the Gold Regulations.

G. In determining whether gold is fabricated gold or semi-processed gold within the meaning of section 54.4 of the Gold Regulations and for the purposes of this license the TOTAL DOMESTIC VALUE of the processed or manufactured gold shall be based on the cost of the article to the owner and not the selling price. The allowable elements of such value are:

1. In the case of a manufacturer or processor, only the cost of the material in the article, labor performed on the article, and processing losses and overhead applicable to the manufacturing or processing of such article; and

2. In the case of a dealer or other person who holds or disposes of gold without further processing, only the net purchase price paid by such person, including transportation costs, if any, incurred in obtaining delivery of such article to his usual place of business.

Profit and sales and administrative expenses or commissions may not be included under either of the above categories.

The percentage computation required by section 54.4 of the Gold Regulations is made by dividing the value of the fine gold in the article (at $35 per fine troy ounce) by the total domestic value of the article. If the resulting percentage is in excess of 80%, such gold is semi-processed. If the percentage is 80% or less, it is fabricated gold.

For the purpose of determining whether gold may be exported pursuant to section 54.16 of the Gold Regulations, the total domestic value of the article to the domestic manufacturer or processor, or to the domestic dealer, computed on the basis of "G-1" or "G-2" above, is applicable and in no case may such total domestic value be based on the value to the foreign consignee or purchaser.

H. You may consign gold to a licensee on Form TGL—13 for processing and return to you in any form, and to a licensee on Form TGL—14 or to a person operating under section 54.21 of the Gold Regulations for processing and return to you only in the form of fabricated gold.

I. You may not, so long as you hold this license, acquire, hold, transport, or import any gold under authority of section 54.18; and you may not acquire, hold, transport, import, or melt or treat any gold under authority of section 54.21 of the Gold Regulations.

J. You may not acquire, hold, transport, melt or treat, or import any gold which has at any time been held in noncompliance with the Emergency Banking Act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such Acts.

K. You will keep all records prescribed under section 54.26 of the Gold Regulations and records which form the basis of computations required by item G of this license, make such reports as are required under section 54.27, and keep the work sheets, including inventories, supporting your quarterly gold reports.

L. You may not deal in gold under any name other than the name written in this license.

M. You will immediately inform the Mint or Assay Office which issued this license, at such time as you may acquire any interest in any other business, sole proprietorship, partnership, association, or corporation holding a Treasury Department gold license, or operating pursuant to section 54.18 or 54.21 of the Gold Regulations.

N. This license is not transferable and automatically expires if any change is made in your business structure (for example, a sole proprietorship to a partnership, or a partnership to another partnership or to a corporation, etc.). Unless and until an appropriate license is issued to the successor, such successor may only acquire, hold, or dispose of gold as permitted by the Gold Regulations without a license or pursuant to special authorization by the Bureau of the Mint.

**O.** This license shall be surrendered to the United States Mint or Assay Office which issued it immediately upon its expiration or the discontinuance of your gold business.

**P.** This license is subject to the provisions of section 54.6 of the Gold Regulations.

**Q.** You will comply in all respects with the Gold Reserve Act of 1934, any regulations issued thereunder, and the terms of this license.

# NOTICE

This license does not make you in any sense whatsoever an agent, employee, or representative of the Government. This license will be revoked if you represent even by implication that you are acting for the Government. (See section 54.10 of the Gold Regulations.)

Section 54.12 of the Gold Regulations provides:

"Gold in any form may be acquired, transported, melted or treated, imported, exported, or earmarked or held in custody for foreign or domestic account (except on behalf of the United States), only to the extent permitted by, and subject to the conditions prescribed in, the regulations in this part [Part 54 of Title 31, Code of Federal Regulations] or licenses issued pursuant to the regulations in this part".

Section 4 of the Gold Reserve Act of 1934 provides:

"Any gold withheld, acquired, transported, melted or treated, imported, exported, or earmarked or held in custody, in violation of this Act or of any regulations issued hereunder, or licenses issued pursuant thereto, shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for the forfeiture, seizure, and condemnation of property imported into the United States contrary to law; and in addition any person failing to comply with the provisions of this Act or of any such regulations or licenses, shall be subject to a penalty equal to twice the value of the gold in respect of which such failure occurred".

Section 494, Title 18, United States Code, provides:

"Whoever falsely makes, alters, forges, or counterfeits any bond, bid, proposal, contract, guarantee, security, official bond, public record, affidavit, or other writing for the purpose of defrauding the United States; or

Whoever utters or publishes as true or possesses with intent to utter or publish as true, any such false, forged, altered, or counterfeited writing, knowing the same to be false, forged, altered, or counterfeited; or

Whoever transmits to, or presents at any office or to any officer of the United States, any such false, forged, altered, or counterfeited writing, knowing the same to be false, forged, altered, or counterfeited—

Shall be fined not more than $1000 or imprisoned not more than ten years, or both".

Section 54.4 of the Gold Regulations provides, in part:

"Fabricated gold" means gold which has, in good faith and not for the purpose of evading, or enabling others to evade, the provisions of the act or of the regulations in this part, been processed or manufactured for some one or more specific and customary industrial, professional, or artistic uses, PROVIDED, That not more than 80 percent of the total domestic value of the processed or manufactured gold is attributable to the gold content thereof; but the term "fabricated gold" does not include gold coin or scrap gold.

"Semi-processed gold" means gold which has, in good faith and not for the purpose of evading, or enabling others to evade, the provisions of the act or of the regulations in this part, been processed or manufactured for some one or more specific and customary industrial, professional, or artistic uses, PROVIDED, That more than 80 percent of the total domestic value of the processed or manufactured gold is attributable to its gold content; but the term "semi-processed gold" does not include gold coin or scrap gold.

NOTE.—This license is not transferable and may be revoked or modified at any time in the discretion of the Secretary of the Treasury, acting directly or through the agency which issued the license or any other agency designated by the Secretary of the Treasury. If this license was issued as a result of willful misrepresentation on the part of the licensee or his duly authorized agent, it shall be void from the date of its issuance, or from any later date, if the Secretary of the Treasury, acting in his discretion, shall so declare.

In the event that any one person is, through misrepresentation or mistake, issued a license under article III of the Regulations issued under the Gold Reserve Act of 1934 by more than one mint or assay office, all licenses issued to such person shall be void from the date of issuance to such person of a license by a second mint or assay office, or from any later date, if the Secretary of the Treasury, acting in his discretion, shall so declare.

Section 4 of the Gold Reserve Act of 1934, provides as follows:

"Any gold withheld, acquired, transported, melted or treated, imported, exported, or earmarked or held in custody, in violation of this act or of any regulations issued hereunder, or licenses issued pursuant thereto, shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for the forfeiture, seizure, and condemnation of property imported into the United States contrary to law; and in addition any person failing to comply with the provisions of this act or of any such regulations or licenses, shall be subject to a penalty equal to twice the value of the gold in respect of which such failure occurred."

**WARNING: This license will be revoked if you represent even by implication that you are acting for the Government.**

Upon your statements and representations filed with or made to the Treasury Department, you are hereby licensed to acquire and hold, transport, melt and treat, and import gold in any form (other than gold coin or gold derived by any person from gold coin), the aggregate amount of which does not exceed at any time the amount necessary for the legitimate and customary requirements of your industry, profession, art, or business, and in no event more than _____ troy ounces of fine gold at any one time, for the following purposes only:

A. In any form, for **fabrication or use by you** in the industry, profession, or art in which you are engaged;

B. In the form of **unmelted scrap,** for furnishing in **unmelted form** to persons authorized under the Regulations issued under the Gold Reserve Act of 1934 to acquire such unmelted scrap gold, or for offering by you in **unmelted form** for sale to the United States.

**THIS LICENSE DOES NOT MAKE YOU IN ANY SENSE WHATSOEVER AN AGENT, EMPLOYEE OR REPRESENTATIVE OF THE UNITED STATES GOVERNMENT.**

You may include in public and private representations or statements the following clause:

"Licensed on Treasury Department Form TGL–14 pursuant to the Gold Reserve Act of 1934."

***BUT***

**IT IS A VIOLATION OF THIS LICENSE AND THE REGULATIONS ISSUED UNDER THE GOLD RESERVE ACT OF 1934 TO SAY OR DO ANYTHING WHICH MIGHT LEAD ANY PERSON TO BELIEVE THAT YOU ARE AN AGENT, EMPLOYEE OR REPRESENTATIVE OF THE GOVERNMENT OR THAT YOU ARE PURCHASING OR SELLING GOLD FOR THE GOVERNMENT OR FOR THE PURPOSE OF CARRYING OUT ANY POLICY OF THE GOVERNMENT.**

This license authorizes you, for the purposes enumerated above, to acquire only gold which is—

(1) held by a person authorized to hold it in such form and amount under a license on form TGL–12 or TGL–13;

(2) held by a person authorized to hold and dispose of it in such form and amount under a license on form TGL–14;

(3) held by a person who, under the above-mentioned Act and Regulations, is authorized to hold and dispose of such gold in such form and amount without a license; and

(4) offered for sale by a United States mint or assay office.

This license also authorizes you, for the purposes enumerated above—

(1) to import into the United States gold which has not at any time been held in noncompliance with the act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such acts; and

(2) to hold, transport, melt and treat, in amounts authorized by this license, gold now lawfully held by you, or acquired or imported as provided above or as permitted in article II of the aforesaid Regulations.

16—16777-3

This license does **NOT** authorize you—

(1) to sell or otherwise dispose of gold to any person, except in the form of unmelted scrap gold (as provided in subdivision B above), fabricated gold, metals containing not more than 5 troy ounces of fine gold per short ton, or gold in its natural state: *Provided, however,* That gold filings, clippings, pieces, and the like, which are not acquired by you in such form, but which accrue directly from, and as a result of, the legitimate, customary, and ordinary conduct of the industry, profession, or art in which you are engaged, may be disposed of in that form to persons who are authorized under the Regulations issued under the Gold Reserve Act of 1934 to acquire such gold, or may be offered in that form for sale to the United States;

(2) to acquire and hold, transport, melt and treat, or import any gold coin or any gold derived by any person from gold coin;

(3) to hold at any one time an amount of gold (other than gold which may be held without a license under article II of the Regulations issued under the Gold Reserve Act of 1934*) which in the aggregate exceeds the amount specified in this license; or

* So long as you hold this license you may not acquire, transport, import, or hold any gold under authority of section 18 of the Regulations issued under the Gold Reserve Act of 1934, and you may not acquire, hold, transport, import, or melt or treat any gold under authority of section 21 of such Regulations.

(4) **TO DEAL IN GOLD UNDER ANY NAME OTHER THAN THE NAME WRITTEN HEREINABOVE.**

This license does not exempt you from the duty of complying with the legal requirements of any State or Territory or local authority.

This license is granted subject to the condition, among others, that you will comply in all respects with, and keep all records and make all reports required by, the Gold Reserve Act of 1934, any regulations issued thereunder, and the terms of this license.

The issuance of this license shall not be construed as excusing or condoning any act or thing heretofore committed or done by you in violation of the act of March 9, 1933, the Gold Reserve Act of 1934, or any orders, regulations, rulings, or licenses issued under such acts; and shall not be construed as remitting any penalties or forfeitures which may have been incurred by you as a result of the commission or doing of any such acts or things. Any such act or thing may be a ground for the revocation of this license, regardless of when the United States first learned of such violation.

Issued by direction and on behalf of the Secretary of the Treasury.

If this license was issued as a result of willful misrepresentation on the part of the licensee or his duly authorized agent, it shall be void from the date of its issuance, or from any later date, if the Secretary of the Treasury, acting in his discretion, shall so declare.

In the event that any one person is, through misrepresentation or mistake, issued a license under article III of the Regulations issued under the Gold Reserve Act of 1934 by more than one mint or assay office, all licenses issued to such person shall be void from the date of issuance to such person of a license by a second mint or assay office, or from any later date, if the Secretary of the Treasury, acting in his discretion, shall so declare.

Section 4 of the Gold Reserve Act of 1934, provides as follows:

"Any gold withheld, acquired, transported, melted or treated, imported, exported, or earmarked or held in custody, in violation of this act or of any regulations issued hereunder, or licenses issued pursuant thereto, shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for the forfeiture, seizure, and condemnation of property imported into the United States contrary to law; and in addition any person failing to comply with the provisions of this act or of any such regulations or licenses, shall be subject to a penalty equal to twice the value of the gold in respect of which such failure occurred."

Dear Sir:

Reference is made to the letter from this office dated October 2, 1941, relative to general export licenses.

In view of the provisions of Executive Order No. 8389, as amended, copies of which have been forwarded to you, the Proclaimed List of Blocked Nationals, as amended and supplemented, a copy of which is enclosed, and other regulations relating to exporting, it has become necessary to ascertain the name and address of each person or concern to whom applicants desire to export gold as well as the amount and type of gold to be exported. The general export licenses as well as the application forms therefor have been changed accordingly.

There are enclosed several copies of the new form TG-15 (Special) R. which has replaced the old TG-15 (Special) form. Also enclosed for your information are copies of TGL-15 (Special) R. license forms which licenses are issued pursuant to the above-mentioned applications. Applications for general export licenses should now be filed not later than 20 days before the effective date of the license applied for since such applications have to clear through the General Counsel's Office and the Foreign Funds Control.

Licensees will not be required to export to each consignee the full amount of gold which they are authorized to export to each consignee under any TGL-15 (Special) R. license. Moreover, the holding of a general export license will not preclude their filing TG-15 applications to cover exportations of gold to those persons or concerns which are not included in their general export licenses, and from which they may receive orders, nor does it preclude their filing a TG-15 application with respect to each proposed exportation to a consignee listed on the general gold export license schedule after the amount permitted under such general export license has been shipped.

Very truly yours,

DEAR SIR:

FURTHER REFERENCE IS MADE TO THE LETTER FROM THIS OFFICE DATED DECEMBER 7, RELATIVE TO "HIGHGRADING" AND TO YOUR LETTER OF DECEMBER 20, 1938, WRITTEN IN REPLY THERETO.

IT WILL BE APPRECIATED IF YOU WILL BEGIN, AS PROMPTLY AS IT WILL BE CONVENIENT FOR YOU TO DO SO, TO FORWARD TO THIS OFFICE DAILY AND UNTIL FURTHER NOTICE, FIVE COPIES OF AFFIDAVITS SUBMITTED TO YOU ON FORM TG-21. IT IS SUGGESTED THAT AN ATTEMPT BE MADE TO SELECT AFFIDAVITS FAIRLY REPRESENTATIVE, GEOGRAPHICALLY AND OTHERWISE, OF THE VARIOUS TYPES OF PERSONS USING THEM. THE COPIES TO BE SUBMITTED BY YOU WILL BE STUDIED BY THIS OFFICE WITH A VIEW OF CONSIDERING THE ADVISABILITY OF INITIATING ACTION ALONG THE LINES SUGGESTED IN THE LETTER OF DECEMBER 7, REFERRED TO ABOVE.

THE STATEMENTS CONTAINED IN YOUR LETTER OF DECEMBER 20, HAVE BEEN CAREFULLY NOTED AND ARE APPRECIATED. ALTHOUGH IT IS BELIEVED THAT THE MINT BUREAU HAS, TO THE EXTENT OF ITS RESPONSIBILITY, SUCCESSFULLY COPED WITH ALL PROBLEMS REFERRED TO IT IN CONNECTION WITH "HIGHGRADING" ACTIVITIES; IT NEVERTHELESS IS CONSIDERED ADVISABLE TO CONTINUE TO LOOK CAREFULLY INTO SUCH PROBLEMS WITH A VIEW OF ADOPTING ANY NEW MEASURES WHICH MAY, DIRECTLY OR INDIRECTLY, SERVE TO LESSEN THE APPARENT EASE WITH WHICH CERTAIN UNSCRUPULOUS PERSONS ARE ABLE TO DISPOSE OF STOLEN GOLD.

ANY FURTHER COMMENTS OR SUGGESTIONS WHICH YOU MAY OFFER WILL ALSO BE APPRECIATED AND YOU WILL BE PROMPTLY ADVISED SHOULD THIS OFFICE DECIDE TO EXAMINE CURRENTLY ALL FORM TG-21 AFFIDAVITS SUBMITTED TO YOU.

Dear Sir:

Reference is made to your letter of April 18, 1941, with which you enclosed a letter dated April 17, 1941, received by you from Eugene A. Bond, Lawyer, Bank Annex Bldg., Leadville, Colorado.

Until otherwise instructed, you should withhold payment on all deposits of gold received from Robert D. Elder and/or Elmer Paustian and/or E. M. Edwards and/or S. R. Tait and/or Ptarmigan Gold Mining Company, which it appears have been recovered from the Mount Champion group of lode mining claims, otherwise known as the Dick Turpin and Theodolite Nos. 1 to 11 (inclusive) claims, in the Lackawanna Mining District, Lake County, Colorado.

You should advise this office via air mail of all such deposits, giving full information and transmitting copies of all pertinent affidavits and correspondence.

Enclosed for your information is a copy of a letter sent to Eugene A. Bond today.

Dear Sir:

This will acknowledge the receipt of your letter of April 17, 1941 which has been referred to this office by the Superintendent of the United States Mint at Denver. Your statements have been carefully noted.

Regarding your request for information as to shipments of gold which may be made to the Mint from the property named by you, you are advised that the long-established practice of the Department in matters of this kind is not to furnish to persons other than the depositor of gold, information with respect thereto except with the written consent of the depositor.

In cases where copies of Treasury Department documents or records are desired by, or on behalf of, parties to a suit, however, whether in a court of the United States or in any other court, the Department will give consideration to the furnishing of such copies provided an order of the court requesting the same is obtained.

DEAR SIRS:

THE UNDERSIGNED IS THE OWNER OF AN UNDIVIDED ONE-FIFTH INTEREST IN THE MOUNT CHAMPION GROUP OF LODE MINING CLAIMS, SITUATE IN THE LACKAWANNA MINING DISTRICT, LAKE COUNTY, COLORADO. THE NAMES OF THE CLAIMS ARE DICK TURPIN AND THEODOLITE NOS. 1 TO 11, INCLUSIVE.

ONE ROBERT D. ELDER HAS A LEASE UPON FOUR-FIFTHS OF THIS PROPERTY. I AM INFORMED THAT HE HAS SUBLET HIS INTEREST TO ONE ELMER PAUSTIAN. THE LAST NAMED PERSON HAS ALSO BEEN ASSOCIATED WITH A MR. E. M. EDWARDS AND A MR. S. R. TAIT.

THE PTARMIGAN GOLD MINING COMPANY HAS HANDLED SOME OF THE ORE FROM THE MOUNT CHAMPION.

I AM INFORMED EITHER THE ABOVE NAMED CORPORATION OR ONE OR MORE OF THE INDIVIDUALS NAMED ABOVE HAS PRODUCED CERTAIN GOLD FROM THE MOUNT CHAMPION GROUP SOME OF WHICH MAY BE A HIGH-GRADE LOT FROM MILLING OPERATIONS, AND THAT SUCH GOLD EITHER HAS BEEN OR IS TO BE SOLD TO THE UNITED STATES MINT.

YOU ARE ADVISED THAT THE ABOVE NAMED OPERATIONS HAVE BEEN CONDUCTED WITHOUT THE CONSENT OF THE UNDERSIGNED, AS CO-OWNER OF SAID ONE-FIFTH INTEREST, AND THAT ANY AND ALL STEPS TAKEN ARE WITHOUT AUTHORITY FROM SAID CO-OWNER.

YOU ARE FURTHER NOTIFIED THAT SAID CO-OWNER CLAIMS NOT LESS THAN ONE-FIFTH OF THE GROSS VALUE OF ANY AND ALL PRODUCTS FROM SAID MINE, AND PARTICULARLY ONE-FIFTH OF ANY AND ALL MINT RETURNS UPON ORE OR GOLD SHIPPED TO YOU FROM SAID MINE, OR ORE PRODUCED THEREFROM.

YOU ARE FURTHER ADVISED THAT THE SAID ABOVE NAMED PERSONS HAVE FAILED TO FURNISH TO THE UNDERSIGNED THE SEMI-ANNUAL STATEMENT REQUIRED OF CO-OWNERS BY THE COLORADO STATUTES.

PLEASE ADVISE THE UNDERSIGNED IF AND WHEN ANY SHIPMENTS ARE MADE TO YOU OF GOLD PRODUCED FROM THE ABOVE NAMED PROPERTY.

I UNDERSTAND THAT SAID ABOVE NAMED PARTIES ARE, AT THIS TIME, CONDUCTING NO MINING OPERATIONS AT ANY OTHER PLACE EXCEPT ON SAID MOUNT CHAMPION GROUP, AND THE MILLING OPERATIONS IN LEADVILLE UPON ORE PRODUCED FROM SAID MOUNT CHAMPION GROUP.

COUNTY OF _____)

In accordance with the provisions of the Proclamation of December 21, 1933, and the Regulations prescribed thereunder, the undersigned hereby represents and certifies under oath that he is the _____ (Title of Officer) of _____ (Name of Owner), owner of certain silver to the amount of _____ fine ounces, more or less, forwarded to the United States Mint at _____ on the _____ day of _____, 193_, and delivered to the Mint under the provisions of said Proclamation and the Regulations prescribed thereunder; and that said silver *(1) has been mined subsequent to December 21, 1933 from natural deposits in the United States or a place subject to the jurisdiction thereof, or (2) is part of a mixture of domestic, secondary and/or foreign silver not in excess of the amount thereof which has been mined subsequent to December 21, 1933 from natural deposits in the United States or a place subject to the jurisdiction thereof.

The owner is filing herewith supporting affidavit by the miner, and agrees to furnish such additional evidence as may hereafter be demanded by the Secretary of the Treasury, including affidavits and sworn abstracts from books of account of any or all reduction works handling such silver.

*Strike out whichever clause is inapplicable.

REGULATIONS issued by the Secretary of the Treasury under Executive Proclamation of December 21st, 1933, relating to the receipt of Silver mined in the United States.

Article 1. SILVER WHICH WILL BE RECEIVED.— The United States coinage Mints, under the conditions hereinafter specified and subject to the appropriate regulations governing the Mints, will receive Silver which any such Mint is satisfied has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof. Such Mints will also receive Silver which forms a part of a mixture of domestic, secondary, and foreign Silver provided such Mints are satisfied that the aggregate amount of such mixture so received does not exceed the amount thereof which has been mined subsequent to Decemder 21,1933, from natural deposits in the United States or any place subject to the jurisdiction thereof.

Article 2. AFFIDAVITS.— Any individual, partnership, association, or corporation, hereinafter referred to as "person", delivering Silver under the provisions of the Proclamation of December 21, 1933, shall accompany each such delivery with a properly executed affidavit on "Form TS-1", and suporting affidavit or affidavits of the miner or miners on "Form TS-2", containing the information called for in such "Forms" and executed under oath before an officer duly authorized to administer oaths.

Article 3. EVIDENCE WHICH MAY BE DEMANDED.— Persons delivering Silver under the provisions of these Regulations shall furnish such further evidence as may from time to time be requested by the Superintendent of any Mint, including affidavits and sworn abstracts from books of account of any mines or any or all smelters or refineries handling such Silver.

Article 4. SETTLEMENT FOR SILVER DELIVERED.— The Director of the Mint, pursuant to the voluntary consent of the depositor as required in the form of agreement to be executed in connection with affidavit "TS-1", shall retain of such Silver so delivered, fifty per cent as seigniorage and for services preformed by the Government of the United States and the balance of such Silver so received, that is,fifty per cent thereof, shall be coined into standard Silver dollars, and the same, or an equal number of other standard Silver dollars, shall be delivered to the owner or depositor of such Silver. Any fractional part of one dollar due hereunder shall be returned in any legal tender coin of the Unted States.

Article 5. RECORDS AND REPORTS.— Every person delivering Silver under these Regulations shall keep accurate records of all Silver mined or acquired subsequent to December 21, 1933, and such records shall be available for examination by a representative of the Director of the Mint for at least one year after the last delivery.

Such person shall file with the Director of the Mint, on or before the twenty-fifth day of each month after the date the first delivery is made, a report covering the period of the preceding calendar month, provided that the first report shall cover the period from December 21, 1933, to the end of the calendar month preceeding the date of the report. Such report shall be executed under oath before an officer duly authorized to administer oaths and shall be made on "Form TS-3" and shall contain all of the information called for in such Form. Every person delivering Silver which has been mixed with secondary or foreign silver or both at a smelter or refinery, other than that of the person making the delivery, shall also file with each delivery of such Silver an agreement properly executed under oath by a duly authorized officer of such other smelter or refinery that records will be kept and reports will be filed as provided in this Article, and that such records will be available for examination by a representative of the Director of the Mint for at least one year after the last belivery.

Article 6. FORMS.— Any form, the use of which is prescribed in these Regulations, may be obtained at any United States Mint or Assay Office or at the Treasury Department, Washington.

Article 7. REVOCATION OR MODIFICATION.— The provisions of these Regulations may be revoked or modified at any time.

H. MORGENTHAU, JR.
Acting Secretary of the Treasury.

APPROVED:

FRANKLIN D. ROOSEVELT.
THE WHITE HOUSE
December 30, 1933.

G

The owner hereby voluntarily consents that the Mint may deduct and retain of such silver so received fifty per cent as seigniorage and for services performed by the Government of the United States relative to the coinage and delivery of silver dollars. The owner also consents to accept from the Mint standard silver dollars in number equal to the number which may be coined from the balance of such silver so received, that is, fifty per cent thereof. Any fraction of one dollar due hereunder will be accepted in any legal tender coin of the United States.

The owner represents and warrants that thesilver is free and clear of all claims and encumbrances of any kind and that (it) (he) has the lawful right to deliver same.

This affidavit is made for the purpose of procuring the acceptance of the silver delivered to the said Mint for coinage in accordance with the provisions of the Proclamation of December 21, 1933, and the Regulations prescribed thereunder.

IDENTIFIED.

THIS PROCLAMATION SHALL REMAIN IN FORCE AND EFFECT UNTIL THE THIRTY-FIRST DAY OF DECEMBER, 1937, UNLESS REPEALED OR MODIFIED BY ACT OF CONGRESS, OR BY SUBSEQUENT PROCLAMATION.

THE PRESENT RATIO IN WEIGHT AND FINENESS OF THE SILVER DOLLAR TO THE GOLD DOLLAR SHALL, FOR THE PURPOSES OF THE PROCLAMATION, BE MAINTAINED UNTIL CHANGED FOR FURTHER ORDER OR PROCLAMATION.

NOTICE IS HEREBY GIVEN THAT I RESERVE THE RIGHT BY VIRTUE OF THE AUTHORITY VESTED IN ME TO REVOKE OR MODDIFY THIS PROCLMATION AS THE INTEREST OF THE UNITEDSTATES MAY SEEM TO REQUIRE.

ARTICLE 1. SILVER WHICH WILL BE RECEIVED. -- THE UNITEDSTATES COINAGE MINTS, UNDER THE CONDITIONS HEREINAFTER SPECIFIED AND SUBJECT TO THE APPROPRIATE REGULATIONS GOVERNING THE MINTS, WILL RECEIVE SILVER WHICH ANY SUCH MINT IS SATISFIED HAS BEEN MINED SUBSEQUENT TO DECEMBER 21, 1933 FROM NATURAL DEPOSITS IN THE UNITEDSTATES OR ANY PLACE SUBJECT TO THE JURISDICTION THEREOF. SUCH MINTS WILL ALSO RECEIVE SILVER WHICH FORMS A PART OF A MIXTURE OF DOMESTIC, SECONDARY, AND FOREIGN SILVER PROVIDED SUCH MINTS ARE SAFISFIED THAT THE AGGREGATE AMOUNT OF SUCH MIXTURE SO RECEIVED DOES NOT EXCEED THE AMOUNT THEREOF WHICH HAS BEEN MINED SUBSEQUENTE TO DEC 21, 1933 FROM NATURAL DEPOSITS IN THE UNITEDSTATES OR ANY PLACE SUBJECT TO THE JURISDICTION THEREOF.

ARTICLE 2. AFFIDAVITS. -- ANY INDIVIDUAL, PARTNERSHIP, ASSOCIATION, OR CORPORATION, HEREINAFTER REFERRED TO AS "PERSON," DELIVERING SILVER UNDER THE PROVISIONS OF THE PROCLMATION OR DEC 21, 1933 SHALL ACCOMPANY EACH SUCH DELIVERY WITH A PROPERLY EXECUTED AFFIDAVIT ON FORM Ts. - 1 AND SUPPORTING AFFIDAVIT OR AFFIDAVITS OF THE MINER OR MINERS ON FORM Ts.-2, CONTAINING THE INFORMATION CALLED FOR IN SUCH FORMS AND EXECUTED UNDER OATH BEFORE AN OFFICER DULY AUTHORIZED TO ADMINISTER OATHS.

ARTICLE 3. EVIDENCE WHICH MAY BE DEMANDED. -- PERSONS DELIVERING SILVER UNDER THE PROVISIONS OF THESE REGULATIONS SHALL

FURNISH SUCH FURTHER EVIDENCE AS MAY FROM TIME TO TIME BE REQUESTED BY THE SUPERINTENDENT OF ANY MINT, INCLUDING AFFIDAVITS AND SWORN ABSTRACTS FROM BOOKS OF ACCOUNT OF ANY MINES OR ANY OR ALL SMELTERS OR REFINERIES HANDLING SUCH SILVER.

ARTCLE 4. SETTLEMENT FOR SILVER DELIVERED. -- THE DIRECTOR OF THE MINT, PURSUANT TO THE VOLUNTARY CONSENT OF THE DEPOSITOR AS REQUIRED IN THE FORM OF AGREEMENT TO BE EXECUTED IN CONNECTION WITH AFFIDAVIT TS.-1, SHALL RETAIN OF SUCH SILVER SO DELIVERED, FIFTY PERCENT, AS SEIGNIORAGE AND FOR SERVICES PERFORMED BY THE GOVERNMENT OF THE UNITEDSTATES, AND THE BALANCE OF SUCH SILVER SO RECEIVED, THAT IS, FIFTY PERCENT THEREOF, SHALL BE COINED INTO STANDARD SILVER DOLLARS AND THE SAME, OR AN EQUAL NUMBER OF OTHER STANDARD SILVER DOLLARS, SHALL BE DELIVERED TO THE OWNER OR DEPOSITOR OF SUCH SILVER. ANY FRACTIONAL PART OF ONE DOLLAR DUE HEREUNDER SHALL BE RETURNED IN ANY LEGAL TENDER COIN OF THE UNITEDSTATES.

ARTICLE 5. RECORDS AND REPORTS. - - EVERY PERSON DELIVERING SILVER UNDER THESE REGULATIONS SHALL KEEP ACCURATE RECORDS OF ALL SILVER MINED OR ACQUIRED SUBSEQUENT TO DEC. 21,1933, AND SUCH RECORDS SHALL BE AVAILABLE FOR EXAMINATION BY A REPRESENTATIVE OF THE DIRECTOR OF THE MINT FOR AT LEAST ONE YEAR AFTER THE LAST DELIVERY.

SUCH PERSON SHALL FILE WITH THE DIRECTOR OF THE MINT, ON OR BEFORE THE TWENTY-FIRTH DAY OF EACH MONTH AFTER THE DATE THE FIRST DELIVERY IS MADE, A REPORT COVERING THE PERIOD OF THE PRECEDING CALENDAR MONTH, PROVIDED THAT THE FIRST REPORT SHALL COVER THE PERIOD FROM DECEMBER 21. 1933, TO THE END OF THE CALENDAR MONTH PRECEEDING THE DATE OF THE REPORT. SUCH REPORT SHALL BE EXECUTED UNDER OATH BEFORE AN OFFICER DULY AUTHORIZED TO ADMINISTER OATHS AND SHALL BE MADE ON FORM TS-3 AND SHALL CONTAIN ALL OF THE INFORMATION CALLED FOR IN SUCH FORM. EVERY PERSON DELIVERING SILVER WHICH HAS BEEN MIXED WITH SECONDARY OR FOREIGN SILVER OR BOTH AT A SMELTER OR REFINERY, OTHER THAN THAT OF THE PERSON MAKING THE DELIVERY, SHALL

ALSO FILE WITH EACH DELIVERY OF SUCH SILVER AN AGREEMENT PROPERLY EXECUTED UNDER OATH BY A DULY AUTHORIZED OFFICER OF SUCH OTHER SMELTER OR REFINERY THAT RECORDS WILL BE KEPT AND REPORTS WILL BE FILED AS PROVIDED IN THIS ARTICLE, AND THAT SUCH RECORDS WILL BE AVAILABLE FOR EXAMINATION BY A REPRESENTATIVE OF THE DIRECTOR OF THE MINT FOR AT LEAST ONE YEAR AFTER THE LAST DELIVERY.

ARTICLE 6. FORMS. -- ANY FORM, THE USE OF WHICH IS PRESCRIBED IN THESE REGULATIONS, MAY BE ONTAINED AT ANY UNITEDSTATES MINT OR ASSAY OFFICE OR AT THE TREASURY DEPARTMENT, WASHINGTON.

ARTICLE 7. REVOCATION OR MODIFICATION. -- THE PROVISIONS OF THESE REGULATIONS MAY BE REVOKED OR MODIFIED AT ANY TIME.

Delivery by Mint of coin for silver received under Executive Proclamation of December 21st means delivery over the counter. When coins must be forwarded, the charges therefor by most economical and practical means may be deducted from proceeds of silver if delivery amount does not exceed approximately $100.00. For larger amounts, request forwarding instructions from silver owners. Deliver circulated dollars on hand until further advised.

Sir:

The silver that is received by the coinage mints under the Executive Proclamation of December 21, 1933, will be taken into an account under the caption "Silver Bullion -- Executive Proclamation of December 21, 1933".

This silver, if refined, will be recorded in a separate number-series from other metal, namely the E. P. series. If it consists of silver contained in gold received on consignment, the Reconstruction Finance Corporation number-series will of course apply, and if in regular deposits, the regular number-series will apply. The Bullion Abstract sheets and the recapitulation thereof should be so prepared that the exact quantities and amounts carried to the several appropriate locations on the accounts current will be shown, and so that the items making up such totals may be readily traced back to the several supporting vouchers. This may necessitate the placing, in some instances, of identifying marks in the silver ounces column of the Bullion Abstract.

No charges are to be imposed on this silver, whether received in the form of refined bullion or contained in gold deposits. However, the usual charges are to be imposed on gold bullion that contains silver which is accorded the benefits provided by the Executive Proclamation of December 21, 1933.

The half of the received silver that is to be returned to the owner thereof in the form of standard silver dollars will be taken into account at its coinage value, that is $1.29- per fine ounce (which is also the Government's liability to the silver owner); while the half of the silver that is to be retained by the Government will be shown in a separate column of the account as seigniorage, in ounces but without value. When coinage of the owner's half is executed, the amount coined will be stated at its full coinage value, $1.29- per fine ounce, disregarding the question of seigniorage which would normally be represented by the excess of the coin's face value over the cost of the silver content. The Government's half of the silver will remain in the account, without value (as a commodity), until such future time as it may be disposed of; if coined the full face value of the resulting coin will be delivered as seigniorage. This seigniorage will be at the rate, if standard silver dollars are made, of $1.29- per fine ounce, and if subsidiary coins are made the rate will be $1.38- per fine ounce.

(ILLUSTRATIVE ACCOUNT)

"Silver Bullion - Executive Proclamation, December 21, 1933"

| Items | As Seigniorage (Commodity) | As Cash | | Items | As Seigniorage (Commodity) | As Cash | |
|---|---|---|---|---|---|---|---|
| | Ounces | Ounces | Value | | Ounces | Ounces | Value |
| Deposits received | 1,000 | 1,000 | $1,292.92 | Coinage executed | | 100 | $129.29 |
| | | | | Balance | 1,000 | 900 | 1,163.63 |
| | | | | | | 1000 | $1,292.92 |

As indicated in the Regulations, one half the silver received under this Proclamation is to be paid for in standard silver dollars, either with those newly coined from the received bullion or any other standard silver dollars which may be available for issue. No payments for such silver will be made by check, or otherwise than by issue of standard silver dollars, except for fractional values below one dollar, which will be paid for in any legal tender coin. The coin paid out will pertain to the Treasurer's Bullion Fund, and therefore, the silver received in lieu thereof (half of the total received) will constitute an asset in the Bullion Fund. In reporting assets to the Treasurer, such bullion should be stated as a separate item -- "Received under Executive Proclamation, December 21, 1933", and the dollar coins made -- "From bullion received under Executive Proclamation, December 21, 1933". Also note at foot of asset and liability statement -- "Total (to date) silver dollars coined under Executive Proclamation, December 21, 1933", and "Total Ex. Procl. silver dollars on hand that have not been delivered for silver bullion received".

In the accounts current rendered through this office to the General Accounting Office, this silver bullion will be stated as a separate account, in any available space on the printed account current forms or on a similar sized and arranged sheet which may be added to the other account current sheets, using item explanations which conform with those pertaining to the present silver coinage bullion account, but separately stating the amounts received in R. F. C. gold bullion, in regular gold deposits, etc..

Affidavits prescribed by the Regulations must support each lot of received silver that is accorded the benefits of the Proclamation.

These affidavits must be filed with the accounts (instead of separately as is the case with gold consignments). Silver unsupported by prescribed silver affidavits may not be accorded the benefits of the Executive Proclamation. No minimum of silver which may receive such benefits is prescribed since provision is made for paying subsidiary or minor coin for fractional values, and where the silver content is small the possible benefit is so small as to not warrant the trouble of making affidavits. However, the regulation providing that all deposits must contain at least 200 parts of precious metals is effective for the silver received under this Proclamation. Where a deposit includes silver mined both before and subsequent to December 21, 1933, the miners affidavit should state the facts and be accepted as the basis of settlement at the differing applicable rates.

SILVER REGULATIONS

Prescribed under authority of paragraph (2) section 43, title III of the act of Congress approved May 12, 1933 (Public No 10) and the President's proclamation of December 21, 1933, relating to the receipt of coinage of silver mined in the United States or any place subject to the jurisdiction thereof.

PROCLAMATION OF DECEMBER 21, 1933.

WHEREAS, by paragraph (2) of Section 43, title III of the act of Congress, approved May 12, 1933 (Public No 10) the President is authorized "by proclamation to fix the weight of the gold dollar in grains nine-tenths fine and also to fix the weight of the silver dollar in grains nine-tenths fine at a definite fixed ratio in relation to the gold dollar at such amounts as he finds necessary from his investigation to stabilize domestic prices or to protect the foreign commerce against the adverse effect of depreciated foreign currencies, and to provide for the unlimited coinage of such gold and silver at the ratio so fixed,": and

WHEREAS, from investigations made by me, I find it necessary in aid of the stabilization of domestic prices and in accordance with policy and program authorized by Congress, which are now being administered, and to protect our foreign commerce against the adverse effect of depreciated foreign currencies, ~~and~~ that the price of silver be enhanced and stabilized; and

WHEREAS, a resolution presented by the delegation of the United States of America was unanimously adopted at the world economic and monetary conference in London on July 20, 1933, by the representatives of Sixty-Six governments, which in substance provided that said governments will adandon the policy and practice of melting up or debasing silver coins: that low valued silver currency be replaced with silver coins and that no legislation should be enacted that will depreciate the value of silver: and

WHEREAS, a separate and supplemental agreement was entered into, at the instance of the representatives of the United States, between China, India and Spain, the holders and users of large quantities of silver, on the one hand, and Australia, Canada, Mexico, Peru, and the United States on the other hand, as the chief producers of silver, wherein China agreed not to dispose any silver derived from the melting up or debasement of silver coins, and India agreed not to dispose of over 35,000,000 ounces of silver per annum during a period of four years commencing January 1, 1934, and Spain agreed not to dispose of over 5,000,000 ounces of silver annually during said period and both of said governments agreed that at the end of said period of four years they would then subject themselves to the general resolution adopted at the London conference and in consideration of such limitation it was agreed that the governments of the five producing countries would each absorb from the mines in their respective countries a certain amount of silver, the total amount to be absorbed by said producing countries being 35,000,000 ounces per annum during the four years commencing the 1st day of January, 1934, that such silver so absorbed would be retained in each of said respective countries for said period of four years to be used

for coinage purposes or as reserves for currency or to otherwise be retained and kept off the world market during such period of time it being understood that of the 35,000,000 ounces the United States was to absorb annually at least 24,421,410 ounces of the silver produced in the United States during such period of time. Now, therefore, finding it proper to cooperate with other governments and necessary to assist in increasing and stabilizing domestic prices to augment the purchasing power of peoples in silver using countries to protect our foreign commerce against the adverse effect of depreciated foreign currencies and to carry out the understanding between the sixty-six governments that adopted the resolution herein before referred to by virtue of the power in me vested by the act of Congress above cited, the other legislation designated for national recovery, and by virtue of all other authority in me vested:

I, Franklin D. Roosevelt, president of the United States of America, do proclaim and direct that each United States coinage mint shall receive for coinage into standard silver dollars any silver which such mint, subject to regulations prescribed hereunder by the secretary of the treasury, is satisfied has been mined, subsequently to the date of this proclamation, from natural deposits, in the United States or any place subject to the jurisdiction thereof, the Director of the Mint, with the voluntary consent of the owner, shall deduct and retain of such silver so received fifty percent as seigniorage and for services performed by the government of the United States relative to the coinage and delivery of silver dollars, the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. The fifty percent of such silver so deducted shall be retained as bullion by the treasury and shall not be disposed of prior to the thirty-first day of December, 1937, except for coining to United States coins.

The Secretary of the Treasury is authorized to prescribe regulations to carry out the purposes of this proclamation. Such regulations shall contain provisions substantially similar to the provisions contained in the regulations made pursuant to the act of Congress, approved April 23, 1918 (40 statutes at large, page 535), known as the Pittman act, with such changes as he shall determine prescribing how silver mined, subsequently to the date of this proclamation from natural deposits in the United States or any place subject to the jurisdiction thereof, shall be identified.

This proclamation shall remain in force and effect until the thirty-first day of December, 1937, unless repealed or modified by act of Congress, or by subsequent proclamation.

The present ratio in weight and fineness of the silver dollar to the gold dollar shall, for the purposes of the proclamation, be maintained until changed for further order or proclamation.

Notice is hereby given that I reserve the right by virtue of the authority vested in me to revoke or modify this proclamation as the interest of the United States may seem to require.

Article 1. Silver Which Will Be Received. -- The United States coinage mints, under the conditions hereinafter specified and subject to

the appropriate regulations governing the mints, will receive silver which any such mint is satisfied has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof. Such mints will also receive silver which forms a part of a mixture of domestic, secondary and foreign silver provided such mints are satisfied that the aggregate amount of such mixture so received does not exceed the amount thereof which has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof.

Article 2. Affidavits. -- Any individual, partnership, association, or corporation, hereinafter referred to as "person" delivering silver under the provisions of the proclamation of December 21, 1933, shall accompany each such delivery with a properly executed affidavit on form TS-1 and supporting affidavit or affidavits of the miner or miners on form TS-2, containing the information called for in such forms and executed under oath before an officer duly authorized to administer oaths.

Article 3. Evidence which may be demanded. -- Persons delivering silver under the provisions of these regulations shall furnish such further evidence as may from time to time be requested by the superintendent of any mint, including affidavits and sworn abstracts from books of account of any mines or any or all smelters or refineries handling such silver.

Article 4. Settlement for silver delivered. -- The Director of the Mint, pursuant to the voluntary consent of the depositor as required in the form of agreement to be executed in connection with affidavit TS-1, shall retain of such silver so delivered fifty percent, as seigniorage and for services performed by the government of the United States, and the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. Any fractional part of one dollar due hereunder shall be returned in any legal tender coin of the United States.

Article 5. Records and reports. -- Every person delivering silver under these regulations shall keep accurate records of all silver mined or acquired subsequent to December 21, 1933, and such records shall be available for examination by a representative of the Director of the Mint for at least one year after the last delivery.

Such person shall file with the Director of the Mint, on or before the twenty-fifth day of each month after the date the first delivery is made, a report covering the period of the preceding calendar month, provided that the first report shall cover the period from December 21, 1933, to the end of the calendar month preceding the date of the report. Such report shall be executed under oath before an officer duly authorized to administer oaths and shall be made on form TS-3 and shall contain all of the information called for in such form. Every person delivering silver which has been mixed with secondary or foreign silver or both at a smelter or refinery, other than that of the person making the delivery, shall file with each delivery of such silver an agreement properly executed under oath by a duly authorized officer of such ~~smelter~~ other smelter or refinery that records will be kept and reports will be filed as provided in this article, and that such records will be available for

examination by a representative of the Director of the Mint for at least one year after the last delivery.

Article 6. Forms. -- Any form, the use of which is prescribed in these regulations, may be obtained at any United States mint or assay office or at the Treasury department, Washington.

Article 7. Revocation or modification. -- The provisions of these regulations may be revoked or modified at any time.

SILVER REGULATIONS

Prescribed under authority of paragraph (2) section 43, title III of the act of Congress approved May 12, 1933 (Public No 10) and the President's proclamation of December 21, 1933, relating to the receipt of coinage of silver mined in the United States or any place subject to the jurisdiction thereof.

PROCLAMATION OF DECEMBER 21, 1933.

WHEREAS, by paragraph (2) of Section 43, title III of the act of Congress, approved May 12, 1933 (Public No 10) the President is authorized "by proclamation to fix the weight of the gold dollar in grains nine-tenths fine and also to fix the weight of the silver dollar in grains nine-tenths fine at a definite fixed ratio in relation to the gold dollar at such amounts as he finds necessary from his investigation to stabilize domestic prices or to protect the foreign commerce against the adverse effect of depreciated foreign currencies, and to provide for the unlimited coinage of such gold and silver at the ratio so fixed,": and

The present ratio in weight and fineness of the silver dollar to the gold dollar shall, for the purposes of the proclamation, be maintained until changed for further order or proclamation.

Notice is hereby given that I reserve the right by virtue of the authority vested in me to revoke or modify this proclamation as the interest of the United States may seem to require.

Article 1. Silver Which Will Be Received. -- The United States coinage mints, under the conditions hereinafter specified and subject to

the appropriate regulations governing the mints, will receive silver which any such mint is satisfied has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof. Such mints will also receive silver which forms a part of a mixture of domestic, secondary and foreign silver provided such mints are satisfied that the aggregate amount of such mixture so received does not exceed the amount thereof which has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof.

Article 2. Affisavits. -- Any individual, partnership, association, or corporation, hereinafter referred to as "person" delivering silver under the provisions of the proclamation of December 21, 1933, shall accompany each such delivery with a properly executed affidavit on form TS-1 and supporting affidavit or affidavits of the miner or miners on form TS-2, containing the information called for in such forms and executed under oath before an officer duly authorized to administer oaths.

Article 3. Evidence which may be demanded. -- Persons delivering silver under the provisions of these regulations shall furnish such further evidence as may from time to time be requested by the superintendent of any mint, including affidavits and sworn abstracts from books of account of any mines or any or all smelters or refineries handling such silver.

Article 4. Settlement for silver delivered. -- The Director of the Mint, pursuant to the voluntary consent of the depositor as required in the form of agreement to be executed in connection with affidavit TS-1, shall retain of such silver so delivered fifty percent, as seigniorage and for services performed by the government of the United States, and the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. Any fractional part of one dollar due hereunder shall be returned in any legal tender coin of the United States.

Article 5. Records and reports. -- Every person delivering silver under these regulations shall keep accurate records of all silver mined or acquired subsequent to December 21, 1933, and such records shall be available for examination by a representative of the Director of the Mint for at least one year after the last delivery.

Such person shall file with the Director of the Mint, on or before the twenty-fifth day of each month after the date the first delivery is made, a report covering the period of the preceding calendar month, provided that the first report shall cover the period from December 21, 1933, to the end of the calendar month preceding the date of the report. Such report shall be executed under oath before an officer duly authorized to administer oaths and shall be made on form TS-3 and shall contain all of the information called for in such form. Every person delivering silver which has been mixed with secondary or foreign silver or both at a smelter or refinery, other than that of the person making the delivery, shall file with each delivery of such silver an agreement properly executed under oath by a duly authorized officer of such smelter other smelter or refinery that records will be kept and reports will be filed as provided in this article, and that such records will be available for

examination by a representative of the Director of the Mint for at least one year after the last delivery.

Article 6. Forms. -- Any form, the use of which is prescribed in these regulations, may be obtained at any United States mint or assay office or at the Treasury department, Washington.

Article 7. Revocation or modification. -- The provisions of these regulations may be revoked or modified at any time.

WHEREAS, a separate and supplemental agreement was entered into, at the instance of the representatives of the United States, between China, India and Spain, the holders and users of large quantities of silver, on the one hand, and Australia, Canada, Mexico, Peru, and the United States on the other hand, as the chief producers of silver, wherein China agreed not to dispose any silver derived from the melting up or debasement of silver coins, and India agreed not to dispose of over 35,000,000 ounces of silver per annum during a period of four years commencing January 1, 1934, and Spain agreed not to dispose of over 5,000,000 ounces of silver annually during said period and both of said governments agreed that at the end of said period of four years they would then subject themselves to the general resolution adopted at the London conference and in consideration of such limitation it was agreed that the governments of the five producing countries would each absorb from the mines in their respective countries a certain amount of silver, the total amount to be absorbed by said producing countries being 35,000,000 ounces per annum during the four years commencing the 1st day of January, 1934, that such silver so absorbed would be retained in each of said respective countries for said period of four years to be used

for coinage purposes or as reserves for currency or to otherwise be retained and kept off the world market during such period of time it being understood that of the 35,000,000 ounces the United States was to absorb annually at least 24,421,410 ounces of the silver produced in the United States during such period of time. Now, therefore, finding it proper to cooperate with other governments and necessary to assist in increasing and stabilizing domestic prices to augment the purchasing power of peoples in silver using countries to protect our foreign commerce against the adverse effect of depreciated foreign currencies and to carry out the understanding between the sixty-six governments that adopted the resolution herein before referred to by virtue of the power in me vested by the act of Congress above cited, the other legislation designated for national recovery, and by virtue of all other authority in me vested:

I, Franklin D. Roosevelt, president of the United States of America, do proclaim and direct that each United States coinage mint shall receive for coinage into standard silver dollars any silver which such mint, subject to regulations prescribed hereunder by the secretary of the treasury, is satisfied has been mined, subsequently to the date of this proclamation, from natural deposits, in the United States or any place subject to the jurisdiction thereof, the Director of the Mint, with the voluntary consent of the owner, shall deduct and retain of such silver so received fifty percent as seigniorage and for services performed by the government of the United States relative to the coinage and delivery of silver dollars, the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. The fifty percent of such silver so deducted shall be retained as bullion by the treasury and shall not be disposed of prior to the thirty-first day of December, 1937, except for coining to United States coins.

The Secretary of the Treasury is authorized to prescribe regulations to carry out the purposes of this proclamation. Such regulations shall contain provisions substantially similar to the provisions contained in the regulations made pursuant to the act of Congress, approved April 23, 1918 (40 statutes at large, page 535), known as the Pittman act, with such changes as he shall determine prescribing how silver mined, subsequently to the date of this proclamation from natural deposits in the United States or any place subject to the jurisdiction thereof, shall be identified.

This proclamation shall remain in force and effect until the thirty-first day of December, 1937, unless repealed or modified by act of Congress, or by subsequent proclamation.

The present ratio in weight and fineness of the silver dollar to the gold dollar shall, for the purposes of the proclamation, be maintained until changed for further order or proclamation.

Notice is hereby given that I reserve the right by virtue of the authority vested in me to revoke or modify this proclamation as the interest of the United States may seem to require.

Article 1. <u>Silver Which Will Be Received.</u> -- The United States coinage mints, under the conditions hereinafter specified and subject to

the appropriate regulations governing the mints, will receive silver which any such mint is satisfied has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof. Such mints will also receive silver which forms a part of a mixture of domestic, secondary and foreign silver provided such mints are satisfied that the aggregate amount of such mixture so received does not exceed the amount thereof which has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof.

Article 2. Affidavits. -- Any individual, partnership, association, or corporation, hereinafter referred to as "person" delivering silver under the provisions of the proclamation of December 21, 1933, shall accompany each such delivery with a properly executed affidavit on form TS-1 and supporting affidavit or affidavits of the miner or miners on form TS-2, containing the information called for in such forms and executed under oath before an officer duly authorized to administer oaths.

Article 3. Evidence which may be demanded. -- Persons delivering silver under the provisions of these regulations shall furnish such further evidence as may from time to time be requested by the superintendent of any mint, including affidavits and sworn abstracts from books of account of any mines or any or all smelters or refineries handling such silver.

Article 4. Settlement for silver delivered. -- The Director of the Mint, pursuant to the voluntary consent of the depositor as required in the form of agreement to be executed in connection with affidavit TS-1, shall retain of such silver so delivered fifty percent, as seigniorage and for services performed by the government of the United States, and the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. Any fractional part of one dollar due hereunder shall be returned in any legal tender coin of the United States.

Article 5. Records and reports. -- Every person delivering silver under these regulations shall keep accurate records of all silver mined or acquired subsequent to December 21, 1933, and such records shall be available for examination by a representative of the Director of the Mint for at least one year after the last delivery.

Such person shall file with the Director of the Mint, on or before the twenty-fifth day of each month after the date the first delivery is made, a report covering the period of the preceding calendar month, provided that the first report shall cover the period from December 21, 1933, to the end of the calendar month preceding the date of the report. Such report shall be executed under oath before an officer duly authorized to administer oaths and shall be made on form TS-3 and shall contain all of the information called for in such form. Every person delivering silver which has been mixed with secondary or foreign silver or both at a smelter or refinery, other than that of the person making the delivery, shall file with each delivery of such silver an agreement properly executed under oath by a duly authorized officer of such ~~smelter~~ other smelter or refinery that records will be kept and reports will be filed as provided in this article, and that such records will be available for

examination by a representative of the Director of the Mint for at least one year after the last delivery.

Article 6. Forms. -- Any form, the use of which is prescribed in these regulations, may be obtained at any United States mint or assay office or at the Treasury department, Washington.

Article 7. Revocation or modification. -- The provisions of these regulations may be revoked or modified at any time.

SILVER REGULATIONS

Prescribed under authority of paragraph (2) section 43, title III of the act of Congress approved May 12, 1933 (Public No 10) and the President's proclamation of December 21, 1933, relating to the receipt of coinage of silver mined in the United States or any place subject to the jurisdiction thereof.

PROCLAMATION OF DECEMBER 21, 1933.

WHEREAS, by paragraph (2) of Section 43, title III of the act of Congress, approved May 12, 1933 (Public No 10) the President is authorized "by proclamation to fix the weight of the gold dollar in grains nine-tenths fine and also to fix the weight of the silver dollar in grains nine-tenths fine at a definite fixed ratio in relation to the gold dollar at such amounts as he finds necessary from his investigation to stabilize domestic prices or to protect the foreign commerce against the adverse effect of depreciated foreign currencies, and to provide for the unlimited coinage of such gold and silver at the ratio so fixed,": and

WHEREAS, from investigations made by me, I find it necessary in aid of the stabilization of domestic prices and in accordance with policy and program authorized by Congress, which are now being administered, and to protect our foreign commerce against the adverse effect of depreciated foreign currencies, ~~and~~ that the price of silver be enhanced and stabilized; and

WHEREAS, a resolution presented by the delegation of the United States of America was unanimously adopted at the world economic and monetary conference in London on July 20, 1933, by the representatives of Sixty-Six governments, which in substance provided that said governments will adandon the policy and practice of melting up or debasing silver coins: that low valued silver currency be replaced with silver coins and that no legislation should be enacted that will depreciate the value of silver: and

WHEREAS, a separate and supplemental agreement was entered into, at the instance of the representatives of the United States, between China, India and Spain, the holders and users of large quantities of silver, on the one hand, and Australia, Canada, Mexico, Peru, and the United States on the other hand, as the chief producers of silver, wherein China agreed not to dispose any silver derived from the melting up or debasement of silver coins, and India agreed not to dispose of over 35,000,000 ounces of silver per annum during a period of four years commencing January 1, 1934, and Spain agreed not to dispose of over 5,000,000 ounces of silver annually during said period and both of said governments agreed that at the end of said period of four years they would then subject themselves to the general resolution adopted at the London conference and in consideration of such limitation it was agreed that the governments of the five producing countries would each absorb from the mines in their respective countries a certain amount of silver, the total amount to be absorbed by said producing countries being 35,000,000 ounces per annum during the four years commencing the 1st day of January, 1934, that such silver so absorbed would be retained in each of said respective countries for said period of four years to be used

Now, therefore, finding it proper to cooperate with other governments and necessary to assist in increasing and stabilizing domestic prices to augment the purchasing power of peoples in silver using countries to protect our foreign commerce against the adverse effect of depreciated foreign currencies and to carry out the understanding between the sixty-six governments that adopted the resolution herein before referred to by virtue of the power in me vested by the act of Congress above cited, the other legislation designated for national recovery, and by virtue of all other authority in me vested:

I, Franklin D. Roosevelt, president of the United States of America, do proclaim and direct that each United States coinage mint shall receive for coinage into standard silver dollars any silver which such mint, subject to regulations prescribed hereunder by the secretary of the treasury, is satisfied has been mined, subsequently to the date of this proclamation, from natural deposits, in the United States or any place subject to the jurisdiction thereof, the Director of the Mint, with the voluntary consent of the owner, shall deduct and retain of such silver so received fifty percent as seigniorage and for services performed by the government of the United States relative to the coinage and delivery of silver dollars, the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. The fifty percent of such silver so deducted shall be retained as bullion by the treasury and shall not be disposed of prior to the thirty-first day of December, 1937, except for coining to United States coins.

The Secretary of the Treasury is authorized to prescribe regulations to carry out the purposes of this proclamation. Such regulations shall contain provisions substantially similar to the provisions contained in the regulations made pursuant to the act of Congress, approved April 23, 1918 (40 statutes at large, page 535), known as the Pittman act, with such changes as he shall determine prescribing how silver mined, subsequently to the date of this proclamation from natural deposits in the United States or any place subject to the jurisdiction thereof, shall be identified.

This proclamation shall remain in force and effect until the thirty-first day of December, 1937, unless repealed or modified by act of Congress, or by subsequent proclamation.

The present ratio in weight and fineness of the silver dollar to the gold dollar shall, for the purposes of the proclamation, be maintained until changed for further order or proclamation.

Notice is hereby given that I reserve the right by virtue of the authority vested in me to revoke or modify this proclamation as the interest of the United States may seem to require.

Article 1. Silver Which Will Be Received. -- The United States coinage mints, under the conditions hereinafter specified and subject to

the appropriate regulations governing the mints, will receive silver which any such mint is satisfied has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof. Such mints will also receive silver which forms a part of a mixture of domestic, secondary and foreign silver provided such mints are satisfied that the aggregate amount of such mixture so received does not exceed the amount thereof which has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof.

Article 2. Affidavits. -- Any individual, partnership, association, or corporation, hereinafter referred to as "person" delivering silver under the provisions of the proclamation of December 21, 1933, shall accompany each such delivery with a properly executed affidavit on form TS-1 and supporting affidavit or affidavits of the miner or miners on form TS-2, containing the information called for in such forms and executed under oath before an officer duly authorized to administer oaths.

Article 3. Evidence which may be demanded. -- Persons delivering silver under the provisions of these regulations shall furnish such further evidence as may from time to time be requested by the superintendent of any mint, including affidavits and sworn abstracts from books of account of any mines or any or all smelters or refineries handling such silver.

Article 4. Settlement for silver delivered. -- The Director of the Mint, pursuant to the voluntary consent of the depositor as required in the form of agreement to be executed in connection with affidavit TS-1, shall retain of such silver so delivered fifty percent, as seigniorage and for services performed by the government of the United States, and the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. Any fractional part of one dollar due hereunder shall be returned in any legal tender coin of the United States.

Article 5. Records and reports. -- Every person delivering silver under these regulations shall keep accurate records of all silver mined or acquired subsequent to December 21, 1933, and such records shall be available for examination by a representative of the Director of the Mint for at least one year after the last delivery.

Such person shall file with the Director of the Mint, on or before the twenty-fifth day of each month after the date the first delivery is made, a report covering the period of the preceding calendar month, provided that the first report shall cover the period from December 21, 1933, to the end of the calendar month preceding the date of the report. Such report shall be executed under oath before an officer duly authorized to administer oaths and shall be made on form TS-3 and shall contain all of the information called for in such form. Every person delivering silver which has been mixed with secondary or foreign silver or both at a smelter or refinery, other than that of the person making the delivery, shall file with each delivery of such silver an agreement properly executed under oath by a duly authorized officer of such smelter other smelter or refinery that records will be kept and reports will be filed as provided in this article, and that such records will be available for

examination by a representative of the Director of the Mint for at least one year after the last delivery.

Article 6. Forms. -- Any form, the use of which is prescribed in these regulations, may be obtained at any United States mint or assay office or at the Treasury department, Washington.

Article 7. Revocation or modification. -- The provisions of these regulations may be revoked or modified at any time.

This proclamation shall remain in force and effect until the thirty-first day of December, 1937, unless repealed or modified by act of Congress, or by subsequent proclamation.

The present ratio in weight and fineness of the silver dollar to the gold dollar shall, for the purposes of the proclamation, be maintained until changed for further order or proclamation.

Notice is hereby given that I reserve the right by virtue of the authority vested in me to revoke or modify this proclamation as the interest of the United States may seem to require.

Article 1. Silver Which Will Be Received. -- The United States coinage mints, under the conditions hereinafter specified and subject to

the appropriate regulations governing the mints, will receive silver which any such mint is satisfied has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof. Such mints will also receive silver which forms a part of a mixture of domestic, secondary, and foreign silver provided such mints are satisfied that the aggregate amount of such mixture so received does not exceed the amount thereof which has been mined subsequent to December 21, 1933, from natural deposits in the United States or any place subject to the jurisdiction thereof.

Article 2. Affidavits. -- Any individual, partnership, association, or corporation, hereinafter referred to as "person" delivering silver under the provisions of the proclamation of December 21, 1933, shall accompany each such delivery with a properly executed affidavit on form TS-1 and supporting affidavit or affidavits of the miner or miners on form TS-2, containing the information called for in such forms and executed under oath before an officer duly authorized to administer oaths.

Article 3. Evidance which may be demanded. -- Persons delivering silver under the provisions of these regulations shall furnish such further evidence as may from time to time be requested by the superintendent of any mint, including affidavits and sworn abstracts from books of account of any mines or any or all smelters or refineries handling such silver.

Article 4. Settlement for silver delivered. -- The director of the mint, pursuant to the voluntary consent of the depositor as required in the form of agreement to be executed in connection with affidavit TS-1, shall retain of such silver so delivered fifty percent, as seigniorage and for services performed by the government of the United States, and the balance of such silver so received, that is, fifty percent thereof, shall be coined into standard silver dollars and the same, or an equal number of other standard silver dollars, shall be delivered to the owner or depositor of such silver. Any fractional part of one dollar due hereunder shall be returned in any legal tender coin of the United States.

Article 5. Records and reports. -- Every person delivering silver under these regulations shall keep accurate records of all silver mined or acquired subsequent to December 21, 1933, and such records shall be available for examination by a representative of the Director of the mint for at least one year after the last delivery.

Such person shall file with the Director of the mint, on or before the twenty-fifth day of each month after the date the first delivery is made, a report covering the period of the preceding calendar month, provided that the first report shall cover the period from December 21, 1933, to the end of the calendar month preceding the date of the report. Such report shall be executed under oath before an officer duly authorized to administer oaths and shall be made on form TS-3 and shall contain all of the information called for in such form. Every person delivering silver which has been mixed with secondary or foreign silver or both at a smelter or refinery, other than that of the person making the delivery, shall file with each delivery of such silver an agreement properly executed under oath by a duly authorized officer of such other smelter or refinery that records will be kept and reports will be filed as provided in this article, and that such records will be available for examination by a representative of the Director of the mint for at least one year after

the last delivery.

Article 6. Forms. -- Any form, the use of which is prescribed in these regulations, may be obtained at any United States mint or assay office or at the Treasury department, Washington.

Article 7. Revocation or modification. -- The provisions of these regulations may be revoked or modified at any time.

H. Morgenthau, Jr.,
Acting Secretary of the Treasury.

This is in explanation of your letter of August 22 pertaining to a difference in ounces of "unrefined silver" as indicated on vault seals in the Superintendent's account ~~custody~~ and the total reported on our Activity Report. for June 1957

Tot total of 4,247,593.18 ounces carried in the Superintendent's ~~custody~~ account agrees with our records. Howdver, the M & R is carrying 2,236,359.69 ounces which they advise have to be processed thru the refinery.

This makes a gross net total of 6,483,952.87 troy ounces of silver to be processed. The differente of ~~7,480.89~~ 11,694.33 ounces between this figure and the total of 6,495,647.20 is explained by the M & R as being in custody of the Assayer, and will probably all be used up in that division. Dear Mr. Maurello:

This is in reference to your letter of March 31, 1967, regarding the 8.12 troy ounces of gold in melted form deposited by you with the Denver Mint and regarding your application for a Treasury Department gold license.

As stated in my letter to you of March 20, 1967, the gold in question is not eligible for purchase by the United States, therefore, you will have to advise this office of the name of a refiner of your choice to purchase the gold.

With respect to your application, you were informed that this office is not prepared to issue a Treasury Department gold license to you at the present time as you have not established to our satisfaction that you can process gold bearing material.

In your letter you also request information concerning the purchase and sale of silver by the Mint. The Act of July 23, 1965, Public Law 89-81, 89th Congress provides in Title I, Section 104 as follows:

> "The Secretary shall purchase at a price of $1.25 per fine troy ounce any silver mined after the date of enactment of this Act from natural deposits in the United States or any place subject to the jurisdiction thereof and tendered to a United States Mint or Assay Office within one year after the month in which the ore from which it is derived was mined."

The Mints and Assay Offices will also purchase silver which forms an integral part of a gold deposit.

Silver other than that mentioned above cannot be purchased by the Mints and Assay Offices, although it may be disposed of freely on the open market.

At the present time the Treasury is not selling silver to individuals. However, silver certificates may be redeemed at the United States Assay Office, New York, New York 10005 and at the United States Assay Office, San Francisco, California 94102, for return in the form of silver bullion.

Enclosed are copies of the Instructions of the Secretary of the Treasury of July 23, 1963 and a statement of March 25, 1964, which set forth the procedures for obtaining silver in bars and granules.

Very truly yours,

Dear Miss Adams:

Enclosed is a letter from Mr. Tony Maurello, 641 South 12th Street, San Jose, California 95112. This letter covers two subjects, one a request for a gold license and the other refers to 8.12 troy ounces of gold in melted form received from him.

When this gold was received it occurred to us that this might have been recovered from a mining operation and therefore sent Mr. Maurello Form TG-19 to be completed. Since the gold was in melted form TG-30 was also sent.

Also enclosed are two copies of the receipts from Engelhard Industries, Inc., enclosed with his letter in which he requests us to return to him.

From the information available it appears to us that Mr. Maurello's deposit was composed, at least in part, of the gold which he purchased from Engelhard. It would seem strange to us that a private refiner would sell such gold to a private party for experimental purposes.

Will you please let us have your instructions as to disposition of this material.

Very truly yours,

Dear Madam:

We have a letter from Ilah Hawkins Estes advising that you are unable to execute Form TG-19 regarding 1.39 troy ounces of gold. We are therefore unable to purchase same. If you will send us 36 cents in postage stamps this material will be returned to you.

Although we do not recommend anyone in particular Mr. Carl Blaurock, 2373 Ash Street, Denver, operates under a Treasurer's License and would be able to purchase this gold. We cannot guarantee any price.

Please advise us if you wish it returned or delivered to Mr. Blaurock.

Dear Sir —

Your letter with enclosed blanks received + my sister-in-law brought them to me to be filled out.
I do not have the answer to these questions, so am returning them to you, with following information.
My younger brother, C. M. Hawkins, who had been a miner for many years, died in 1958. He had been operating some leases near Nevada City, Calif. at the time, one of which was called Morning Glory lease. Shortly before his death he had taken in a partner, who sent me his personal effects, which included this small package. Inside was a notation 12 DWT - which had no meaning for me, but may to you. His partner has since died — so I have no way of giving you any further information on this.

I am 77 years of age - have a heart condition, + am trying with the help of Mrs. Staffard to settle my personal affairs.

If, with the information I have given, you are still unable to send payment, please return it to Mrs. Staffard (postage COD).

Yours Truly

Dear Madam:

We are in receipt of the material mentioned in your letter of September 19, 1966.

The total weight of the lot is 1.88 troy ounces including the teeth. Although it is impossible for us to determine in advance just what the gold will weigh without first removing the teeth, it would appear that this material would not produce the minimum ounce of gold required. The gold purchased, of course, would have to weigh almost one and one half ounces to produce one ounce of pure gold since dental gold is alloyed with other metals.

This can only be determined by breaking the teeth from the metal. If you desire us to do this, please let us know. However, if we find the deposit unacceptable we could either return it to you upon receipt of the proper postage or deliver it to Mr. Carl Blaurock, 2373 Ash Street, Denver, Colorado, who has a license to handle gold which is not acceptable at the Mint.

Please let us have knowledge of your wishes.

Dear Madam:

In answer to your letter of September 19, please be advised that deposits to be acceptable at the Mint must contain at least one ounce of fine gold. We do not know what your dentures weigh nor what portion consists of teeth. There would have to be considerable gold in order to qualify as a deposit.

We might also say that the teeth cannot be returned since they would be either melted with the deposit or broken off before melting.

Dear Madam:

We have carefully noted your two letters of November 6 regarding material sent to this office as well as both copies of TG-21.

When a Form TG-21 is filed, it is necessary that the supplemental sheet also be executed. In your case, it does not seem possible for you to answer the questions on the supplement.

As explained in your letter, the various kinds of material were purchased by your late husband from various parties, and it is impossible to say where these parties obtained same. We, therefore, regret that the Mint cannot accept this deposit.

Our only suggestion is that you dispose of same to a private source. Although we do not recommend any particular firm, we might say that Mr. Carl Blaurock, 2373 Ash Street, Denver, operates under a Treasury license and makes purchases of gold from time to time.

If you wish the material returned to you, we can send it via REA Express, shipping charges collect. Should you prefer that we turn it over to Mr. Blaurock, please instruct us to this effect.

Although it appears that some of the material consists of natural grains, etc., other portions seem to consist of considerable material other than gold.

Very truly yours,

Dear Sir:

My late husband, Jess Willard, was interested in several mining claims in Nevada in 1949-1950 and 1951. At that time, he purchased two nuggets and five bottles of gold from different sources. After his death on April 9, 1953, this gold was put away in a safety deposit box and practically forgotten. I'm not sure I can properly answer every question to enclose with Form TG-21. These statements are true and correct to the best of my knowledge.

No. 1, 2, and 3 were purchased from Dr. Wallace Calder of Winnemucca, Nev. and the price paid to him was $615.00

No. 4 and the two nuggets were purchased from Edward R. Larson and Maurice Constant, listed as the Magic Mines, Inc. of Reno, Nevada Price 570.00 & 270.00

No. 5 was purchased from Mr. A. H. Goody of 204 E. Ada, Glendora, Calif. and the price was $76.58.

I'm sure the prices paid to Mr. Larson and Mr. Constant are incorrect according to the weight of the gold, but that was the amount recorded in my records.

Our local postmaster weighed these bottles and nuggets for me and the weight is merely approximate.

Dear Madam:

Deposits to be acceptable at the Mint must contain at least one ounce of fine gold. Since the two nuggets received from you weigh only .45 of a troy ounce, you can readily see that it cannot be accepted.

We would suggest that you either send us additional material or send us 28¢ in postage stamps so it may be returned to you.

Although we do not recommend any particular person, Mr. Carl Blaurock, 2373 Ash Street, Denver, has a Treasury license to buy material of this kind.

Dear Sir:

We are pleased to give you the information requested in your letter of

July 26, 1965

Deposits of gold, to be acceptable at the Mint, must contain at least one-tenth of their weight in gold, with enough additional gold or silver to make at least one-fifth of their weight in these metals, so that there will not be more than four-fifths of their weight in base metal. However, scrap silver may not be included, as the Mint does not purchase this. A deposit must contain not less than one troy ounce of fine gold. No payment is made for any platinum contained in a deposit.

As to the limitations regarding deposits of scrap gold, and the quantity of such material which anyone is permitted to hold without a license, we wish to call your particular attention to Section 54.18 and 54.21 of the Gold Regulations. Please note that the provisions of Section 54.21 apply only to those engaged in an industry, art or profession. Each deposit of scrap gold must be supported by one copy of form TG-22, properly executed and signed.

Deposits of mining gold, to be acceptable, must be free from earth and stone, or nearly so. We would suggest that you read Section 54.19 of the regulations. If the gold has been retorted, it must be free from mercury, or nearly so. While a depositor is entitled to retort gold which he has mined, he is not permitted to hold more than 200 troy ounces of fine gold in that form at any time without a Treasury Department gold license. No gold of this type may be melted, smelted, or refined or otherwise treated by a chemical or electrical process without a license. Each such deposit must be supported by one copy of form TG-19, properly executed and signed.

The price paid for gold accepted for deposit by the Mint is $35 per troy ounce of fine gold. Charges deducted are one-fourth of one percent of the gold value, plus parting and refining charges, which are usually small, and a melting charge. A check in payment will be mailed when the deposit has been melted, assayed, and the value determined.

Copies of statements appropriate to your type of deposit are enclosed. If you have any further questions about making deposits, or in regard to the Gold Regulations, please do not hesitate to write us.

Very truly yours,

Gentlemen:

After reading your notation on our letter of May 28, it appears that Forms TG-30 are not necessary in your case.

We would be willing to accept your deposit weighing 1.11 troy ounces accept for the fact that it will not meet the minimum Mint requirement of one ounce of gold or gold and silver combined. You can readily see that since the material submitted is approximately 14 karat fine, you would have a gold content of slightly over 1/2 ounce.

If you will send us 28¢ in postage stamps, we will return this material to you.

On the other hand, if you wish it delivered to a private refiner, we can do so. Mr. Carl Blaurock, 2373 Ash Street, Denver, has a Government license and is authorized to receive gold of the type covered by these bars. Although he has been out of the city, it is our understanding that he will return some time this month.

Will you please let us have your instructions.

It is noted from Form TG-22 accompanying this material that you do a little jewelry repairing and that this is an accumulation over the past 10 years.

Unless a person is engaged in an industry, art or profession requiring the use of gold, it is a contravention of the Gold Regulations to melt gold. Dear Sir:

Enclosed please find a revised copy of the items forwarded by your office to the U. S. Mint.

This package was received in good order, opened and verified by the two, whose signatures appear on the copy, and they find 2994 small medallions silver gold plated and not 3016 as listed, this makes a shortage of 22 pieces.

Please forward instructions if you are agreeable to process on the above findings.

Dear Madam:

Reference is made to your letter of August 14, 1970, regarding small medallions, covered by our case number 6173(818-H), submitted to your office by registered mail package No. 205, August 5, 1970.

At the time of seizure the medallions were counted and the total of 3,016 was accepted without recounting to assure the total. This total was carried throughout all paper work, including inventory, as it did not seem necessary to recount them.

Since the medallions were submitted to your office in the same bag they were seized and since it is possible that they were miscounted, you are hereby authorized to process the 2,994.

Dear Mrs. Higby:

A determination has been made that the ninety (~~90~~ 83 DE) gold coins, two (2) gold medals and twenty-two (22) nuggets together with bezels and jewelry items delivered to you by the Bureau of Customs, Hidalgo, Texas, may be received as a deposit.

Since this gold was forfeited to the Government and is now owned by the United States, settlement should be made therefor on the basis of $35 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to the Bureau of Customs and forwarded to the Port Director of Customs, Hidalgo, Texas 78557.

Sincerely,

Mary Brooks
Director of the Mint

Note: This regular deposit covers only Jewelry scrap, Gold nuggets, + gold fillings.

Gold coin + medals become C-6.

Dear Sir:

Enclosed please find a revised copy of the items forwarded by your office to the U. S. Mint.

This package was received in good order, opened and verified by the two, whose signatures appear on the copy, and they find 2994 small medallions silver gold plated and not 3016 as listed, this makes a shortage of 22 pieces.

Please forward instructions if you are agreeable to process on the above findings.

Sincerely,

Dear Madam:

Reference is made to your letter of August 14, 1970, regarding small medallions, covered by our case number 6173(818-H), submitted to your office by registered mail package No. 205, August 5, 1970.

At the time of seizure the medallions were counted and the total of 3,016 was accepted without recounting to assure the total. This total was carried throughout all paper work, including inventory, as it did not seem necessary to recount them.

Since the medallions were submitted to your office in the same bag they were seized and since it is possible that they were miscounted, you are hereby authorized to process the 2,994.

Sincerely,

R. D. Snowball

Dear Mrs. Higby:

This is in reply to your letter of April 14, 1970 concerning one (1) mutilated ten dollar gold coin of United States issue sent to you by Western Security Bank, State Street Office, P. O. Box 2246, Salem, Oregon.

Since it appears that the mutilated gold coin has been reduced below the limit of tolerance it cannot be redeemed at face value. Therefore, payment is to be made at the rate of $20.67 per fine troy ounce. The check is to be made payable to Sharon Bridges and forwarded to Western Security Bank, Salem, Oregon.

This letter rescinds my letter dated April 27, 1970, regarding this matter.

Sincerely,

Lory C. Colvard

Dear Mrs. Brooks:

We have received by mail one (1) mutilated ten dollar gold coin from Western Security Bank, State Street Office, P.O. Box 2246, Salem, Oregon 97308.

The gold coin received shows evidence of partial melting around the edges.

We are enclosing a copy of the bank's transmittal (Collection No. 1496, dated April 8, 1970) which indicates their customer is a Sharon Bridges.

In addition to being partially melted, subject coin also shows signs of contamination, and would have to be melted and assayed by us for payment determination, if authorized.

Kindly let us have your instructions for handling.

Sincerely,

OTHER TERMS AND CONDITIONS:

Shipping Instructions and/or specifications to be given by buyer and received by seller on or before the tenth day of each month of shipment; if received later, shipment to be made at convenience of seller. As to the quantity of product to be shipped in any month, if shipping instructions and/or specifications are not received within thirty days after the tenth of the month of shipment seller may, at its option, cancel the sale, or sell such quantity for buyer's account.

Seller's weights on shipments shall govern.

If shipments are not specified by the buyer for shipment during the month specified in the contract, the metal shall be invoiced on the last day of each month for payment as though shipped on that day.

Each shipment to be considered a separate sale.

Payment to be made in New York funds. If payment is not made when due and as above provided, seller may at its option cancel this contract as to portion unfilled. Buyer hereby represents that it is solvent.

Material delivered under this contract shall conform to the above description in accordance with standard specifications of the American Society for Testing Materials which shall govern all claims for alleged defects. THERE ARE NO OTHER WARRANTIES, OF MERCHANTABILITY OR OTHERWISE, EXPRESS OR IMPLIED. In the event of breach of the warranty expressed herein, Buyer's exclusive remedy, and the limit of Seller's liability for such breach, shall be the damages provided by the applicable ASTM Standards. Seller shall have no obligation under the warranty expressed herein unless written notice specifying any alleged defect is received by Seller having been sent by Buyer within thirty days after receipt of the material at Buyer's plant or storage facilities, or promptly after such other date Buyer can establish as the earliest date on which such defect could have been discovered with reasonable diligence.

It is agreed that in no event of breach, whether due to non-delivery, breach of warranty or other cause, shall Seller be liable for any special or consequential damages.

Shipments hereunder are subject to strikes, fires, floods, wars, delays, or interruptions in transportation by rail or water, requirements or regulations of Government, and all other disabling causes without regard to the foregoing enumeration beyond seller's control; and this contract shall be deemed suspended so long as any such cause prevents or delays its execution.

Any increase in effect at time of shipment over present freight rate from point of shipment to point of destination stipulated herein to be for buyer's account.

Any sales or other tax in respect to this document or transaction or the product specified, imposed by the United States, or any State, County, City, Municipal Corporation or other political subdivision thereof, if paid or required to be paid by seller, shall be added to the price payable by buyer.

No acknowledgment, acceptance or any other communication by buyer shall modify, alter or waive any terms or conditions contained herein, unless accepted in writing signed by an executive officer of seller.

If car has end doors they should bear seals unless locked or nailed on inside. In case of shortage, send seal record with freight bill, the latter bearing railroad agent's endorsement of actual number of pieces delivered. Unless these steps are taken, claims for shortage will not be entertained.

Dear Mr. Davis:

This is in further reference to your letter of October 25, 1968, and to your letter of December 7, 1968, regarding your shipment to the Denver Mint of a piece of metal you describe as pure gold.

In our letter of December 2, 1968, we asked you to advise this Office of the name and address of the company from whom you purchased this gold and the date such purchase was made. We were referring to the company where you were employed for five years (as stated by you in your letter of October 25, 1968) and from whom you acquired the gold in question, which you stated was scraped off of an electrode which was used by this company in the electroplating of contacts.

In addition to the above requested information which must be furnished to this Office before we may authorize the Mint to release the gold for sale, you are also requested to advise this Office whether or not you melted the scrapings before sending them to the Federal Reserve Bank of St. Louis.

Sincerely yours,

Mrs. Marian M. Rosmiller,

Regards to your letter dated 10-25-68

The gold was obtained out of a plating Electrode bath which is used to plate contacts in connectors, for use in the missel aero space programs, which is 100% nil-std-gold (equiv.) 999.9 % =Value. I worked for this company for 5 years when the Electrode was changed or flushed out, I scraped the gold off of the Electrode which would normally be eaten of with a hydro acid bath. My intendions were to melt it down and make a new gow broke statue which my great grandfather did in the gold rush days and passed them down thrue the family. which in my case I've gone broke just. The gold is worth 35.00 per oz but no one in Springfield has that much money, so I have fawarded to your banks, I do not have a gold banks card. However a banks of your capacity and the U.S. dont begine they cant use it send it back to me C.O.D.

If you know of a refinery with a record of honesty and knows how to handle precious metals, forward it to them. I'm not trying to increase our gold supply I'm only interested in $630.00 with it's approx. value.

We are in receipt of a package containing material and a letter from the Federal Reserve Bank of St. Louis, Missouri.

This material and their letter, dated October 8, 1968, was returned to you and you in turn forwarded both to the U. S. Mint, Denver.

As no instructions were received, we are at a loss to know if you are offering this material for deposit or if you desire a bullion assay.

The purchase of gold was discontinued, by the Government, at the close of business March 15, 1968.

Please forward information as to the origin; how possession was obtained and if you hold a valid Treasury Gold License and the number.

This material is being held intact until we receive this information.

Dear Mrs. Higby:

A determination has been made that the five (5) 5-pesos Mexican gold coins and the ten (10) 50-pesos Mexican gold coins forwarded to you by the Bureau of Customs, Nogales, Arizona, may be accepted as a deposit.

Since these coins were forfeited to the Government and are now owned by the United States, settlement should be made therefore on the basis of $35 per fine troy ounce, without making a deduction for handling or other charges.

The check is to be made payable to the Bureau of Customs and forwarded to the District Director of Customs, P. O. Box 670, Nogales Arizona 85621, citing District Case No. 2608-10049 (Charles Q. Jones and Harold Short) as reference in your transmittal.

We are enclosing the copies of new Form TG-22 as requested.

In order for us to submit your request to the Bureau of the Mint for approval, which is necessary in the case of all Section 54.21 operators, it will be necessary for your exchange gold to be in the Mint's possession not later than December 31, 1969.

Sincerely,

Charles M. Miller

Dear Sir:

Your gold exchange deposit (No. 28) is ready, and we will need the following from you before shipment:

Money Order or Cashier's Check for $37.22, payable to Superintendent, U.S. Mint. This is to cover charges.

$5.37 in large denomination postage stamps, to cover shipment of your gold by registered airmail parcel post.

We melted 125 gross troy ounces of your filings for exchange purposes, and your return amounts to 52.955 fine troy ounces. In addition to your exchange gold, you will receive a check for $12.52 covering 24-cents difference on gold and $12.28 for the silver contained in the melted portion of your deposit (7.14 fine troy ounces).

As you were advised on September 5, 1969, your material, when originally weighed, amounted to 260.15 gross troy ounces altogether, including filings, silver and plastic bag. Final before melt weight on December 16th showed a moisture evaporation loss of .73 gross troy ounces.

We will hold the unexchanged balance of your material, detailed as follows:

126.72 gross troy ounces filings (if no further moisture loss)

7.70 gross troy ounces silver and plastic bag

until we are advised by our Washington headquarters of the name and address of the licensed refiner to whom you wish to sell this balance. You should write to them of your desires in this matter, addressing your letter to Director of the Mint, Washington, D. C. 20220. As soon as we have their further advice, we will advise you of postage requirements, etc.

For your information, the finenesses of the material melted by us for exchange were: Gold 563, Silver 076.

Sincerely,

Charles M. Miller

Dear Mrs. Higby:

This is in reference to a deposit of scrap gold being held by you for the account of Mr. Ed Benjamin of San Diego, California.

Inasmuch as Mr. Benjamin is operating under Section 54.21 of the Gold Regulations, you are hereby authorized to process this gold and exchange the scrap for bullion, not to exceed approximately 50 fine troy ounces.

The remainder of the gold must be sold to a licensed refiner and therefore should be held by you until Mr. Benjamin has advised this office of a licensed refiner to whom he desires the gold sold, at which time we will authorize you to release the gold to such refiner.

Sincerely,

Ray C. Cahoon

NOV 25 1969

Mr. Ed Benjamin
Ed Benjamin & Sons, Inc.

San Diego, California 92101

Dear Mr. Benjamin:

This is in reference to your letters of October 17 and November 13, 1969, concerning your deposit of 260 ounces of scrap gold with the Denver Mint.

Inasmuch as you stated that you have been operating under Section 54.21 of the Gold Regulations for a number of years, you should be familiar with the prohibition on holding gold containing more than 50 troy ounces of fine gold content, as set forth under Section 54.21(b)(1) of the enclosed Gold Regulations. Your deposit contains more than 50 fine troy ounces of gold and you are, therefore, in violation of the Gold Regulations. Since it appears that the violation was unintentional we are authorizing the Mint to exchange up to 50 troy ounces fine gold content of scrap gold for an equivalent amount of gold bullion. The remainder of the scrap gold must be sold to a licensed refiner. If you will advise us of the name and address of a licensed refiner to whom you desire to purchase the gold, we will authorize the Mint to release it to them.

You are cautioned that under Section 54.11 of the Regulations any gold held in violation of the Gold Regulations is subject to forfeiture and the offender is subject to a penalty equal to twice the value of the gold.

Sincerely yours,

(Signed)Thomas W. Wolfe

AIR MAIL

Ed. Benjamin and Sons
516 "E" Street
San Diego, California 92101

Attention: Mr. Ed. Benjamin

Dear Sir:

The material received from you (bench filings), you report on your Form TG-22 the weight to be 280 ounces. The estimated fineness to be 40 per cent and the estimated gold content in fine troy ounces to be approximately 120.

This material was carefully weighed by two employees on our balance, which is inspected daily by our scale men. We find the filings to weigh 252.45 troy ounces and the silver including the plastic bag weighing 7.70 making the total of 260.15 troy ounces.

Under Section 54.21 of the Gold Regulations, you are permitted not to exceed, at any one time, 50 fine troy ounces. Since you are in contravention of these regulations, we are unable to exchange material pertaining to more than this limit in any one calendar month for deposit.

If you desire an application for a Government Gold License providing for excess limits write Director, Office of Domestic Gold and Silver Operations, District National Bank Building, 1406 "G" Street N.W., Washington, D. C. 20005.

If you desire for us to exchange part of your material not to exceed the 50 fine ounce limitation, it will be necessary to execute a new TG-22.

Sincerely,

(Mrs.) Betty Higby
Superintendent

GMM/st

Sept. 3, 1969.

Mr. Woodrow:

In regard to the Deposit received from Ed Benjamin & Sons, San Diego, Calif.

Their TC-22 states there is a 40% estimated fineness in the deposit.

Upon weighing the deposit it was found to weigh 252.75 g. This would give them 100.980 fine ozs. of gold in the deposit which is in violation of the gold regulations, due to the fact they are operating under Section 54.21 (50/350 limitations).

our instructions from the Director in regard to Benjamin & Sons is that we cannot accept his deposits under these circumstances.

He sent in 7.70 oz of silver which is also not acceptable.

Frank Lovely.
